Junior Olympics Annexed

Two Youngsters Win First and Second Places in Both Divisions

Baker and Baker Triumph Deal Romps to Championships

BY JOHN F. NESS
Times Staff Representative

ATLANTIC CITY (N. J.) July 11. Los Angeles and Southern California all honors, first and second place in both junior and senior divisions, in the national finals of the Junior Olympic games which closed here today.

Robert San Jose of San Pedro is the new national Junior Olympic champion in the senior division, and Vane Baker of Huntington is the new national champion in junior class.

ANNEX LAURELS

Two more take the laurels won here by John Falcon of Azusa and Hollis Pollock of San Diego. Southern California's name is on the lips of thousands who promenade the famous boardwalk, who viewed the remarkable athletic performances of the young athletes in action. For in addition to the championships, Fernando Deal and Jerry Deal both of Los Angeles placed second in the senior public divisions, respectively.

Of the ten competitions, five were won by Southern Californians with one exception. The gold medal to be awarded in the annual meet which will not be held in California was won by Miss Helen Hill of Oklahoma City, and the senior basketball goal throwing event was won by Miss Gabriel Canyon with one foot in January.

Following the victory, the resolution was sent to the Lower House of the convocation where it seems certain of approval, this provoking what authorities of the church and statesmen alike tonight agree is an important step toward disestablishment of the church and state.

The resolution, which substitutes the 1928 prayer book for one that has been in use since the seventeenth century is conciliatory in

(Continued on Pg. 1, Pt. III, Col. 7)

Will Rogers Remarks:

BEVERLY HILLS, July 11. [To the Editor of The Times:] I sho would like to fly to Rome if it just wasn't for one thing, I wouldn't want Mussolini kissing me; I would be afraid he would bite me.

See where the Mayos at Rochester deny that they had anything to do with trying to put the country on grapefruit and lettuce for eighteen days. They say the country is going crazy without their indorsement. Why would the Mayos prescribe a diet. There is more room to operate on a fat person than on a thin one.

Forty-five nations, including the United States, have objected to the new tariff, but not Reed Smoot.

Yours,
WILL ROGERS.

CHURCH IN DEFIANCE

New Prayer Book Authorized

Convocation of Canterbury Ignores Rejection by Parliament

Disestablishment of State Religion in England Forecast by Move

[Copyright, 1929, by Chicago Tribune.]

LONDON, July 11. (Exclusive)—In open defiance of Parliament, the Upper House of the Convocation of Canterbury, ruling body of the Church of England, today voted to authorize the use of the revised prayer book of 1928, which had twice been rejected by the House of Commons.

The resolution was sponsored by Cosmo Gordon Lang, Archbishop of Canterbury, himself, and was passed by a vote of 23 to 4 after a stormy debate in which the primate of the Church of England scored Dr. Ernest W. Barnes, modernist bishop of Birmingham, for his "vehement and provocative language."

Following the vote, the resolution was sent to the Lower House of the convocation where it seems certain of approval, this provoking what authorities of the church and statesmen alike tonight agree is an important step toward disestablishment of the church and state.

The resolution, which substitutes the 1928 prayer book for one that has been in use since the seventeenth century is conciliatory in

REDS POISED TO SPRING

Russian-Chinese Clash Feared

Ousting of 300 Soviets from Railway in Manchuria Produces Crisis

Minor Riots Reported With Harbin Panic-stricken and Business Dead

TOKIO, July 11. (AP)—Rengo dispatches from Harbin, Manchuria, today stated that as a result of the Chinese authorities taking over complete control of the Chinese Eastern Railway today and ordering deportation of more than 300 Russian officials and employees soviet troops in Eastern Siberia are ready to move at a moment's notice toward the Russo-Chinese border.

Tonight's dispatches said that Harbin is in a state bordering on panic and that business is at a standstill. Besides seizing the railway, the Chinese have closed all soviet agencies in North Manchuria and disbanded the Russian labor unions.

Thirty Russian officials were started for the border early this evening and about 300 others must go tomorrow. There were wild scenes at the Harbin station whenever a train pulled out and clashes between police and Russians were reported from many parts of the country.

RELEASE DEMANDED

The Chinese are stated to have taken over control as a counter move to a demand of M. Melnikov, Russian Consul-General at Harbin, for the release of numerous officials and employees arrested during the past day or two by noon today.

The Chinese immediately dismissed M. Emshanov, manager, and replaced him by Fan Chih-Kuang. Other high soviet officials also were dismissed. White Russians being appointed in the place of many of those ousted.

Later dispatches from Harbin said that Chang Ching-Hui, Governor of the Harbin district, handed Melnikov passports for all soviet employees in the Harbin district, demanding their withdrawal from Chinese territory within twelve hours.

SEQUEL OF THREAT

This action in turn was the sequel of a threat in the rupture of relations and the intimation that all soviet officials would immediately leave China. Emshanov was confined to his residence under a heavy guard following upon his forcible dismissal.

It is understood that the Chinese action was the direct outcome of a meeting at Peping between Chang Hsueh-Liang, Governor of Manchuria, President Chiang Kai-Shek and Foreign Minister C. T. Wang, who are reported to have ordered the immediate seizure and full control of the railway.

The new manager issued a statement declaring that in the future White Russians or Russians naturalized as Chinese will replace the soviet employees. It was even reported that Ostroumove, manager of the railway under the Czar, eventually will become manager.

RUSSIA HELD ACCOUNTABLE

Lu Yung-Huang, president of the Chinese Eastern Directorate, issued a statement asserting that soviet Russia is responsible for the future. It follows:

"Five years have elapsed since the Mukden agreement of October 8, 1924, during which soviet violations of the agreement have been so numerous that the Russian actions cannot be construed otherwise than a manifestation of deliberate intention to repudiate the pact.

"Only China's conciliatory attitude has saved the situation hitherto. China repeatedly called the attention of Russia concerning the latter's violations of the 1924 agreement but without avail owing to Russian insincerity. Hence the Mukden agreement is void because of Russian nonobservance.

"Moreover, soviet Communist propaganda through all agencies connected with the railway is proved by documentary evidence seized in the recent raid at the soviet Consulate-General in Harbin. Consequently I am constrained to take the present stringent measures to safeguard China's interests in the Chinese Eastern Railway."

HUGE MILK COMBINE NEAR

Borden Interests to Absorb Fifty-two Concerns; Two in Los Angeles Included

NEW YORK, July 11. (Exclusive)—Announcement of contracts for the acquisition of fifty-two companies by the Borden company and a prediction that the business of the company for 1929 will show an increase over any recent year are contained in a letter to stockholders of the company from Arthur W. Milburn, president, to be sent out tomorrow.

The companies contracted for operate in thirteen States, Canada, and Europe. They are engaged in manufacture and sale of ice cream, cheese, dried milk, butter and milk, sugar and the distribution of poultry, milk, cream and eggs. Among them are the Casein Company of America and its subsidiaries, which manufacture a diversified list of milk products and distribute in the United States, Canada and Europe.

COMPANIES LISTED

The other companies are the Hendler Creamery Company, Inc., the Supreme Ice Cream Company, the Horn Ice Cream Company and the Clover Ice Cream Company, all of Baltimore and adjacent territory.

S. Caulfield and Sons, Ltd., and Caulfield Dairy, Ltd., operating in Toronto and vicinity.

The Bergens Dairy Company, Irving Park Dairy Company, Logan Square Dairy Company, Despiaines Dairy Company, Arlington Heights Dairy Company and Rascher Dairy Company, all milk distributors, and the Central Dairy Products Corporation and subsidiaries, ice cream, operating in Chicago and vicinity.

The Averill Dairy Company, Akron, O.

Trojan Ice Cream Corporation, Troy, Glen Falls, and Hudson, N. Y.

The Plainfield Milk and Cream Company, Plainfield, N. J.

LOS ANGELES CONCERNS

The Mutual Dairy Association and Peerless Creamery Company of Los Angeles.

Standard Creameries, Inc., and subsidiaries operating in Oakland, Sacramento, Stockton, Santa Barbara, Taft, Hayward and Turlock, Cal.

The Maricopa Creamery Company, Phoenix, Ariz.

In announcing that contracts have been entered into for the purchase of these companies Mr. Milburn said: "All companies acquired or to be acquired in 1929 are in the interest of an improvement of existing business; the entrance into new territory having marked potentialities; or a further product diversification, all within the dairy industry.

DAWES LIFTS SMOKING BAN FOR VISITORS

Ambassador Orders Sign Removed in Waiting-Room of London Embassy

(Copyright, 1929, by Press Publishing Company and New York World.)

LONDON, July 11. (Exclusive)—Ambassador Dawes today abolished the nonsmoking rule which has been in force in the waiting-room in the American Embassy here under several previous ambassadorial regimes and which has been proclaimed by a printed and framed sign standing on a mantelpiece in that room.

The matter was brought accidentally to Ambassador Dawes's attention this afternoon when a visitor, after watching the Ambassador puff his famous underslung pipe for some time, asked permission to smoke.

"Certainly, go right ahead," said Mr. Dawes.

The visitor then explained that he thought the nonsmoking rule in the visitors' waiting-room might also apply to the Ambassador's office. Mr. Dawes protested that he never had noticed the sign, had not heard of any rule against smoking there, and immediately would give orders for removal of the sign and for rescinding of the rule.

English Post to Bar Liquor Ads

LONDON, July 11. (AP)—The Labor government has decided that liquor advertisements shall be excluded from postoffice buildings and publications as soon as provisions of existing agreements permit.

The decision was made known today in a written reply to questions in the House of Commons on the subject by the Postmaster-General.

The revenue at present derived from such advertisements is about $20,000 annually.

NEW CHICK DECLARED WINGLESS

Omaha Poultry Fancier Announces Development of Efficiency-Type Fowl

OMAHA, July 11. (AP)—The modern trend toward increasd production has hit the egg industry, with it has come a new type chicken—without wings or toenails.

Dr. R. T. Renwald, Omaha poultry fancier, announced today that after five years' experimentation he has succeeded in producing a brood of such chickens.

Normal hens, said Dr. Renwald, are bothered each year with the molting of their wing feathers and during this period egg production falls off. The new type hen, having no wings, can keep right on laying the year around, producing on the average, Dr. Renwald hopes, 300 eggs a year.

In addition, the new chicken will be easier to keep in a yard since she can't fly or scratch. An eighteen-inch fence will do.

King Receives Official Visitor

LONDON, July 11. (AP)—After spending the morning in the gardens of Buckingham Palace in the bright sunshine, King George received his first official visitor since postponement of his journey to Sandringham.

Jack Hayes, Vice-Chamberlain of the household, wearing morning dress, handed to the King the address from the House of Commons in reply to the speech from the throne.

Flyer Cheats Death Twice

DEFUNIAK SPRINGS (Fla.) July 11. (AP)—Jack Morris, 24-year-old airplane pilot, fell unconscious when lightning struck his plane today and he escaped unharmed.

He ran into a rain squall at about 1000 feet and lightning struck the motor. The next thing he remembered, he said, was picking himself up out of the wreckage. The plane was destroyed.

Child Drowns in Inundated Kansas Home

McPHERSON (Kan.) July 11. (AP) Roberta Audrey Orange, 11 years of age, was drowned here late today while wading in the yard of a home partially inundated by flood waters.

TOPEKA (Kan.) July 11. (AP)—A report from Sterling late tonight said Cow Creek had broken over its banks and was flooding the city. The stream was reported to have raised four inches in an hour, flooding the main street. Merchants were moving their stocks from downtown stores.

KING CREATES TWO PEERS

LONDON, July 11. (AP)—Peerages were conferred by King George today on Sir William Warrender Mackenzie and Sir George Croydon Marks.

TEST FLIGHT KEEPS GOING WITH 234 HOURS PASSED

Motor Trouble Overcome and Pilots Set Goal in Man-Machine Race at Two Weeks

Man still reigned supreme over his own invention this morning as Pilots Loren W. Mendell and R. B. Reinhart continued to sharpshoot the hours off the clock from the cabin of their Buhl endurance plane Angeleno over the Culver City Airport where they had stuck by the controls of the ship for 234 hours at 1:30 o'clock.

Machinery gave the first signs of faltering yesterday in the flight which has turned into a duel between steel and muscle as plane and pilots stayed together, building a record which has centered the eyes of the nation on Southern California.

"A little trouble with the oil pump last night. Motor a trifle noisy but not bad."

That was the note spun from the biplane by the flyers which for a time forecast an early grounding of the plane and its masters.

MOTOR IMPROVES

But throughout the day and into the night the busy 220-horsepower Wright Whirlwind sent out its smooth rhythm and at dusk it was ticking away with the noise mentioned in the note on the wane.

Fair weather was promised by field forecasters as the refueling ship went aloft at dusk and gave the Angeleno its maximum fuel supply and the flyers their dinner.

Fog that has dogged them off and on during the flight had failed to confront the new endurance kings at a late hour last night. They had outridden banks of it the night before and brother flyers said a low ceiling might prove the final strain that already-taut nerves could stand.

FIRST MISHAP

The first mishap during the thirty-five refueling contacts of the Angeleno and its "nurse" ship, the Carrier Pigeon, occurred yesterday.

While the last few gallons of gasoline were slipping down the refueling hose a sudden air bump jerked the hose from Reinhart's hands and a spray of the fuel was whipped backward by propeller blasts.

Ground observers gasped and believed the gallant flight was about to end tragically, but Paul Whittier, at the controls of the refueling plane, sideslipped away and the dangling hose whipped clear of the Buhl's tail flippers.

The final refueling contact of the day, however, went off with clock-like precision as 200 gallons of gas shot into the Buhl's tanks and a sack of food was angled through the trap-door atop its fuselage, according to Bob King, one of the flyers' friends, who went aloft to see the transfer.

FOG NOT FEARED

Although a slight fog was sighted far at sea at midnight last night, it failed to perturb the two men aloft. They switched on their red, green and white navigating lights and continued 'round and 'round the powerful Kilez and Neon beacons at the airport and a revolving, varicolored light on the roof of the Sunset Fields public golf course clubhouse adjacent to the airdrome.

An official barograph in the plane will last until the flight ends, it was stated by Joe Nikrent, official timer of the National Aeronautic Association.

Mendell and Reinhart sat side by side at the controls in the nose of the ship when the Carrier Pigeon went aloft at dusk. Reinhart sat smoking a cigarette while Mendell smoothed out the bumps at the controls. They were shirtless and bearded as they peered from their little glass windows to wave a cheery greeting to visiting planes.

PRIZES AWAIT THEM

Their smiles came not only from the knowledge that they are supreme in their cinch on the world's endurance record, but that many prizes, cash and presents, will be their when they land.

The men will be presented with a $13,500 new Buhl plane now on its way here from Michigan; they will receive $1000 each from the Wright Aeronautical Corporation and a $500 total from Grosvenor Inglis Corporation, developers of the Culver City Airport district.

As the pilots flew into the last twelve hours of their tenth day aloft they had traveled more than 18,000 miles—far enough to carry them nearly around the world. Their motor had consumed 2700 gallons of gasoline and its propeller had revolved 22,275,000 times.

ISSUE WARNING

Although the endurance kings now are shooting at the 300-hour mark as only a milestone in their indefinite goal, they evidenced in a

(Continued on Page 2, Column 4)

NEW PERIL DISCLOSED

Rare Affliction Stirs Doctors

Deadly "California Disease" Discussed at Medical Convention

Similar to Tuberculosis and Most Known Cases Found in This State

BY WATSON DAVIS
Managing Editor "Science Service"

PORTLAND (Or.) July 11. (Exclusive)—A relatively unknown disease often confused with tuberculosis and fatal in at least seven out of ten cases is stirring the physicians attending the American Medical Association meeting here and causing them to predict that it will be found widespread throughout the country as soon as doctors learn to recognize it.

California disease is the common name applied to it, in compliment to the State in which all except a dozen or so cases have been found. Coccidioidal granuloma is the scientific name given because of the egg-shaped spores of fungus causing it.

ONLY FEW CASES

It is really a new disease despite the fact that seven scientific reports and exhibits here describe it, and the guilty causative organism was first found more than thirty years ago by a German doctor in the Argentine. Most doctors have never seen nor heard of it, only 182 cases are recorded, and most often it has been found in California's San Joaquin Valley. Because Mexicans seem particularly susceptible, it probably exists unrecognized in Mexico.

Its victims often die within four months after they pick up the infection from the soil or perhaps some plant. The invading fungus, coccidioides immitis, as Dr William Ophuls, now dean of Stanford medical school, named it in 1900, probably enters through the skin or with air breathed. But the exact method of infection is unknown as yet.

MAY BE WIDESPREAD

Because it looks like tuberculosis lesions of skin and lungs, California disease may exist undetected throughout the world. Such was the history of tularemia, popularly known as rabbit fever, from its chief source of infection. Only a few years ago, before Dr. Edward Francis of the United States Public Health Service discovered and studied tularemia, it was rare and unknown. Now it is recognized in most of the United States and even Russia.

Several Mexican laborers suffering from the new California disease are on exhibit before doctors as patients of Drs. W. T. Cummins, San Francisco; Joseph K. Smith, Bakersfield, and C. H. Halliday of Baltimore, whose demonstration won a bronze medal. Other physicians discussing the disease are: Drs. Newton Evans and Howard A. Ball of Los Angeles; Dr. D. Shuyler Pulford, Woodland, Cal., and Dr. H. P. Jacobson, Los Angeles. Dr. Zera E. Bolin, San Francisco, announced that California pathologists are issuing a description of the disease as a warning to other parts of the country.

Women who remain childless despite their desire for children sometimes will be blessed with children if they eat more food. Dr.

STUDIO OUTFITTERS MERGE

Company With $67,000,000 Capital Formed to Take Over Concerns Making Equipment

NEW YORK, July 11. (AP)—Formation of General Theaters Equipment, Inc., to effect a $67,000,000 combine of manufacturers and distributors of motion-picture equipment and theater supplies was announced today.

Important units in the consolidation are International Projector Corporation, which produces over 75 per cent of the motion-picture projectors used throughout the world; National Theater Supply Company, which distributes equipment and supplies through thirty stores spread throughout the United States; Grandeur, Inc., which will distribute, service and lease projectors; Mitchell Camera Company, which makes cameras for both silent and sound pictures; J. E. McCauley Manufacturing Company, Hall & Connolly, Inc., Strong Electric Company, and Ashcraft Lamp Company, which manufacture substantially all of the projection lamps used in theaters, and Theater Equipment Acceptance Corporation, a financing company.

The new corporation now has control of International Projector and National Theater Supply, and has made an exchange offer for the stock in those companies which it does not yet own. The new concern will acquire all of the stock of Theater Equipment Acceptance and 50 per cent of the stock of Grandeur, Inc., which will acquire the business and assets of Mitchell Camera. General Theaters will take over all of the business and assets of the remaining companies in the merger.

The new organization will manufacture and market several new and revolutionary devices, prominent among which is a new projector which gives the illusion of a third dimension.

Men and Dogs Seeking Fiend

EUFAULA (Ala.) July 11. (AP)—The person who killed Jack Hines, 25 years of age, and attacked Miss Beatrice Clark, 18, his companion on an automobile ride last night, was being hunted by scores of regular and special officers today. The search, extending over a large portion of central and southeast Alabama, was being led by bloodhounds, brought here from Kilby Prison at Montgomery.

Miss Clark, her head and arm badly battered from blows with a pistol butt, believed to have been the same weapon with which her companion was killed, is in a critical condition in a hospital here.

BETTER HOMES PRIZE GROUP WILL BE ANNOUNCED SUNDAY

Announcement and publication of the three prize winning designs selected by the jury of awards in the 1929 National Better Homes Architectural Competition will be made in Sunday's issue of The Times.

The jury of experts selected these designs from among all those submitted in the local competition from various parts of California. They will be of particular interest to home owners and builders in general because they embody some of the latest features in the design and construction of moderate-priced homes.

There will be published at the same time the names of the twelve architects awarded honorable mention for their excellent work submitted in this competition. Their designs will appear in subsequent issues of the Sunday Times.

REMEMBER THIS
Luck's a good thing
to have, but a poor thing
to depend on.

DAWES AND MACDONALD RENEW ARMS PARLEYS

Premier Thought Ready to Visit United States for Discussion of Naval Issue if Invited

LONDON, July 11. (AP)—Disarmament conversations between the United States and Great Britain, initiated as soon as Ambassador Dawes reached English shores, were renewed this afternoon when the Ambassador spent several hours with Premier MacDonald in the Premier's private room in the House of Commons.

The conversations begun by the story disarmament commission at Geneva.)

The conversations begun by the story disarmament commission at Geneva.) Ambassador Dawes's hasty visit to Forres, Scotland, and his luncheon there with the Prime Minister, were touched on again today by the invitation of Premier MacDonald. Ambassador Dawes tonight said he had a talk with the Prime Minister but could make no further statement at present.

VISIT EXPLAINED

About the same time the American Embassy issued the following statement:

"When the preparatory commission at Geneva adjourned in May it was for the purpose of giving time for some direct discussions between the governments in regard to the naval problem. The exchanges are now in progress and Mr. Gibson's visit was for consultation in connection with this."

(The visit of Ambassador Gibson referred to was his three-day stay in London, where he arrived June 28 to acquaint Ambassador Dawes with the results of his experience at various meetings of the prepara-

Ambassador Dawes was closeted with the Premier several hours.

INVITATION AWAITED

Authoritative British quarters, as well as the American Embassy, stated that conversations were in progress over the naval problem. Apparently nothing has yet been decided in the matter, but Premier MacDonald is thought to be ready to visit the United States if he receives an invitation.

For the rest, the idea seems to be that when the conversations have reached an appropriate stage, the matter will be turned over to the preparatory disarmament commission at Geneva.

Active steps are being taken this week to open conversations with soviet Russia for the resumption of trade and commercial relations and the re-establishment of services for diplomatic relations.

MODIFICATIONS LIKELY

It was understood in the lobbies of the House of Commons tonight that the labor government will further consider modifications to the naval construction program left ovr by the Conservative government in Cabinet meetings.

It has been practically decided to countermand six submarines from the current building program together with their attendant craft. The difficulty facing the government is to provide work for the men who will thereby lose their employment. Orders for the submarines had been tentatively allotted to different private yards. To overcome the unemployment difficulty the government is expected to transfer naval work from foreign stations to the home dock yards. Premier MacDonald probably will make a statement on the subject before Parliament adjourns for the holidays.

HOOVER HAS LONG DISCUSSION ON ARMS ISSUE

WASHINGTON, July 11. (Exclusive)—Late-in-the-day developments in the naval-reduction conversations now being held at London were the basis of a long White House conference today.

Secretary of State Stimson, Secretary of the Navy Adams, and Undersecretary of State Cotton spent more than an hour with President Hoover discussing the situation as recounted in a dispatch from Ambassador Dawes.

Following the conference, Secretaries Stimson and Adams declined to divulge the details of their conversation with the President. Secretary Stimson admitted, however, that progress in the campaign for naval reduction is being made.

It was made clear that it still is too early to say when the next naval-reduction conference is to be called and whether it will be preceded by a meeting of the naval experts. There are some indications that the preliminary conference of civilians and the parley of the naval experts now working out a new naval formula may be held at the same place and time.

SOVIET TROOPS READY TO MOVE

(Continued from First Page)

China, has entered a new phase with an announcement by the Chinese that the Russian board of five has been dismissed.

The action was taken under orders from the northeast communications committee which has placed a Chinese as head of the railway. Hitherto the railway administration was vested in a board consisting of five Russians and five Chinese and the profits equally divided.

Japan, while not involved in the present Chinese Eastern Railway row, is a most interested spectator chiefly because of the Japanese-owned South Manchuria Railway which makes large profits each year. Last year's profits of the Chinese Eastern Railway were nearly $8,000,000 in gold.

The Chinese Eastern, which was built by the Russians and has been operated by both Russians and Chinese, has a total trackage of 1679 miles. It is roughly T-shaped, the main branch being 930 miles and a branch line from Harbin to the south being 149 miles. It serves a vast region in North Manchuria.

Chang Hsueh Liang, son of the late Marshal Chang Tso Lin and himself overlord of Manchuria, hurriedly departed for the north today upon receipt of the news from Harbin.

Chang told friends he assumes the Harbin authorities are proceeding to put into effect Mukden's declared policy that the Russian Chinese Eastern employees must refrain from political activity.

NEW AFFLICTION STIRS DOCTORS

(Continued from First Page)

Donald Macomber of Boston told the physicians.

STERILITY CURABLE

Wives who complained of sterility were found in more than 200 cases to consume less than 2000 calories, whereas some 500 calories more is normal. Many experiences show that undernutrition reduces sexual activity along with blood pressure, pulse, metabolism, and redness of blood, Dr. Macomber said in telling how changes of diet, increase of exercise and a general bettering of the patient's condition often allows the birth of children. Enough protein and vitamins A and D in the diet is requisite.

If you have a sensitive nervous system and relatives who have chronic high blood pressure, don't take too strenuous exercise and choose a low-tension career, Dr. Arthur Stanley Granger of Los Angeles advised young people in discussing medical knowledge of essential hypertension, at present incurable.

Essential hypertension is a progressive disease, Dr. Granger explained. Treatment often must be directed toward relieving environment that makes for too strenuous living and habits that aggravate the disease.

OFFICERS ELECTED BY MEDICAL ASSOCIATION

PORTLAND (Or.) July 11. (AP)—Dr. William Gerry Morgan of Washington, today was unanimously elected president of the American Medical Association to take office in 1930. Dr. Ernst A. Sommer of Portland was elected vice-president without opposition. Dr. Olin West of Chicago, was re-elected secretary; Dr. Austin A. Hayden of Chicago renamed treasurer, and Dr. F. C. Warnshuis of Grand Rapids, Mich., was continued as speaker of the house of delegates.

Detroit was selected for the next meeting place.

Dr. Morgan expressed appreciation of the honor accorded him, and then declared that the outcry against the asserted high cost of medical care which had been voiced in and out of the gathering came not so much from persons in moderate means, who pay their bills, but from "the idle rich." He added that: "Certainly it may be said that the individual fees received by physicians cannot account for the complaint against us. It may be that the true difficulty lies in the elaborate and expensive diagnostic procedures which the public has come to demand, as well as the luxurious nursing provisions which have come to be regarded as essential. It is not the average patient of moderate circumstance who first insisted upon these forms."

As an aftermath to a declaration some days ago by Dr. Clarence True Wilson of the Methodist Church board of temperance and public morals that Dr. Morgan had been defeated as a "dry" at the Baltimore meeting two years ago by "wet" supporters of Dr. Thayer, Dr. Morgan tonight issued this statement:

"While many physicians will not prescribe alcohol, I believe that if they desire so to do, they should have the right to do it."

CONVENTION HEARS CHILD SPECIALIST

PORTLAND (Or.) July 11. (Exclusive)—When the baby should learn to walk and talk was answered by specialists who today addressed the eighth annual convention of the American Medical Association.

Dr. Isaack Abt, Chicago child specialist, related the results of examinations of 1000 children, half of them boys and half girls, conducted at the Chicago Institute for Juvenile Research. The average age at which these children began to talk was 19 months for the boys and 18 months for the girls, Dr. Abt stated. The average for walking was 16 months.

The onset of walking and talking in children usually is parallel with their mental capacity, the physician declared. But he added that parents whose children fail to walk or talk at the average age need not be unduly alarmed. There are exceptions to the rule, he said, and he gave an outstanding one.

HONGKONG DROUGHT BROKEN

HONGKONG, July 11. (AP) — A steady downpour of rain today served further to allay the drought which has caused a serious situation here in past weeks.

They're Making Endurance Flight Permanent Affair

[P. & A. Photo]

Up in the Air is Right

Close-up of the Angeleno taken from a plane piloted by Bob King of Clover Field Airport yesterday afternoon. R. B. Reinhart can be seen at the controls. The photograph was taken during the 220th hour of the flight.

AIRMEN KEEP ON FLYING

(Continued from First Page)

note dropped at sundown a thought of the danger involved when they have to set the plane down when they can go no farther.

The message reads:

"Please do not rush out when we land. We are tired. We have many things planned for the Angeleno. Want to keep it intact if possible. We expect to be up about 100 hours more, but want you all to help us get down safely so please don't rush out and mob us when we land."

A nonstop refueling flight from Los Angeles to New York and return is one of the plans under consideration for the record-breaking craft, one of the flight backers disclosed.

EVERY SAFEGUARD

An ambulance is stationed at the field, held in readiness to whisk Mendell and Reinhart to the Culver City Community Hospital, where they will be given a physical examination by Dr. Frederick Rhodes.

Although the endurance men were reported yesterday to be scheduled to talk over Radio KFI immediately on landing and to appear at Loew's State Theater shortly afterward, it was the opinion at the field that the men will be put to bed at the hospital to recover from their exhaustion.

Every safeguard is being taken to prevent a stampede by the crowd when the Buhl gives up. A barbed-wire stockade has been constructed at one side of the airdrome and into this the plane and men will be taken to pose for pictures and meet interviewers. The ambulance will pick them up there within a few minutes after they land.

PLEA FOR PRIVACY

Despite the terrific pounding which bodies and nerves of the two men are getting from motor vibration and air bumps, their spirits are riding high and humor has not lost its place in the tiny cabin, it was demonstrated when Mendell scribbled this grimy note:

"Send up some window shades so we can have some privacy. Tried to take a bath, but four airplanes flew by and I had to quit."

He poked this message from a window of the Angeleno while the sun's rays were hottest during the afternoon. The aerial sightseers who skimmed by the Buhl for curious glances were urged to stay away—at least until Mendell and Reinhart could sponge off some of the exhaust sediment and grease which have settled on them during the long days and nights.

A rush call was put in from the field for the window shades and were ready to be delivered to make more comfortable the four-by-twelve parlor, bedroom and bath of the dauntless pair.

The half-expectant crowd, which swelled to more than 5000 people last night, was challenged in nearly every slip of paper dropped by Mendell and Reinhart.

"See you next week" was the usual nonchalant ending to their messages.

But those on the ground refuse to believe that the test is not near its end. They could not understand how two men could stay up there in that shiny man-made thing and whip the most trying elements that nature could muster—blinding fog and the chill of night and blistering sun of daytime.

And not alone did those to whom flying still is a marvel ponder to understand the how of it all.

Men whose faces are lined from keeping the horizon always level with wings through many hours in cockpits gathered in small groups and hazarded opinions on the feat.

They were reticent in predicting the come-down time, however, as one of them put it, "Why, we might have to shoot those birds down. Boy, I wouldn't dare guess on 'em after what they've done now."

ALL RECORDS FORGOTTEN

While opinions ran rife on the ground as to how long man and airplane could hold together Mendell and Reinhart merely looked their $1 watch in the face and saw its hands unwind the record which will be an unheard-of challenge to the aviation world.

The 220-hour mark had put seventy hours between the flyers and the first major endurance record of 150 hours set by the army's Question Mark; it was forty-eight hours better than the mark of Robbins and Kelly at Fort Worth and forty-six hours ahead of the last record made at Cleveland by Newcomb and Mitchell.

Congratulatory telegrams and messages poured in at the Culver City Airport for delivery to the men up above.

To Reinhart, known as Pete to his flying friends and to his former buddies on the Portland (Or.) police force, came a hearty man-to-man written encouragement. It was signed by Chief Jenkins of Portland, the man who directed Pete as he rode the boulevards astride a motorcycle in pursuit of Portland speeders instead of in a stubby-winged biplane on a record quest.

"Atta boy, Pete, any time an Oregon motorcycle cop can't do it, it isn't being done, that's all. Congratulations and more power to you and your partner."

Music and food are being provided for the ground crew to help them along during the hours of straining their ears for the slightest miss in the Whirlwind's drone and in rushing aloft to satisfy every wish of the new endurance air kings.

Each meal at the field is a banquet, provided by the Langendorf United Bakeries, while Rufus J. Flicker of the Richfield Oil Company, servicers of the plane, has installed radio loud speakers and aided in maintaining control of visitors at the field.

Capt. Cannon of the county motorcycle patrol and Chief Hendry of the Culver City police are cooperating in keeping order around the airdrome.

They are in readiness to send their men scurrying to all parts of the long runway to stem the waiting crowd when the motor on the Angeleno gives its last gasp or when the flyers call it a day—or month.

McADOO AT FIELD

William Gibbs McAdoo, former Secretary of the Treasury, visited the field at noon yesterday and conferred with his son, William Gibbs McAdoo, Jr., A. E. McManus, Jr., and Whittier, all backers of the flight. He was all smiles over the achievement of the endurance men and sent up his congratulations to them.

Several motion picture and other celebrities visited the endurance base during the day, but flight observers unbent their necks only long enough for a glance and again centered their gaze on the black Angeleno above.

Whittier was 25 years of age yesterday and was feted at a party last night in one of the airdrome's hangars. He is the son of the late Max E. Whittier, wealthy pioneer of Whittier, Cal. He had little time for festivities, however, and went over and over the equipment of the refueling ship and its new Liberty motor, donated by Western Air Express when the original motor developed trouble last Tuesday.

OFFICIALS TO CALL

Gov. Young, Dist.-Atty. Fitts, Supervisor McClellan, Mayor Porter and E. Neal Aimes will pay an official visit to the airdrome this morning at 9:30 o'clock under the auspices of Unit No. 346, United Veterans of the Republic.

Both flyers are World War veterans, and they were reported to have joined the local unit through applications signed in the air yesterday.

But to their flying brothers at the field Mendell and Reinhart have made themselves lifetime members of the world's newest and fastest fraternity—the band of men who go aloft on arjificial wings to challenge gravity and sweep on to prove the perfection of man's inventions.

CHURCH OPENLY DEFIES STATE

(Continued from First Page)

that it merely "permits" the use of the new book if the bishop so wishes.

It reads: "Bishops in exercising their authority will only permit the use of any of the forms and orders in the book of 1928 if they are satisfied that such use will have the good will of the people."

The Lower House, which consists of members of the clergy, was not asked formally to vote on the measure, since Archbishop Lang admitted this action would be illegal, and only the administrative action of the bishops would set up the new prayer book in defiance of Parliament.

CITIZENS BANDED TO FIGHT FIRES

Development Association Forms Committees

About 500 State Residents Ready for Action

Units Will be Called Out in Case of Emergency

SAN FRANCISCO, July 11. (Exclusive)—In its efforts to reduce forest fire danger to the minimum during the approaching dry season, the California Development Association today announced formation of six regional fire emergency committees comprising approximately 500 California citizens who "are prepared to go into action at a moment's notice in assisting the United States Forest Service and the State forestry division in meeting any situation that arises."

E. W. Murphy, chairman of the to residents of the entire West to be of the association issued an appeal to residents of the entire west to be extremely careful with fire in and in the vicinity of forests.

"This year," he said, "again presents a most serious situation with reference to the possibility of losing large areas of our forests by fire. Should this situation become serious, California will not be found unprepared.

"The people of this State are thoroughly aroused to the fire situation and are not in a mood to permit such destruction that has been taking place in the past years to continue."

GAUGE FIXED FOR TARIFF

Rate Adjustment Course Laid

"Adequate Protection" Cited as Yardstick Following White House Parley

Automobile Manufacturers Agreeable to Reduction in Duty on Cars

WASHINGTON, July 11. (AP)—Tariff was discussed by President Hoover today with Senate Republican leaders, who subsequently asserted the conviction that "adequate protection" should be the measure applied to rate revision.

This development shared interest with expressions before a Senate Finance Subcommittee later by leading automobile manufacturers of a willingness for reduction to 10 per cent of the existing 25 per cent duty on passenger cars, providing the present countervailing or retaliatory tariff allowance provision is retained. A Ford company representative said Edsel Ford is for free trade in all his products—cars, trucks and tractors.

Senators Watson of Indiana and Reed of Pennsylvania, ranking Republicans on the finance committee, were breakfast guests of the President. The White House described the tariff discussion as general, and Mr. Hoover's views on the House bill remained undisclosed.

YARDSTICK CITED

The Indiana Senator asserted after the conference that the yardstick of "adequate protection" is the rule to be used in adjusting rates. No definition of "adequate protection" was made, but Watson said he believes Mr. Hoover is against any revision having the tinge of an embargo in its effect. He likewise expressed the opinion that some of the House bill duties will have to be lowered, but he did not specify.

The Senate Republican leader declared President Hoover is in accord with his view to speed up Senate consideration of the tariff to insure its enactment before the regular session in December. He said he will ask night meetings in the fall if satisfactory progress is not made.

MOTOR GROUP HEARD

Alvan Macauley, president of the National Automobile Chamber of Commerce and the Packard Motor Company; Alfred P. Sloan, Jr., president of General Motors; R. I. Roberge, assistant sales manager of the Ford Motor Company, and Walter C. White, president of the White Motor Company of Cleveland, were the principal witnesses before the subcommittee considering the motor-vehicle tariff.

Mr. Macauley declared a canvass of most of the passenger-car manufacturers indicated a willingness to "try out a 10 per cent ad valorem duty if coupled with the same countervailing duty which now is provided."

The countervailing clause permits the United States to levy tariffs above the present 25 per cent duty on foreign cars if other countries impose levies on domestic vehicles exceeding that figure.

PLEA ON BUSINESS

C. E. Durst, secretary of the National Horticultural Council of Chicago, before the full Finance Committee, urged that bananas be made dutiable, declaring this would "protect our farmers, fruit growers and laboring men from direct competition with the low standard peon labor of the tropics."

After he had quoted figures designed to show that consumption of American fruits has been decreasing while banana consumption is increasing, Senator Barkley, Democrat, Kentucky, asked Durst if he could predict how many apples a man would eat if he couldn't get bananas.

Durst replied that he couldn't but asserted his belief that bananas are inferior in food value.

Chester H. Gray, representing the American Farm Bureau Federation, asked a duty of 75 cents a bunch on bananas and said citrus juices, such as orange, lemon and lime juices, should be made dutiable at 70 cents a gallon when used for beverages and at 35 cents a pound when concentrated, whether in liquor, solid or powder form.

He also urged duties on broom corn, chestnuts, long staple cotton, chemicals used for fertilizer, jute and jute butts.

Pasadena Girl, Hurt in Chicago, Now Improving

CHICAGO, July 11. (Exclusive)—Favorable reports were given tonight by physicians attending Miss Dorothy Wilson, 20-year-old society debutante of Pasadena and Chicago, who was critically injured on Wednesday in an automobile collision with a car driven by Miss Helen Hertz, 19, daughter of John Hertz, retired taxicab magnate.

Dr. Marcus H. Hobart, in general charge, said Miss Wilson's condition is much better today following her receipt of a telegram from her parents, Mr. and Mrs. Milton Wilson of Pasadena, Cal., saying they are on their way to Chicago and will arrive Saturday.

A blood transfusion contributed to her improvement, Dr. Hobart said.

World Famous Actress Dies

(Copyright, 1929, by Chicago Tribune.)

PARIS, July 11. (Exclusive)—Eve LaValliere, world-famous actress and dancer who captured the hearts of Parisian boulevardiers in the nineties and was popular until the outbreak of the war, died at 61 years of age in a village in the Vosges Mountains near Vittel.

She retired there in 1914 after suddenly deserting the rollicking life of the boulevards for a life of religion and piety.

Fighter Faces Bout With Court

Judge to Decide This Match
Mr. and Mrs. Mickey Walker as they appeared after their marriage in 1933.

WIFE SUES MICKEY WALKER

Plaint Charges Middleweight Champion Used His Fists Freely on Her at Home

TRENTON (N. J.) July 11. (Exclusive)—How Mickey Walker is middleweight fighting champion of the world in his own home was related today by his wife, Margaret Kelly Walker, who filed suit in Trenton, N. J., for separate maintenance and custody of their 5-year-old child, Michael.

Mrs. Baker charges her husband with cruelty and with having a bad temper. Not in the florid words of sporting writers, but in the coldly, bald phraseology of the law, she told in her affidavits of his prize-winning punch in their home at Rumsen, N. J.

MOTHER STOPS HIM

She told quite calmly of one decision lost by the champion. He tried to beat her, she said, but her mother stepped in and stopped him cold. The champion, according to the affidavit, took it out on the furniture, breaking some of it up and then threatened to kill her.

Walker's wife left him, taking their son and went to the home of her parents. Her departure was made on June 29, last.

In her suit Mrs. Walker fixes her husband's earnings at $200,000 a year as middleweight champion. She asks support for herself and her son.

OUT EVERY NIGHT

There was talk in prize-fighting circles last spring that all was not going so well in the champion's home life. Walker had been devoting himself somewhat to the gay social life of the Broadway set, it was said. He tried his hand at the movies and that further set him up. He began to haunt the night clubs.

A few days ago Walker was telling reporters tabt "she walked out on me, cold," and explaining that he had turned over his entire bank account—$250,000 he said it was, the savings of ten years of hard labor—to his wife.

In her affidavit Mrs. Walker said today that the champion started drinking in 1926 and paid much attention to "many friends and sweethearts." He was out almost every night, she said.

THREE BANK DOORS SHUT IN FLORIDA

President and Director of Four Other Institutions That Closed Arrested

JACKSONVILLE (Fla.) July 11. (AP)—Three Florida banks—two at Deland and one at Miami—were placed in the hands of bank examiners today, and John Fouts, president and director of four Central Florida banks which closed on May 15, was arrested in connection with the failure of these latter.

The First National Bank and the Volusia County Bank and Trust Company at Deland, the only two banks in the city, and the Colonial Bank and Trust Company of Miami closed today.

Fouts was director and president of the State Bank of Bartow, the First National Bank of Lakeland, the First National Bank of Auburndale and the State Bank of Winter Haven.

The information filed against Fouts asserted that he loaned himself $5000 of the Bartow bank's funds without the consent of the board, and that he altered the minutes of the board to make it appear the loan was regular, when the resources actually were not normal.

Aviators Feted by Mussolini

ROME, July 11. (AP) — Premier Mussolini tonight accorded Roger Q. Williams and Capt. Lewis A. Yancey, who piloted the Bellanca monoplane Pathfinder from Old Orchard, Me., to Rome, the unusual honor of inviting them to dinner at the Villa Torlonia, the Duce's summer residence in Rome.

The secret was carefully-guarded until Williams and Yancey slipped back to their hotel, reappearing as guiltily as if they had been trans-Atlantic stowaways instead of trans-Atlantic flyers.

Ex-Shipmate of Monarch Long Ago Passes On

BOGNOR (Eng.) July 11. (AP)—William King, shipmate of King George aboard the old warship Bacchante a half-century ago, and a visitor of Craigwell House while the King was here in April, died today.

King was a boatswain on the Bacchante when His Majesty, then the Duke of York, was serving on the same ship.

X-RAY SHOWS CHEESE'S AGE

Science's Check on Swiss Product Explained by Los Angeles Expert at Dental Conference

SAN FRANCISCO, July 11. (Exclusive)—Even the holiest no longer is safe from science; Swiss cheese now succumbs.

Dr. Walter S. Thompson of Los Angeles, conducting an X-ray clinic for delegates to the triennial Pacific Coast Dental Conference, made this plain today.

"One of the most interesting commercial uses of the X-ray is in connection with Swiss cheese," Dr. Thompson said. "In that cheese, a huge hole is in the center when the cheese first is made. As it ages the holes spread toward the rind. Consequently, one can tell the age of the cheese by viewing the holes.

"Formerly, samples of these cheeses were shipped to American dealers so they might determine from which batch they wished to order.

"Nowadays, the maker merely forwards X-rays of the cheeses, all numbered, to the dealer, who chooses by studying the photographs."

Another widely growing use of the X-ray in the commercial field, Dr. Thompson declared, is in combating germs in fruit shipments.

"In the San Joaquin Valley," he said, "dealers in dried fruits, after packing in vacuums to prevent development of germs, turn the X-ray on the packages to kill any stray germs which may have got in during the process. In this way they are able to offer actually sterilized fruits to the public."

Professionally, the X-ray has become an essential of dental work,

POINCARE OPENS WAR DEBT FIGHT

Unqualified Ratification of Accord Insisted On

Chamber Stunned by Vigor of Premier's Argument

Obligation to United States Declared Binding

PARIS, July 11. (AP)—Premier Poincare fired the first gun in Parliament today in what promises to be a keen battle over ratification of the Mellon-Berenger debt accord. In beginning his speech, continued up to adjournment, the Premier strongly urged unreserved ratification.

M. Poincare squarely confronted the chamber with its responsibilities.

CHAMBER STUNNED

The Premier rather stunned the chamber by the combative manner in which he pressed home the following argument: "How can we ask Germany to bind herself to pay us during sixty years if we are not prepared to do likewise toward our creditors?"

This was received in an ominous silence; the majority of the Deputies acted as though they had never looked at it that way before.

M. Poincare drew a picture of what would happen unless the accord was ratified. "It means," he said, "that France will be drawn before an arbitration tribunal where the United States has a clear case, merely presenting little slips of paper signed by France acknowledging the debts."

RATIFICATION ONLY ISSUE

Acknowledgements of indebtedness signed by France to the United States, M. Poincare declared, bind France just as strongly as treasury bonds.

The Premier declared categorically that there is no other issue than pure and simple ratification.

Louis Marin, leader of the conservative group, demanded of the Premier why no effort had been made to distribute the burden of the war equally among all the Allies and associates.

To this M. Poincare replied that as far as France is concerned, it is now dealing with money borrowed to continue the war and which ought to be repaid.

During his remarks, M. Poincare called the attention of the Chamber to the attitude of Philip Snowden, the new Chancellor of the Exchequer in Great Britain, in an effort to show that the question required a clear and unequivocal decision which he declared could be no other than ratification of the debt settlements without qualification.

Spanish Flyers Killed in Fall

SEVILLE (Spain) July 11. (AP)—Two Spanish army officers returning today from a furlough in an airplane were thrown from the machine when it tipped sharply in a downward air current and were killed.

The men were Lieut. Esquibas and Observer Castromiranda. The plane, piloted by Lieut. Guerrero, landed at Sevilla safely.

NEW YORK MAN LIKELY CHOICE

Farm Board Offer May Go to Charles A. Wilson

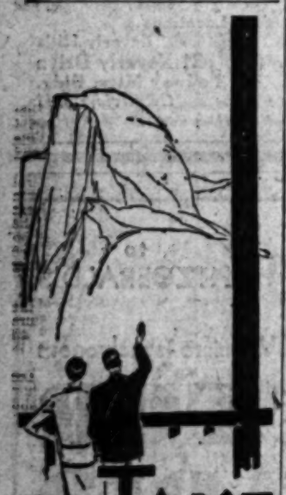
Prospect ex-Commissioner of His Home State

Hyde in Midwest Seeking Grain Spokesman

WASHINGTON, July 11. (AP)—Charles A. Wilson, former Commissioner of Agriculture of the State of New York, is regarded as a likely choice for one of the two remaining vacancies on the Federal Farm Board.

President Hoover is giving consideration to the possibility of appointing Wilson.

Secretary Hyde meanwhile is in the Middle West interviewing prospective appointees for the post of spokesman for the grain-growing industry on the Farm Board. The President is having some difficulty in settling on an appointee for this position because the grain-growing co-operative associations are unable to agree among themselves on a suitable plan.



TAKE CALIFORNIA'S FINEST VACATION —AND HAVE VACATION MONEY LEFT OVER

Of course you have seen Yosemite—but have you ever gained a real impression, from two delightful weeks or more in this Valley of Vacations?

Then here is a suggestion that can so easily settle the perplexing vacation question that comes up every year. Spend all your time in Yosemite!

MOTOR TOURS

You'll find, too, that the vacation-allowance you usually spend for a summer trip will leave a pleasant surplus. Yosemite is near at hand—the traveling cost is small. And the complete range of accommodations, from tent-camps among the pines to the luxurious Ahwahnee, allow you to spend $4.00 a day or $12.00 a day—or almost any price between—for rooms and meals.

SADDLE TRIPS

Not to mention housekeeping cabins, or tents and meals ready and waiting a mile above the Valley floor.

You should have a booklet describing Yosemite in pictures. Ask today at any travel office, or—

HER ROMANCE DUE FOR LEGAL FINISH

Natalie Guggenheim

GUGGENHEIM TO ATTACK MARRIAGE

Unwelcome Son-in-Law, Husband of Heiress, Told of Annulment Plans

PORT WASHINGTON (L. I.) July 11. (Exclusive)—Instead of a love note from his bride, telling him that she will return to him and live in the Sands Point love nest he has bought for her, young Thomas Gorman, obscure but handsome real estate man, was served with a notice today that his bride's parents, the wealthy Edmund A. Guggenheims, will seek an annulment of the marriage.

Papers in the action will be filed in Westchester county, where application was made recently for a guardianship for the 18-year-old Natalie, heiress to several copper millions.

Although Gorman repeatedly protested that his marriage to Natalie last April eventually would win the approval of her parents, they whisked their daughter off to Europe a few weeks after the elopement last April. The annulment action announcement is no surprise to anybody but the optimistic young Gorman.

The bride returned to her parents' home following the marriage ceremony April 6, last, and when the news of the marriage leaked out Mrs. Guggenheim sent an SOS to her husband, vacationing in the South. The parental objection to the match was based, it is said, on religious differences, quite as much as on social and financial inequality.

RESIGNING WOODMEN RE-ELECTED

Fraser and His Associates Put Back Into Office Amid Convention Uproar

SEATTLE, July 11. (AP)—Moved by recent suits entered against the order in Nebraska and criticisms directed against the administration by the courts, Sovereign Commander W. A. Fraser, Omaha, today resigned from his office in the Woodmen of the World and the Pacific Woodmen Life Association.

This action precipitated a demonstration that ended in all other officers of the order following suit and brought about the unanimous election of the entire group to a four-year term as an expression of confidence.

The resignations climaxed a dramatic moment at the end of Fraser's annual report and the convention was thrown into an uproar.

After brilliant speeches of confidence by Representative Gregory of Kentucky, C. F. Keller of Missouri, D. E. Henderson of North Carolina, Farror Newberry of Arkansas, D. E. Henderson of Kentucky and Judge Porter of Texas, the vote was taken and all resigned officers were returned to their official capacities.

Strange Sequel to Murder Case

ROCKFORD (Ill.) July 11. (AP)—A strange sequel to the famous case of Henry D. Olson, found to be innocent of killing a filling-tation attendant after being convicted of the crime and sentenced to prison, was begun here today.

A $50,000 damage suit against the lawyer who defended Olson, Harry B. North, was filed by Olson, who charges that North knew the real slayers and permitted Olson to make the long fight for his life and receive the prison sentence.

Show Girl and Columnist Wed

NEW YORK, July 11. (Exclusive) Gladys Glad, showgirl, and Mark Hellinger, columnist, were married today in the municipal chapel by City Clerk Cruise, pinch-hitting for Mayor Walker, originally scheduled to officiate.

The couple will sail on Saturday on the Virginia for a honeymoon in Hollywood.

They met three years ago when she was in her first Broadway show.

FIVE LOSE LIVES IN TRAIN CRASH

Another Dying as Result of Corning (N. Y.) Collision

Wreckage Burns as Tank Car of Gasoline Gets Hit

Four Trainmen and Tramp Make Up Fatalities

CORNING (N. Y.) July 11. (AP)—Trapped in blazing wreckage, four Erie trainmen and a tramp stealing a ride were burned to death and a passenger was injured probably fatally today in a collision three miles east of here between the Cleveland-New York Express and a westbound freight train.

The dead are identified as follows:

Fred E. Blake, 66 years of age, passenger engineer of Hornell.

W. J. Latonik, passenger fireman of Susquehanna, Pa.

Railway Mail Clerks Henry M. Hurlbut, 53, of Arkport, and P. A. Fagan, 53, of Salamanca.

Swan Berger, 38, of Moline, Ill., believed to have been stealing a ride on the freight.

PASSENGER INJURED

The man reported dying in Corning Hospital was identified as Vaughn Rose, New York City, said to have been a passenger in the only coach to leave the rails.

According to F. F. Peters of Hornell, a member of the freight train crew, who was riding in the locomotive, he looked out of the cab to the rear and saw the first car in the freight start to leave the tracks.

"It was a tank car loaded with gasoline," said Peters, "and I was horrified to see the express rushing toward us on the other track. I jumped off but not in time to flag the passenger train, which struck the tank car at a fifty-mile-an-hour speed and toppled over on its side."

TRAPPED PERSONS ESCAPE

Ignited by coals from the derailed locomotive, the gasoline-drenched wreckage blazed fiercely and gave the twenty men, women and children in the first passenger coach barely time to break open the jammed doors and escape.

The locomotive, baggage car and two mail cars were the only cars in the express to leave the track. The engineer and fireman were burned to death in the cab and the two mail clerks could not be extricated before the flames reached the wreckage of their cars.

Early arrivals on the scene found Berger under a tree, where he had dragged himself, with fatal burns on his body. He expired a few minutes later while smoking a cigarette, his only request.

Babe Ruth Back on Florida Tax

ST. PETERSBURG (Fla.) July 11. (AP)—Babe Ruth's name appeared on the new delinquency-tax list made public today with the statement that three of the famous ball player's lots would be sold for delinquent taxes amounting to something like $14.

The lots are at Pasadena.

WOMEN'S OVERSEAS LEAGUE IN ELECTION

MINNEAPOLIS, July 11. (AP)—Mrs. G. H. Taubles of San Francisco was elected president of the Women's Overseas Service League in national convention here today.

Mrs. John Maxwell, Berkeley, was named recording secretary, and Mrs. E. N. Rix, San Francisco, was elected treasurer. Mrs. John Base of Omaha was elected vice-president of the Seventh Corps Area, and Miss Helen Wisler of Los Angeles, vice-president of the Ninth Corps Area; Mrs. Abigail Hinckle, San Francisco, was chosen corresponding secretary.

SVERIGE SAFE IN GREENLAND

Swedish Plane Flies to Kungnait Bay

Pilots Go on by Boat and Reach Ivigtut

Airmen Land in Dark Then Light Beacons

COPENHAGEN (Denmark) July 11. (AP)—Advices received here from Ivigtut, Greenland, state that Capt. Albin Ahrenberg and the crew of the airplane Sverige reached there at 6 a.m. today in a motorboat after landing at Kungnait Bay from Reykjavik, Iceland.

The word from Ivigtut was that Capt. Ahrenberg encountered increasingly bad weather and decided to fly along the Greenland coast.

Perceiving that they would be unable to continue to Ivigtut, the Swedish airmen made an excellent landing in the dark and lit fires to attract attention.

These beacons were noticed by the motor boat Quarto which put in and took them safely to Ivigtut. They intend to return to Kungnait as soon as possible to fetch their machine.

ICE CAUSES FIRST DAMAGE TO PLANE

PORT BURWELL (Labrador) July 11. (Exclusive) — Ice today caused the first damage to the 'untin' Bowler, the Chicago Tribune's amphibian plane en route to Berlin. It jammed across the fjord and pushed the ship against a jagged rock, puncturing a small hole three feet above the water line. The damage was slight and is being repaired.

Deaths of Six in Arizona Laid to Meningitis

PHOENIX, July 11. (AP)—Mystery which has veiled the deaths of six persons in the Graham Mountains near Safford was cleared with pathological tests by the State Health Department here this morning revealing the cause as spinal meningitis.

Two more deaths resulted yesterday while medical men of Graham county were puzzled over various theories including green apples, tamales, home brew and spinal meningitis. William Evans, 35 years of age, and James Powell, 11, were the latest victims of the dread disease which for more than ten days has puzzled physicians of that vicinity.

Sons of Italy Fight Charge

FRESNO, July 11.—Vigorous protest against a statement attributed to Federal Commissioner of Education William J. Cooper, former City School Superintendent here, in a propaganda pamphlet of the Federal Prohibition Bureau, and which asserted many Fresno Italian children were found to be undernourished because of a breakfast diet of bread and wine, was made to Cooper in a letter dispatched today by L. Palumbello, president of the local lodges of Sons of Italy in America.

Club Rescinds MacDonald Ban

ELGIN (Scotland) July 11. (AP)—At a special meeting tonight, the Moray Golf Club unanimously returned Prime Minister Ramsay MacDonald to the full rights of membership of which he was deprived in 1916 for his pacifist utterances at the time.

The members of the club rescinded their resolution of September 1, 1916.

TRAFFIC SURVEY STARTED

State Department Directs Study of Road Data for Recommendations to Legislature

SACRAMENTO, July 11. (Exclusive)—Under the direction of the State Department of Public Works a party has started to collect traffic information on the various roads which are to be considered in connection with recommendations to be made by the Highway Commission to the Legislature, as required by a concurrent resolution adopted at the last session.

Traffic count stations are to be established at selected points on the roads to be studied. The study is part of the investigation now being made in accordance with the recommendation of Gov. Young, under which the division of highways was directed to a study of the highway system and to determine routes not now in the system but which might properly be included.

The resolution adopted by the Legislature provides as follows:

(1.) Additions shall, during the next two years, be made to the present secondary highway system, totaling 10 to 12 per cent of existing State highway mileage, said mileage to be added in the ratio of not less than three or four miles in the south to one mile in the north.

(2.) For judging purposes, this mileage shall be included as a part of the State highway system by the California Highway Commission when the necessary surveys are completed, provided, however, no money be expended on same until they have been finally included in the system by legislative act.

(3.) There shall be no change in the present statutory division of secondary highway funds.

WOMAN ADMITS BOLD ROBBERY

Benefit Fund of $14,000 Seized in Hold-up

TOPEKA (Kan.) July 11. (AP)—Mrs. Vivian Scraper, 25 years of age, today confessed, Sheriff Wayne Horning announced, that she was the woman who held up and robbed two employees of the Security Benefit Association of approximately $14,000 here June 28, last.

Within a few hours after confessing to the daylight hold-up, the woman took officers to the apartment in which she was arrested early yesterday with Cecil Streit, about 25 years of age, an employee of the fraternal organization, and Maris Rainey, 14 years of age, and directed them to the hiding place of the money.

Sheriff Horning said charges of robbery would be filed tomorrow against Mrs. Scraper, who is the mother of a 7-year-old daughter.

Private Estate Opened!

60 Boulevard Minutes from Los Angeles

See This . . 200-Acre Lake AND 2500-ACRE PLAYGROUND

THE great private estate surrounding Lake Sherwood has now been opened to the public. At last you can enjoy the delights of this vast playground, so beautiful that motion picture directors have used it as a setting for more than 600 productions.

You will find purling streams in secluded canyons . . . gently sloping hills . . . upthrusts of picturesque rock . . . oak-clustered valleys . . . the incomparable Sherwood Forest, where Douglas Fairbanks filmed Robin Hood.

Sherwood Lake provides the best bass fishing in California. Also boating, swimming and other aquatic sports.

Around the 9-mile shoreline are quarter-acre villa sites from $1000 up. Electricity and domestic water are immediately available. Beauty and high class environment are maintained by architectural control, entirely divorced from the sales organization.

Each villa site carries with it a membership in the Lake Sherwood Country Club, with privileges of the Lake, the Forest and the beautiful new $75,000 Clubhouse. A definite amount of each purchase price is set aside in the Security First National Bank for further improvements. Lake Sherwood Estates is destined to become the finest playground in Southern California.

Plan a family picnic at this charming spot. Open fireplaces and sparkling spring water available. Rest in the cool shade of great live-oaks. Play in the lake. Ride a horse into the heart of a virgin empire of natural beauty. Mention this newspaper to the guard at the gate and receive a guest card for the day.

Listen in Saturday night, 7:30 to 8 over KFWB for the beautiful Robin Hood Program. Call HOllywood 1191 for specific information.

BILL RUMLER

talking up a 10-4 victory

By Walter Kinney, the pitcher with the puzzling knuckle, toned the Indians in the third game of the series without so much as losing a good sweat. Kinney held the Tribe to seven hits and never seemed greatly perturbed over the outcome of the contest.

Fred Pigeras, who is much slower than Kinney, if not as effective, started on the mound for Seattle, but lasted less than a inning. A newcomer to the Seattle hurling ranks, Wright, replaced Pigeras in the first and was nicked for Hollywood's last six runs. The Stars got eleven hits off the two pitchers, but all of them were bunched in the first, fourth and fifth innings to account for the ten tallies.

Bill Rumler led the Hollywood attack with three hits, each one driving across a runner. In his other trips to the plate Rumler fanned once, was hit by a pitched ball, so he had a pretty fair day with the stick.

Kinney and Wright were the only Indians who could successfully solve each other's offerings, the former hitting a home run and a double and Wright rapped out two singles, but neither did any damage.

The Stars started off with a gift run in the first, Ellsworth reaching second when Carlyle dropped his fly ball. Odrd on a wild pitch and scored when one of Kinney's throws got away from Bassler for the first of three passed balls.

The Stars came back with four runs in their half of the second, a couple of rotten throws by Ellsworth aiding the Hollywood cause. Lee began the inning with a walk and reached third and Rollings was safe at first on Ellsworth's low throw. Carlyle hit a double-play ball to Ellsworth, who again obliged with a bad heave, Lee scoring and Rollings taking third. Hits by Rumler and Funk followed, scoring across two more markers and sending Pigeras to the showers.

Wright finally got one of the Stars

FOUR LOCAL BOYS SWEEP JUNIOR OLYMPIC GAMES

MADE CLEAN SWEEP OF JUNIOR OLYMPIC HONORS

Southern California gained reams of favorable publicity yesterday when the four boys shown below ran away with top honors in the finals of the Junior Olympic Games at Atlantic City. Vane Baker, top left, won the junior division with 753 points, the highest total ever scored in a national meet by either junior or senior. Robert San Jose, middle photo, copped first place in the senior division with 717 points, this being the best score ever made by a senior. Jerry Deal, right, was runner-up to Baker, while Fernando Ramos, second from left in the shot below, placed second to San Jose. The lower photo shows the boys in an "off" moment on the beach at Atlantic City. Deal is on the left, then Ramos, Baker and San Jose.

KINNEY TAMES SEATTLE CLUB

Yanks Held to Seven Hits by Sheik Portsider

Al Rumler Leads Yittmen to Win Over Tribe

Home Scoring Attack in Three Big Rounds

BY BOB RAY

"How we go in the other alley!" cried Mr. O. Vitt's shooting Stars of Hollywood, who turned in their third straight win of the week over the Seattle Indians yesterday at Wrigley Field.

The Indians might be able to win games from other clubs in the league, but the Stars look as though they could take the Tribe on any and all occasions. Hollywood is walking up a 10-4 victory yesterday.

Tubby Kinney, the portly hurler with the puzzling knuckler, had the Indians in the third inning without so much as a good sweat. Kinney let the Tribe to seven hits and seemed greatly perturbed over the outcome of the contest.

Al Pigras, who is much like Tom Kinney, if not as effective, started on the mound for Seattle, but lasted less than two innings. A newcomer to the Coast hurling ranks, Wright, followed Pigras in the first and was asked for Hollywood's last time out. The Stars got eleven hits off the two pitchers, but all runs were bunched in the fourth and fifth innings to account for the ten tallies.

Al Rumler led the Hollywood attack with three hits, each one driving him across as a runner. In his other time to the plate Rumler fanned once and hit by a pitched ball, so he had a pretty fair day with the stick.

Kinney and Wright were the only Indians who could successfully solve the offerings, the former hitting for a home run and a double, while Wright cracked out two singles, but failed to do any damage.

Seattle started off with a gift run in the first, Ellsworth reaching second when Carlyle dropped his fly, and scoring on a wild pitch and a single by Mike Kinney's grounder got away from Bassler for the first of three passed balls.

The Stars came back with two runs in their half of the first on a couple of rotten throws by Seattle aiding the Hollywood cause. Lee began the inning with a walk and reached second when Hollings was safe at first on Ellsworth's low throw. Lee scored on a double-play ball to Pigras, who again obliged with a bad throw, Lee scoring and Hollings taking third. Hits by Rumler and Funk followed, scoring two more markers, Rumler reaching Pigras to the plate.

Seattle finally got one of the Stars back in the fifth.

(Continued on Page 4, Column 2)

Jack Lelivelt to Join Angel Forces Today

Jack Lelivelt, the Angels' new manager, arrived in Los Angeles yesterday, signed his contract, met his new boss, William Wrigley, Jr., and then hopped on a train for Sacramento, where he will assume the managerial reigns of the Cherubs this afternoon.

Lelivelt, although here for just a short while, made a big hit with local scribes with his pleasing personality. Jack is not a talkative individual, but he impresses you that he'll be the boss of his athletes and keep them hustling or know the reason why.

For proof that he is enthusiastic over his new job, it is here explained that Lelivelt drove to Los Angeles from Chicago in five days. A guy has to be enthusiastic over something to drive here from Chicago in five days and then hop on a train to take over a new job.

Lelivelt had little to say except that he is going to give his best

(Continued on Page 2, Column 6)

Angel Streak is Halted by Sacs, 10 to 9

SACRAMENTO, July 11.—The Angels' winning streak of nine straight was checked today by Sacramento in a 10-to-9 slugfest, and the Cherubs were pulled down into a tie for first place with San Francisco.

WALTER BERGER

Los Angeles outslugged the Senators, seventeen to thirteen, but was less fortunate in bunching blows. Berger kept the Angels in the ball game by clouting two homers on successive times at bat. Earl Webb also hit one for the visitors when the Solons were contenting themselves with the mere matter of six two-baggers, all of which figured in the scoring.

The game was a see-saw affair, with the Angels twice holding the lead. Once the Southerners came from behind a 6-to-2 count. Carl Dittmar sustained hope of a Los Angeles victory right to the end by doubling with one out in the ninth, but neither Sandberg nor Jones could drive the necessary run over the plate.

Earl Webb put Los Angeles out in front in the first inning by swatting a home run over the right-field fence and scored behind Haney, who had walked.

However, Child, who was Truck Hannah's starting choice, early demonstrated his ineffectiveness and the Solons scored three times in the opening act, chiefly by reason of Dolph Camilli's two-base hit with two runners on.

Sacramento ran the score to 6 to 2 by chasing over three more runs in the fourth and then the Angel artillery began gunning Mr. Max Rachac and shortly drove him from the box. Opening the fifth inning, Jigger

(Continued on Page 3, Column 5)

SAN JOSE AND BAKER ANNEX FIRST PLACES

Ramos and Deal Runners-up to New National Champions as Records Are Toppled

(Continued from Page 1, Part 1)

Park boy lifted his chin 37 times above the bar, whereas Deal chinned only 29 time. Baker's total score was 753 to 684 made by Deal.

LED ALL THE WAY

San Jose's total was 717 and Ramos's was 652. The San Pedro marvel was in the lead from the first event, and in all five competitions beat the best he did in the Southern California meet. The little Filipino boy who has lived in this country three years certainly showed no signs of stage fright before the thousands who witnessed the final contest.

In addition to sweeping the meet, Los Angeles and Southern California boys broke four national records, and tied one. San Jose, jumping 9ft. 6in., set a new mark in the standing broad jump over the 9ft. 2 3-8in. made in 1928 by Robert Underhill of New Haven, Ct.

In chinning 30 times, San Jose broke the record of 29 chins in the senior division held by Falcon. He also tied the 8-second record in the dash shared by Wilfred Despard of Rochester, N. Y., and William Smith of Louisville, Ky., 1927 and 1928 winners in that event.

SHATTERS RECORD

Baker shattered the national record of 25 chins made by Rex Heap of San Bernardino, Cal., last year. Baker's 37 chins was easily the outstanding feature of this year's contest. Jerry Deal broke the junior baseball throw record, hurling it 234ft. 4 3-4in. The record previously was held by Edward Torrello of New Haven, who threw the ball 231ft. 2in. in 1927.

Arthur A. Dietz, Los Angeles playground director, and Pop Squire, Huntington Park High School coach, who brought the junior Olympic winners to Atlantic City, are about the most admired adults on the boardwalk.

Sport followers here recall that Dietz was the man who brought Falcon, Deal, Heap and Mike Pina to Atlantic City last year and made the remarkable showing.

Dietz was asked jokingly several times today who was going to win the national championships next year, and he replied that he thought he knew, would mention no names, but was pretty sure the prospective winners were exercising daily on the playgrounds of Southern California.

Following the presentation of the awards Saturday, Dietz and Squire will take their four charges for an extended tour of the sights in Washington, D. C.

They plan to get back in Los Angeles in the afternoon of July 19, after a stopover at the Grand Canyon.

PLAN ROYAL WELCOME FOR FOUR YOUNGSTERS

BY BRAVEN DYER

No sooner had word flashed across the country yesterday of the brilliant showing made by local youngsters in the finals of the Junior Olympic Games than plans were under way for a royal welcome to the boys who copped first and second honors in each of the two divisions.

ARTHUR DIETZ

Present plans call for the return of the conquering heroes one week from today, Mayor Porter will be asked to greet them at the station and officially congratulate them on

COMBS IS GOLF FINALIST

Long Beach Youngster Will Battle it Out With Pieper of San Jose for Junior Title

DEL MONTE, July 11. (AP)—Ernest Combs, 16-year-old Long Beach golfer, and Ernest Pieper, '17, of San Jose, will battle for the California junior golf championship in a thirty-six-hole final match at Del Monte tomorrow as the result of today's victories.

Combs, defending titlist, and also another and son tournament, starts Southern California junior champion, is regarded as a decided favorite in tomorrow's match. The untimely departure of Dan Sangster today left him without a serious rival. Fourteen-year-old Don Edwards of San Francisco was outclassed, 4 and 3, this afternoon in the semifinals. Combs being only two strokes over par at the finish. Previously, Combs had disposed of Bob Marsky, Jr., San Francisco, 2 and 1.

ERNIE COMBS.

Pieper made a great fight from behind to eventually defeat Bert Honey, 18, Los Angeles, 1 up, in the semifinals. At the twelfth, the San Jose boy was 3 down and six to play. Pieper's long putts from the edge of the next three greens squared the match, and he cinched matters on the saucer seventeenth. This morning Pieper upset the "dope" by eliminating Hugh Stillof, Bakersfield, 5 and 3.

Tomorrow Wilbert T. Mendell, Berkeley, plays Lawrence Bedecarre, San Francisco, in the finals of the second flight. The Del Monte fa-

COURTNEY THUMPS ADGIE

DETROIT, July 11. (AP)—George Courtney, Oklahoma heavyweight, battered the face of Matt Adgie of Philadelphia for ten rounds and won the referee's decision in the main bout of a card in Olympia Arena tonight. Courtney, weighing 164½ pounds, spotted the Quaker City boy five pounds.

CARTER, MOE FEATURE ANNUAL AMATEUR PLAY

MISSION HILLS COUNTRY CLUB, KANSAS CITY, July 11. (AP) The courageous uphill battle of Don Moe of Portland, Or., to gain the semifinal round and the rise from comparative obscurity of Gilbert Carter of Nevada, Mo., to fight his way into the semifinals were outstanding events today at the thirtieth annual western amateur golf tournamgnt.

Four down at the end of the morning eighteen holes to Carey L. Ballew, Jr., of Kansas City, the University of Oregon sophomore was as steady in the afternoon as he was erratic in the morning and won four holes in a row to end the match on the thirty-third green, 4 and 3.

Carter won, 2 and 1, from Lawrence Moller of Quincy, Ill. Moller was semifinalist last year in the western amateur and semifinalist this year at the trans-Mississippi while Carter came into the tournament virtually unheard of and was given no consideration until he battled Moller to the thirty-fifth green to take today's match.

John Lehman, Gary, Ind., was forced to go to the thirty-sixth green to win, 1 up, from A. L. (Gus) Novotny, Chicago.

Art Sweet, 33-year-old Chicago golf writer and older by several years than the other semifinalists, gained the next to the last round by an overwhelming 8-and-7 victory over H. J. Kaiser of Racine, Wis.

Dummy Mahan and Paul De Hate Cop Hollywood Legion Fistic Spotlight Tonight

SLUGGERS MIX AT FILM CITY

Winner May Get Shot With Jimmy McLarnin

Deaf and Dumb Boxer Rules Slight Favorite

Knockout Ending Would Not Surprise Experts

Two slugging welterweights, Dummy Mahan and Paul DeHate, headline the Hollywood American Legion Stadium fight card tonight, and Mahan, the deaf and dumb Mexican, is favorite over the Compton fighter. Mahan is making his first start at the stadium and some of his supporters believe he will stop DeHate.

When Dummy Mahan fought Musky Callahan he had to make 140 pounds and Fred Winsor claims that it didn't do his fighter any good. He will be much stronger tonight at 147 pounds and will be able to give DeHate all his guns with plenty of ammunition behind them. Mahan is the only deaf mute fighting in this country. He was born in old Mexico and was raised in Arizona.

The winner of the DeHate-Mahan fight has been promised a shot with Jimmy McLarnin next month and both are anxious to meet the Vancouver boy, who is the biggest box-office attraction in New York today.

Mahan and DeHate are not boxers of the clever type but depend solely on the mix. DeHate lost to Freddie Fitzgerald because Fitzgerald would jab and run away. That type boxer is not the kind to make DeHate look good, his handlers claim. Paul likes the fighter who will meet him to toe to toe and slug it out. He evidently has an opponent like that in the "Dummy."

The preliminaries tonight have been carefully selected. Erwin Bigo and Charlie Cobb in the semi-wind-up may be just as sensational a fight as the main event figures to be. Bigo made a favorable impression when he stopped Omar Wright at the stadium a few weeks ago. He is a socker and an aggressive fighter. Cobb is making his first start at Hollywood. He has been a big card at Ocean Park.

Matt Codan beat Vencl Whitehead to an unpopular decision recently and the rematch promises to be a fight with Codan having a shade the best of the Santa Monica boy.

Tony Moreno will fight Jose Gabuco in the second spot and Johnny Gabuco meets Young Oyzado in the curtain-raiser. They are little fellows.

VON ELM WINS EXHIBITION

PONTIAC (Mich.) July 11. (AP)—George Von Elm and Tommy Armour defeated Walter Hagen and Horton Smith one up in an exhibition best ball golf match at the Tam O'Shanter Club here today.

SIX-DAY RUN PLANNED

Pyle Derby Prize Winners Will Start Race at Legion Speedway Tomorrow

Banding together to break all existing running records, pavement pounders who came across the country in the recent C. C. Pyle derby expedition, will begin a six-day nonstop race at the American Legion Speedway here tomorrow night. This was the announcement forthcoming yesterday from Jim Thorpe, famous Indian athlete, who has been put in charge of the local "bunion event."

Johnny Salo, Guisto Umek, Sam Richman and every other outstanding participant of the New York to Los Angeles transcontinental run, will be entered in the affair starting tomorrow, it is stated, with the possible exception of Pete Gavuzzi and Arthur Newton. The latter two have not decided whether they will compete as one of the two-man teams, according to Thorpe, but they may join the list by starting time.

The foot race will start immediately following the automobile races to be staged by the American Legion tomorrow evening. The runners will encircle a course to be layed out in front of the grand stand, which will be one-sixth of a mile in length.

Eating and sleeping quarters for the ankle amblers will be arranged for at the speedway. It will be a go-as-you-please race and the man will have the privilege of either walking or running, just as long as they continue moving forward.

Thorpe announces that the runners are set on shattering a record for the six-day and night grind hung up by two Frenchmen twenty-five years ago in New Orleans. The latter are said to have covered 723 miles in the 144 hours.

Thorpe and M. Brown, who are in charge of the event, as a result of having been appointed by a committee of runners, declare that more than 30,000 fans and curiosity seekers are expected to file into the speedway during the six days and nights of competition.

Rules governing the event will be similar to those of six-day bicycle racing, it is announced, one runner being on the track while the partner rests.

Salo, the Finn, and Richman, New York Hebrew, will start the grind as favorites as a result of their performances in the cross-country run, which ended at Wrigley Field here. Salo was the winner of that event while Richman finished fourth.

Jack Knight, Jahn Sold to San Francisco

SAN FRANCISCO, July 11. (AP)—In the first step to strengthen the team for the second half of the split season, the San Francisco Seals today purchased Jack Knight, right-handed pitcher, and Art Jahn, outfielder, from the Portland Ducks.

George A. Putnam, Seals' secretary, announced the two players were acquired for a sum of "more than $10,000." They will report tomorrow.

Knight had a fine season last year, winning seventeen and losing seventeen, despite pitching for a second division team. He also gained fame by twirling a no-hit, no-run game. He finished the season with an earned-run average of 3.34 and batted .201.

Manager Nick Williams intends to use Knight as a pinch hitter, in addition to mound duty, while Jahn will be played against left-handed pitching.

Mat Champion Has Not Signed for Clash Here

Champion Gus Sonnenberg, who successfully defended his title of world's mat monarch against Ed (Strangler) Lewis in Boston Tuesday night, and who was slated to meet Joe Malcewicz, the sensational Utican, here July 24 as the result of the latter's victory over Nick Lutze two days ago, has yet to agree to terms for this match.

This was the announcement made yesterday by Promoter Lou Daro following receipt of a telegram from the champion to the effect that two Chicago promoters had overbid him for his next appearance on the mat. Sonnenberg informed Daro in a telephone conversation Tuesday night that he would meet the winner of the Lutze-Malcewicz match here July 24. The Chicago promoters, who were in Boston for the match with Lewis, beat Daro's figure, Connenberg and his manager, Paul Bowser, refused to sign with the Windy City promoters, however, until the local promoter had been given a chance to compete for the bout.

As a result of the action of Sonnenberg and his manager, Daro is without the title bout he expected to present here late this month. He stated yesterday, however, that he would bring the champion here for Malcewicz if it cost him $20,000.

MANUSH CROWDING FOXX FOR BAT LEAD

[Copyright, 1929, Associated Press]

With the American League half of the Big Six kept out of action by rain, National League members gave a mediocre account of themselves. Rogers Hornsby did get three out of ten in a double-header at the Polo Grounds, but his average slid 3 points. Paul Waner got one hit, a homer, and Melvin Ott got two in two games, one his twenty-fifth homer.

Heinie Manush, the St. Louis slugger, was included in the Big Six last night in the place of Lou Gehrig, whose work has fallen off. Manush with .396 is crowding Jimmy Foxx for the lead of the Big Six and the American League.

JACKIE MANDELL IS VICTOR OVER KAISER

Jackie Mandell, local 124-pounder, defeated Charley Kaiser, Hollywood favorite, in the ten-round main event at the Pasadena arena last night. The bout was a fast one throughout, with Mandell proving a bit the cleverer.

In the other bouts Oriel Agdello, Chilean lightweight, beat Joe Mancillas in six rounds; Sammy Seaman stopped Joe Garcia in the first; Mike Butler trimmed Joe Padillo in a four-rounder, and Canto Robleto won the curtain-raiser from Regino Palmini.

Dog Races

First race, for tenth day, Thursday, July 11, 1-4 of a mile—Carters Mistake, first; Sand Kid, second; Miss Muscatine, third. Also rans—Susie Pierce, Blue Meadows, Rare Hunter, Kerry Jim, Shuffling Sheriff. Time 26 2-5s.

Second race, futurity—Fake Friend, first; Irish Light, second; Volcan, third. Also rans—Royal Fix, Merry Monarch, Pampering Dollars, Ritter Chief, Chemac. Time 29 2-5s.

Third race, 1-4 of a mile—Real Gerry, won; Pat O'Bright, second; Mac MacGrath, third. Time 23 4-5s. Dawn, Speedy Fix, Byron Malkasm, Radio Bob, Dorothy May, also ran.

Fourth race, 3-16 of a mile—Man O'Mine, won; Fawn Hills, second; My Buddy, third. Time 19 2-5s. The Rival Away, The Mount, Black Joker, Marsh Maggie, Lucky Dick, also ran.

Fifth race, futurity—Velocity, won; Chaney, second; Measured, Tread, third. Time 28 1-5s. Bourbon, Snap Dragon, He Might Lt., Freedom's Hillcourt, Conejo Mission, also ran.

Sixth race, 5-16 of a mile—Consanary, won; Kid Duncan, second; Jean Bridge, third. Time 32 2-5s. Stockton Boy, Straight Cut, Tara Miracle, Speedless, Jay Shine, also ran.

Seventh race, 1-4 of a mile—San Carlos Hero, won; San Pablo Lad, second; Prairie Fire, third. Time 23s. Red Ripper, Tanaan, Ronnie Bells, Country Gent, also ran.

Eighth race, futurity purse—Real Hero, won; Silverado II, second; Wrist Rocket, third. Time 30 2-5s. Hard Cash, Lady Ruth, Prince of Gold, He Tends, Lucky Boy, also ran.

Gorchakoff Advances in Eastern Play

SYRACUSE (N. Y.) July 11. (Exclusive)—Fred Mercur and Gilbert Hall and Art Kussman and Ben Gorchakoff, winner and runner-up, respectively, in the national clay court tennis championships, arrived here this morning to compete in the New York State tournament.

Matches had been held over for these stars, who were delayed at Indianapolis, Ind., four days, due to rain. Kussman of Los Angeles was beaten in a second-round tilt, 9-7 and 6-3, by Eddie Jacobs of Baltimore.

Gorchakoff entered the quarter-finals, winning three consecutive contests, all in straight sets, and meets the winner of the Fred Mercur-Donald Cram match tomorrow. Hall also gained the quarter-final bracket, where he encounters Bruce Barnes of Texas tomorrow. Barnes today upset Jacobs, 5-7, 6-4, 6-2.

Frank Shields and Berkeley Bell, No. 10 and No. 11 nationally ranked players, were the first two to gain the semifinal rounds.

Bell defeated Maurice Bayon of New Orleans, 10-8, 6-3, while Shields defeated Bradshaw Harrison, Pacific Coast ace, 6-1, 6-0.

Ben Gorchakoff and Art Kussman, intercollegiate champions, were seeded first in the doubles play which opened today. The pair entered the quarter-finals after a three-set tussle with Don Cram and Ed McTyre, Vanderbilt University, 3-6, 8-6, 6-4.

SPEED THRILLS PROMISED

Twenty-five Leading Dirt-Track Drivers Race Tomorrow Night at Legion Bowl

Thrills on a wholesale order are promised at the American Legion Speedway tomorrow night when some twenty-five of the leading dirt track drivers of the West will compete in an official Elks' night racing program, topped by a twenty-four-lap B.P.O.E. sweepstakes. Such daredevils of the dirt track as Mel Kenealy, Jimmy Sharp, Nick Martino, Walt May, and Bill Heisler are due to face the starting flag of the veteran Fred Wagner.

"Wild Bill" Heisler, the hard-luck pilot of the local speedway, announced yesterday that he will have his Frontenac in perfect shape for tomorrow evening's spins and this word caused many smart railbirds at the local oval to immediately install Heisler as a "dark horse" of the meet.

Heisler's mount took a bad spin last week on the south end of the track and a flat tire caused the car to skid into the top rail on the south end. Heisler emerged unscathed, however, and despite the fact that the front end of the machine was smashed, the car has been completely repaired for tomorrow night.

Jimmy Sharp, the San Pedro youngster, and Walt May, driver of the Multiford Special, continued to be good bets among fans yesterday. Sharp won last Saturday night's main event, while two days previously he grabbed first-place prize money at Banning. May fought a thrilling battle against great odds last week. Starting in front he fell back to eighth position when his car skidded and narrowly escaped being smashed up on the straightaway in front of the grandstand.

However, May came back strong and passed Kenealy on the final dash to the flag and won second-place honors.

In addition to the regular program tomorrow night, fans who stay in the stands will see the starting of the "Bunion Derby" to be staged continuously for six days and nights at the speedway.

PORTLAND BUYS NEW OUTFIELDER

PORTLAND (Or.) July 11. (AP)—Thomas L. Turner, president of the Portland baseball club, announced today the purchase from Providence, R. I., of Dave Harris, hard-slugging outfielder, but refused to confirm or deny the reported sale of Jack Knight, king pin pitcher of the Ducks and Art Jahn, left fielder to the San Francisco Seals.

Turner said he paid $8000 cash for Harris, who will report either Tuesday or Wednesday of next week.

The president, when questioned about the sale said: "Gee, all these other towns are selling players for me."

Helen Wills in Win Over English

LONDON, July 11. (AP)—Helen Wills showed a return to early interested golfers Prince of Wales, that she is able to beat even a fair tennis player, when she defeated Capt. [illegible] M.P., by scores of 6-4, 6-4.

Capt. [illegible], squash racquets champion of Britain and a tennis player, was no match for woman champion of the nations. The match, which merely lasted long enough to give the fans a chance to get their money's worth before the afternoon tea, failed to win two sets, although Capt. [illegible] promptly ran out the first set. He failed to score to finish 6-4 before being cut.

Miss Wills's opponent [illegible] struggled his hardest to win, but her efforts were unavailing as she was too good."

This is not the first time Wills has defeated a [illegible] tennis star. A match between Mercur, one of the best players, at Forest Hills, Mercur, which was won by the champion, aroused much discussion and was followed later by a return match which Mercur won. Mercur said he was as long as he played a tennis and traded drives with [illegible] she was more than a match for him.

The S-l-o-w, Easy Swinger—and the Guy Who Socks 'Em!

When "Ed" Sturgis isn't winning Westchester Amateur Championships he divides his time pretty equally between selling securities for W. L. Thomas, Inc., and hitting golf balls the proverbial mile. Ed's a big fellow with a round-house swing that takes the old ball for a mighty long ride. Ed still insists that any golfer can afford to use the extra few yards that modern competitive golf demands. Ed plays the Hol-Hi.

Norris G. ("Norrie") McLean, of Dawson, Lyon & Co., investment brokers. He is one of those chunky birds who takes a pretty healthy poke at the ball but makes it rather positive that while he expects distance, he wants to play a ball that will stay on the green when he puts it there and not act like a drop of quicksilver around the hole. Norrie plays the Hol-Hi.

HOL-HI 75c each

This Hol-Hi Ball is guaranteed to give absolute satisfaction — no matter how many holes you play it — for the length of its full life in the hands of the original purchaser. It is entirely guaranteed to retain its shape, not to crack, and to retain its paint in a manner satisfactory to the purchaser.

Shoberry Pitches, Hits Solons to Victory

DETROIT, July 11. (AP)—With a triple play and an unassisted double play to keep the game interesting, and twenty-three runs and three errors to make it amusing, the Boston Red Sox swamped the Tigers today under a 15-to-8 score. The Sox scored ten times in the ninth inning on eight hits and two passes. Marty McManus sent the Tigers from greater distance in the final score by hitting his only five times. Two of his blows were his third and fourth home runs of the week.

The Tigers executed the triple play in the ninth inning. Bayne walked and Narlesky walked. Scarritt then lined to Billings and both runners were caught in the

Walsh Gets Two on Par Five Hole

APPLETON (Wis) July 11. (AP)—Add "dodo" to the list of golf terms. Frank Walsh, pro at the Butte Des Mortes course, yesterday became responsible for the expression, which means a hole in three under par. Playing in a foursome, Walsh drove from the tee of a par-five hole into the rough. His second made the green and trickled into the hole for a two, and immediately was called a "dodo."

RABBIT PUNCHES

By Paul Lowry

MORE TRACK MEETS

THE shank of the summer finds us face to face with two track and field meets this week-end that excite unusual attention—the Oxford-Cambridge versus Harvard-Yale affair at New Haven tomorrow and the special two-day meet at Vancouver under the auspices of a street railway company of which Percy Williams's dad is a superintendent.

Generally speaking, the New Haven meet is interesting for only one thing—the effort of Fred Sturdy, the tall Yale boy, to crack the world's record in the pole vault.

Sturdy, a former Los Angeles High School boy who never vaulted more than eleven feet in his life during his prep years, was graduated from Yale this spring after tying Edmonds of Stanford and Williams of Southern California at 13ft. 9in. in the I.C.A.A.A.A. meet.

He competed for the I.A.A.C. in the national A.A.U. senior championships at Denver, and alone of all the noted stars gathered there was the only man who came close to breaking a world's record on a day that saw the wind howling a gale and harassing competitors in every event.

When the best time in the 100-yard dash was 10s. flat in a field including four potential 9 3-5s. men in Tolan, the winner; Bracey, Sweet and Wykoff you have a picture of the terrible conditions that confronted the athletes at Denver.

But in spite of the distressing atmospheric situation Sturdy won with a new senior record of 13ft. 9 1-4in. and barely missed three trials at world record height of 14ft. 15-16in.

He was in rare form at Denver, he has the proper mental attitude as well as a form that adds an extra inch or two, and it would not be at all surprising if he gains the coveted record tomorrow. One drawback is the lack of competition, none of the other boys entered in the pole being able to give him any kind of a battle. But somehow I suspect he will overcome even this. He should after conquering the elements at Denver.

* * *

WILLIAMS AND TOLAN

OF course, the 100 at Vancouver will be the featured event. It will bring together Williams, the Olympic Games champion in both the short sprints, and Tolan, Bracey and Wykoff.

With the exception of George Simpson, the new record holder in the 100, there isn't anyone that would add to the luster of thin field. Simpson pulled a muscle before the meet at Denver and was unable to take part in the championships.

When the meet was first conceived it was expected that the schoolboy champions—Wykoff of the United States and Williams of Canada—would be the whole cheese in the 100.

Williams is still holding up his end, but as far as the other end is concerned I believe Tolan, the black boy from Michigan, is the real threat to the security of the Canadian's peace of mind.

He is short and stocky, on the general build of the former Trojan star, Howard Drew, and the way he bucked that wind at Denver was beautiful to behold. I believe the only man who had a chance to beat Tolan at Denver was Charley Paddock, and he wouldn't run the race because the officials insisted upon heats when it was unnecessary and later permitted the same number of men to run one race as a final in the 220.

But Paddock with his powerful driving legs and flailing arms would have been a great bet in the wind.

Tolan may be a better bet in the 220 than in the 100 because of his terrific finish. Although he runs much like Drew did he does not get into his stride as quickly. That handicaps him to a certain extent in the 100, but in the longer race he fairly eats a man up in the last eighty yards.

Bracey is the quicker starter of the American boys, but his running form lacks much in the way of perfection.

Wykoff didn't have his old zip at Denver until the day of the relays rolled around, but his anchor laps in both the 440 and 880 races were beauties. He started with an advantage in both laps, but added five yards more in the 440 and four in the 880.

However, too much should not be expected of him this year. He has a strained look about his face that was not in evidence last year, and doesn't seem as strong. His tonsil operation with seven blood transfusions last Christmas apparently didn't do him any good.

* * *

WATCH HERMAN BRIX

HERMAN BRIX'S departure for Vancouver by airplane means that the natives up there will see something in the way of shot putting they have never enjoyed before.

It will be interesting, too, to see if Brix improves his distance after the fatherly advice old Pat McDonald, the veteran weight man, gave him at Denver.

Pat showed Brix some tricks about getting his shoulder back of the heavy ball that the big ex-Washington athlete never knew existed.

Brix also is going to Europe with one of the American teams this summer, and he probably will get a lot of competition with Emil Hirschfeld, the giant German who was beaten by both Brix and Kuck at Amsterdam.

There are two American aggregations lined up for the foreign trip. One is headed by Fred Sturdy and Leo Lermond; the other by Henry Cummings, the sprinter. The defection of Lermond, the miler, to the Sturdy gang, has disrupted Cummings's plans, and the latter's trip may be called off. Brix undoubtedly will join Sturdy and Lermond.

* * *

TOUGH ON MORGAN

WHAT was to have been a gentle canter for Tod Morgan against Goldie Hess the other night seems to have resulted disastrously in more ways than one.

Not only was Morgan beaten decisively but he had one rib cracked and another fractured, according to the verdict of the doctor.

On top of that he has to cancel a $7500 match in New Orleans later in the summer because of the bum ribs. Hess turned out to be a costly opponent.

About the only consolation Morgan obtained from the argument was the fact that his title was not at stake—that and the gameness he manifested in trying to beat his way out in front in the closing rounds.

SENATORS WIN

CLEVELAND, July 11. (AP)—Leading his team at bat and holding the Indians to eight scattered hits, Fred Marberry pitched Washington to a 9-to-3 victory over Cleveland here today. Marberry made three of the Nat's sixteen hits off Jimmy Zinn to share batting honors with Sam West. The game evened the series at one victory each. Score:

BRAME ROUTS PHILLIES

Twirls Pirates to Easy Victory Over Philadelphia to Increase National Loop Lead

PHILADELPHIA, July 11. (AP)—Irwin Brame pitched the league-leading Pittsburgh Pirates to a 6-to-2 victory over the Phillies today. He held the Phillies to five scattered hits, one of which was Hurst's sixteenth home run of the season. This hit came with a man on base and accounted for the Phillies' two runs.

Pie Traynor and Paul Waner hit for the circuit off Luther Roy who pitched the first seven innings. Bob McGraw finished the game.

Double plays—Whitney to Thompson to Hurst; Hargrave to Bartell; Thevenow to Thompson to Hurst. Losing pitcher—Roy. Umpires—Stark, Quigley and McCormick. Time of game—1h. 49m.

SOLONS CHECK ANGEL STREAK

(Continued from First Page)

Statz beat out an infield roller and scored when Webb doubled against the fence. Berger followed that blow with a home run, and Rachac retired. Cano got the side out, but had troubles of his own in the sixth.

Sandburg doubled as the sixth-inning lead-off man and took third on Child's single. Haney hit to Monroe and Sandberg scored and the other two hands were safe when the second baseman muffed the ball. Statz hit a sacrifice fly to Hoag to score Child.

Sacramento won the ball game with four runs in the sixth when Osborn, Koehler and Camilli doubled against the fence in succession after Holling had replaced Child. The Angels made a valiant attempt to overhaul the Solons in the seventh but fell one tally shy. Berger homed with the bases empty and then Telson singled and Dittmar doubled scoring the former. Bryan replaced Cano and held the Angels the rest of the way. The score:

LELIVELT GETS ON JOB TODAY

(Continued from First Page)

and hopes that he'll be accepted by Los Angeles fans. "I'll try to see that they get good baseball all the time, and I hope that will satisfy them, for I'm a bum hand at turning handsprings on the coaching lines," said the new Seraph skipper.

Naturally Jack doesn't know much about the Angel athletes so is not yet in a position to announce his plans. He believes, though, that he is getting a pretty good ball club to boss in the Angels.

Lelivelt will make his debut as Angel manager before local fans next Tuesday at Wrigley Field, when the Cherubs open a seven-game series with Oakland.

FAVORITE UPSET

FORT MIAMI TRACK, TOLEDO (O.) July 11. (AP)—A favorite went over in the first race in tonight's program at Fort Miami track when Petro Guy, driven by Sep Palin for E. J. Baker of St. Charles, Ill., won all three heats of the $2000 3-year-old pace. Nanette and Silver Girl furnished the contention.

PLAN WELCOME FOR JUNIORS

(Continued from First Page)

behalf of the city. Delegations from Huntington Park and San Pedro, home of Vane Baker and Robert San Jose, respectively, will be on hand to insure their boys a noisy welcome.

Due to the fact that medals and trophies are not awarded until Sunday the boys will be unable to leave Atlantic City until that time. They will go to Washington to see the sights and then start home Tuesday, arriving here at 2:15 Friday afternoon.

San Jose, senior champion, is a Filipino boy who lived for many years in Honolulu. He represented Anderson Memorial Playground of San Pedro in the Southern California finals and placed second to Fernando Ramos of Ross Snyder Playground, Los Angeles. Ramos is a Mexican boy, born in Los Angeles.

Baker's triumph, after trailing Deal until the final event, is all the more noteworthy because of the fact that Vane is two years younger than his local rival. He has yet to attain his fourteenth birthday.

Arthur Dietz, who coached both San Jose and Deal, deserves a lot of credit, as does "Pop" Squire, Huntington Park mentor who has looked after Baker's interests this year. And then there's Norman McKenzie, Ramos's coach, who could not make the trip east.

While bouquets are being passed out Boyd Comstock and John F. Ness should not be overlooked. Comstock, aided by the three coaches, took the boys in hand after the Southern California finals. Evidence of his coaching ability is found in the feat of San Jose who went into the national meet and bettered every single mark he had ever made before. Ness worked untiringly in the interests of the youngsters for months.

Following their return the boys will take time out for a short rest and then leave on August 10th for Honolulu, this trip, with all expenses paid, being awarded the youngsters for their brilliant work all season.

MAUREEN ORCUTT IN GOLF VICTORY

GROTON (Ct.) July 11. (AP)—Miss Maureen Orcutt, Haworth, N. J., entered the finals in the eleventh annual invitation tournament today by overwhelming Miss Helen Hicks of Hewletts, L. I., N. Y., in a semi-final match. She will oppose Miss Edith Quier of Philadelphia in the finals tomorrow. Miss Quier scored an upset in the other semifinal match by putting out Mrs. Dorothy Campbell Hurd of Merion, Pa., twice winner of the cup, 3 and 2.

Reds Win Second Straight from Lowly Braves

NEW YORK, July 11. (AP)—The Giants and the Cubs broke even here today before a large week-day crowd of 35,000. Chicago won the first game by 8 to 3 and New York evened by winning the second, 16 to 12.

The first game went to Chicago when Fitzsimmons was batted hard and poorly supported. McMillan hit a home run with two men on and Perce Malone, the pitcher, doubled with the bases full. Malone won his twelfth victory of the season and pitched a strong game. He had only one weak inning, the seventh, when Fullis hit a homer with a man on base.

New York knocked Blake out with a five-run assault in the first inning of the second game and continued to score on Horne and Nehf. The Cubs fought back hard and knocked out both Walker and Scott. Several Chicago rallies were checked by fast New York double plays. The pitchers of the two clubs gave fourteen bases on balls. Ott hit his twenty-fifth home run, Wilson his twenty-first and twenty-second, and Lindstrom his twelfth.

SHERDEL HERO

BROOKLYN, July 11. (AP) — The Cardinals evened the Brooklyn series by winning the second game by a score of 6 to 3. Bill Sherdel allowed a dozen hits but was steady in the pinches. Four Brooklyn pitchers were used. Babe Herman's long hitting streak was broken when he failed to get the ball out of the infield in five attempts.

SEALS HAMMER OUT WIN OVER OAKLAND

OAKLAND, July 11. (AP)—The San Francisco Seals hammered out seventeen hits off three Oakland pitchers today to score their third straight win, 7 to 5. Daglia, leading Oak twirler, was nicked for four runs and five hits in the first inning, and when three more hits in the third produced two runs he was replaced by Jeffcoat. Arlett replaced Jeffcoat in the seventh. Davis of the Seals allowed fourteen hits. The score:

BARBARA BASTHEIM LEADS GOLF PLAY

DEL MONTE, July 11. (AP)—Miss Barbara Bastheim, 18-year-old Los Angeles girl, led a large field of feminine golfers at the end of today's first eighteen holes of the Northern California Women's Golf Association invitational tournament at the Monterey Peninsula Country Club.

Miss Bastheim, who recently won the Independence Day tourney ladies' flight at Del Monte, turned the dunes course in 91 today.

Sheiks Annex Third in Row From Seattle

(Continued from First Page)

out by picking Rumler off second, but Heath came through with a single that moved Funk to third. Burkett walked, filling the bases, and Bassler delivered a sacrifice fly to Lawrence that scored Funk. Kinney arched one to Eckhardt for the third out.

The fourth was a lengthy round for Kinney, but the Indians could get but one run out of the conglomeration of hits and walks. Wade opened the firing with a double to right and Barbee drew a walk. Eckhardt forced the count to three and two, but finally popped to Lee. Lawrence bumped a single to left that scored Wade. When Falk walked, filling the sacks, things looked bad for Kinney, but Walter pulled out of the situation. Borreani hit to Rollings, whose throw to Bassler forced Barbee at the plate and a then Kinney fanned Wright, to end the round.

STARS GET FOUR MORE

The Stars came back with four runs in their half of the fourth on Kinney's infield hit, Falk's wide throw, a walk to Lee, Rollings's sacrifice, singles by Carlyle and Rumler, Funk's triple, a walk to Heath and a successful double steal by Funk and Heath. The Sheiks would have scored more but for some bum base running by Carlyle, who ran Lee off third and was then run down between second and third.

Knothe's single and Wade's home run, which cleared the center-field screen, gave the Tribe its final runs in the fifth.

The Sheiks, figuring they had to score in every inning the Indians did, tallied twice more in their half of the fifth. Kinney's double, Lee's single, Rollings's sacrifice fly and hits by Carlyle and Rumler did the damage. The score:

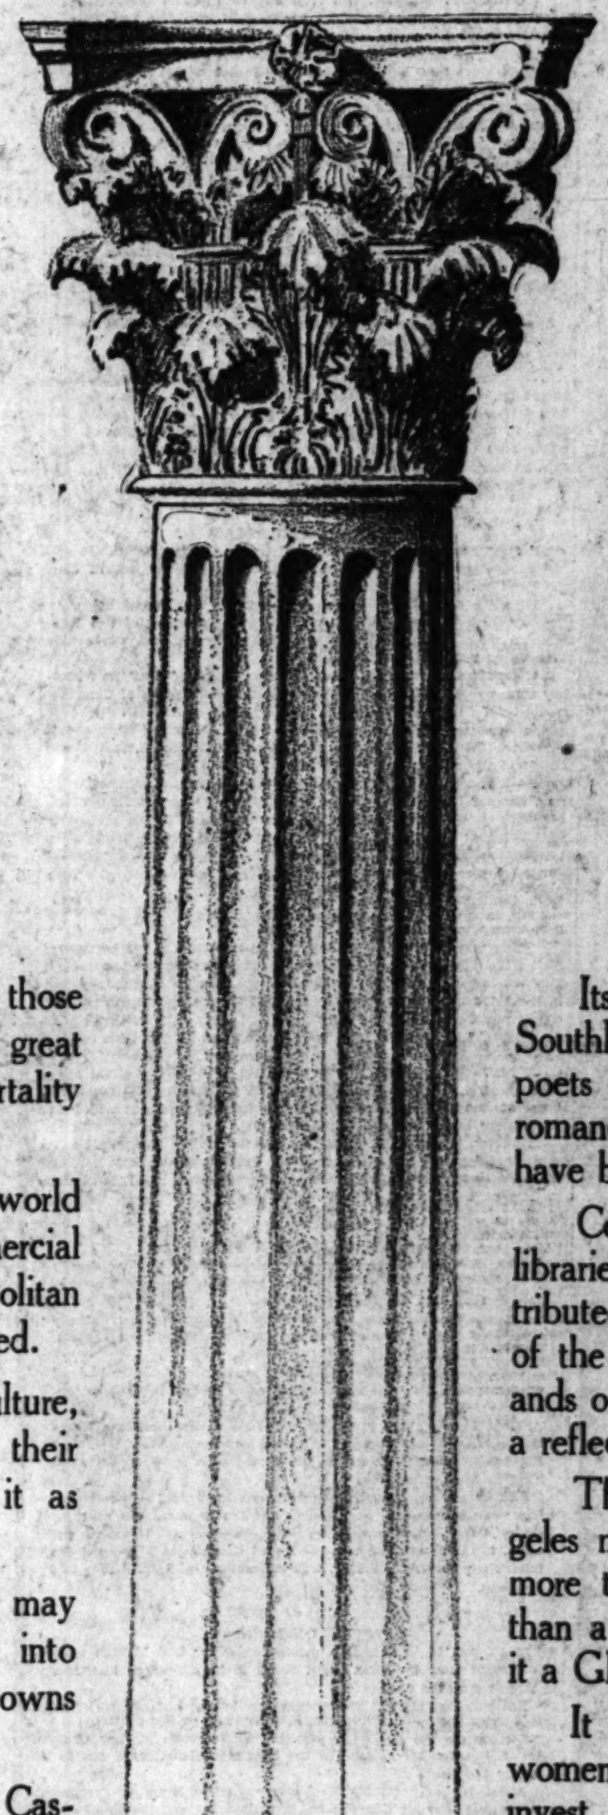
A City *is only as great as* Its Culture



HISTORY proves that those cities which have grown great and lived have achieved immortality through their culture.

Drawing the minds of the world to their doors,—gaining commercial success through their cosmopolitan perspectives,—they have endured.

Boom towns, ignoring culture, arise with the dollar sign as their alarm clock, and retire with it as their lullaby.

Cultural blood transfusions may save them. If not, they pass into oblivion, along with the ghost towns of gold rush days.

Blending with its original Castilian culture the newer arts and sciences, Los Angeles has risen swiftly to an enviable place among the cultural centers of the nation, and the world.

Its artists have immortalized the Southland's surpassing beauties,—its poets and writers have sung of its romance,—its thinkers and teachers have brought honor to its hearth.

Colleges, clubs, studios, theatres, libraries, and laboratories have contributed to the learning and culture of the world, and brought to thousands of eager minds in the Southland a reflection of their brilliance.

This culture has made Los Angeles more than a wealthy city,—more than a populous city,—more than a healthful city. It has made it a GREAT city.

It is easy for thinking men and women to believe in such a city,—to invest in its physical assets,—and call it home.

It is natural for them to consistently read the story of a great city's climb to further greatness in the Sunday Real Estate Section of

Los Angeles Times

CURTIS SAYS HONESTY IS HIS CREED

Vice-President Explains His Political Doctrine at Dinner in Honor

TOPEKA (Kan.) July 11 (AP)—Vice-President Curtis, home on a vacation, explained his political creed at a dinner given in his honor last night by Roy L. Bone, former Kansas Bank Commissioner. Sixty lifelong friends attended.

"I began my political career with the idea of being absolutely honest with the people whose votes I sought," the Vice-President said. "I have always believed and I still believe the people are entitled to know what a public official's views and opinions are, at all times on public questions. I also have always believed that when people asked something done they were entitled to know whether or not I believed I could do it for them. While there have been many people who have disagreed with me at various times, still I cannot help but feel grateful to the thousands of good people who have given me their support and who have trusted me so long."

Among those at the dinner were Senator Arthur Capper, Senator Henry J. Allen, and Gov. Clyde M. Reed.

UNIONS SET MEETING

TUCSON (Ariz.) July 11. (AP)—The annual convention of the Arizona Federation of Labor will be held at Douglas September 16, L. E. Brewern, State president, announced here today. A notice has been sent to all the member labor organizations and credentials forwarded for the official registering of the delegates.

RED TAPE CUTS BANISH WASTE

Lord's Budget Bureau Work Featured by Economies

Handling of Post-War Supply Surplus Offers Example

Policy Now General in All Federal Departments

[This is the sixth of a series of personal reminiscences by Gen. Herbert M. Lord, who retired recently as Director of the United States Budget after seven years' service during which he supervised the expenditure of more than $25,000,000,000 in government funds.]

BY GEN. HERBERT M. LORD, Former Director of the United States Budget.

As Told to William P. Helm, Jr.

(Copyright, 1929, by the North American Newspaper Alliance.)

WASHINGTON, July 11. (Exclusive)—We hear a great deal about red tape in the government. Red tape cannot be eliminated wholly, nor should it. A certain amount is essential as a safeguard to the government's business.

There has been far too much, however, in the past. There is too much in Washington today, although the bureau of the budget has been cutting it for eight years. Thanks to the loyal, thorough cooperation of thousands of Federal workers, high and low, there is less red tape in the government's financial affairs today than for a generation.

To return to Gen. H. C. Smither, whom I mentioned in an earlier chapter, his immediate task after taking office was the disposal of the government's post-war surplus of supplies and equipment. Inventories were made and a clearinghouse set up. All requisitions for new supplies, from whatever branch of the government, were referred to him. Only when the supplies could not be obtained from surplus were the various departments permitted to go into the markets to buy.

TASK OF YEARS

Of necessity the work extended over a long period. It lasted years. From that day to this more than $4,000,000,000 worth of surplus government supplies has been disposed of. Tens of thousands of requisitions for material that otherwise would have been bought in the open market have been honored out of surplus. So skillfully and efficiently was the work done that so far as I know it has caused scarcely a ripple on the waters of the nation's industrial and financial affairs.

From that beginning the budget bureau has been sending its trained workers along with the dollars taken from the Treasury by every branch of the government. The little group of budget bureau workers has accomplished marvels of economy in my humble judgment. In fact, they have planted the leaven of economy throughout the whole Federal service. The record is studded with instances of savings effected through their preaching and following the gospel of economy.

Let me cite a few cases, all recent.

DRY BUREAU CHANGE

Somewhat more than a year ago the personnel of the prohibition bureau was placed under civil service. It was announced that all jobs under the bureau would be filled from the civil service. That meant that anyone who desired might apply for a place, take an examination and, if he passed and demonstrated his fitness in every way, obtain a job. The ruling applied to old employees as well as new; everything was included.

More than 7000 persons filed applications. Now the nature of prohibition enforcement work is such that unusual safeguards have to be exercised in making appointments. Those in charge decided to investigate virtually the entire history of every applicant. The most extraordinary and painstaking efforts were made to bar unworthy or unfitted persons.

The bureau of investigation of the Department of Justice, often referred to incorrectly as the secret service, undertook the work. Ordinarily that bureau has just about all it can do. It does virtually all the government's detective work except apprehending counterfeiters, and on occasion, I understand, it stands ready to lend a hand there.

HUGE TASK COMPLETED

The bureau undertook the heavy assignment in addition to its other duties, and made more than 25,000 examinations into the records of the 7000 applicants. It completed the task without adding materially to the government's usual expense for the bureau's work. Seven thousand persons were investigated from their days of early childhood at virtually no cost to the government.

A considerable saving has been reported by the Bureau of Immigration through the adoption of a new policy in deporting aliens. Formerly the government went to considerable expense to pay the transportation of deportees, and sent along its agents—paying their transportation, too, and their salaries—to escort aliens to places of deportation.

Nowadays under certain conditions aliens may depart voluntarily across the land borders, due precautions being taken to see that they do depart. According to the commissioner of immigration the saving was $280,000 in a recent year. Also the bureau changed its custom of deporting some aliens from the Pacific Coast and Southwest by way of New York or Boston. It now sends them via Galveston, I am advised, at a saving of about $50,000 a year.

They teach recruits of the Marine Corps to shoot straight. Recently they adopted a new method. Instead of issuing 400 rounds of .30 caliber rifle ammunition to each recruit at $16.80 a man the government issues 500 rounds of .22 caliber ammunition at $10.71 a man. The recruit gets 100 more chances and the government saves $6.09.

Next: The "Amazing Situation" in the government printing office—a waste of millions stopped.

Many of Rebels Lay Down Arms

MEXICO CITY, July 11. (AP)—Reports to the War Department from the military commander of the State of Jalisco today say rebel bands in various parts of the State totaling 1000 have surrendered to the Federals in the past few days.

NAVY FREES YOUNG RUPP

Long Beach Youth Accused of Fraud in Academy Test Released on Plea of Shortridge

WASHINGTON, July 11. (Exclusive)—Due to the intervention of Senator Shortridge and the lenient attitude of Secretary of the Navy Adams, Henry S. Rupp of Long Beach, Cal., and Paul D. Schooler of Washington, D. C., held for trying to "beat" a physical examination for the Navy Academy, were released from the district jail today and placed in the custody of their attorney. The two 19-year-old lads were held in jail, unable to raise the $2000 bail on the charge of conspiracy to defraud the government, since Monday when both were arrested following the exposure of Schooler's substitution for Rupp in a Naval Academy physical examination.

Secretary Adams today informed the District Attorney's office that the Navy will not press the charge against the young man, which means that the case will be quashed when heard before the United States Commissioner tomorrow.

In the meantime Senator Shortridge had swung stoutly to the defense of the California boy. It was largely through his efforts that the boys' attorney, Milton F. Barrett, was able to obtain their release from jail today.

Upon his release young Rupp went immediately to the home of George E. Strong, Washington attorney, and friend of the family, where he will stay until the hearing tomorrow.

It is expected that young Rupp will leave for home as soon as he is discharged from custody tomorrow. His parents, Mr. and Mrs. Henry A. Rupp of Long Beach, are standing squarely with their son. In a telegram received by Secretary Adams today they asked for the release of their son. The telegram reads as follows:

"Through newspapers we learned of our son's desperate attempt to pass Annapolis vision tests. His place now is at home with his mother and father and not in a Washington jail 3000 miles away. Considering his age and inexperience may we not ask you to request dismissal of the charges. He is a boy of high standing and good moral character, but obsessed with a desire for Annapolis."

The District Attorney's office was informed that the charges would be dropped shortly after the reception of this telegram, and following a conference between the Secretary of the Navy, who returned to his desk in Washington today, and the naval officers in charge of the case.

Senator Shortridge will appear on behalf of the two boys at the hearing of the case tomorrow, though there is little chance that any action other than to dismiss the case will be taken.

COLLEGE GIRLS FAVOR TEACHING

Educated Women Chiefly Ignore Business

Those in Commerce Earn Higher Incomes

Subject Discussed Before Club Federation

MACKINAC ISLAND (Mich.) July 11. (AP)—College women earn more than women of less education, but fail to enter the fields where chances of financial rewards are greatest, the National Federation of Business and Professional Women's Clubs was told tonight.

Dr. Margaret Elliott, assistant professor of personnel management at the University of Michigan, said that of 1752 college women replying to a questionnaire, 55.5 per cent were engaged in teaching.

COMMERCE PAYS HIGHER

Only 3.7 per cent of this group earn more than $3000 a year, she said, while 8.2 per cent of the women engaged in commerce and 7.2 per cent engaged in manufacturing receive salaries above $3000.

Semipublic organizations furnish an excellent field for women, Dr. Elliott said, for 50 per cent of the total number employed in this field earn between $1520 and $2260 with many salaries ranging higher.

Women with only a high school education, she said, concentrate in clerical and financial work, while college and normal graduates and women with a partial college education tend toward teaching.

ODDS FAVOR CITIES

Sales and publicity, production and planning include a higher proportion of women with only grade school education than any other group, according to Dr. Elliott.

"Statistics favor Broadway instead of Main street for higher salaries," she said. "In most types of work there are wide differences in earnings between large and small population centers, with the odds in favor of the large cities."

MALE BATHERS GAIN VICTORY

Council Committee Refuses to Approve Move to Ban Shirtless Suits

The City Council's Parks and Playgrounds Committee yesterday filed, that is, killed, the resolution offered last month by former Councilman Alber asking the adoption of an ordinance prohibiting the rolling down of men's bathing suits to the waist line.

GOSPEL CHURCH SPLITS IN ROW

Mrs. McPherson's Disciples in Detroit Rebel

Group Would Oust Pastor She Sent There

Klock Accuses Minister of "Military Despotism"

DETROIT, July 11. (AP)—Charging "military despotism" on the part of Rev. George P. Fink the pastor, 150 members of a Detroit branch of Aimee Semple McPherson's Four Square Gospel Church today announced their intention of withdrawing from membership.

The dissenters are led by Mr. and Mrs. Richard J. Waugh, who founded the local church and who were instrumental in getting Mrs. McPherson to come from Los Angeles recently and conduct a two weeks' revival service.

Mr. Fink, formerly a Presbyterian minister at Utley, Mich., was sent to Detroit last year by Mrs. McPherson as acting pastor and field representative for the State.

The rebellious church represents about half of the church membership at the time of Mrs. McPherson's campaign.

Big Bear Lake—Southern California's Highest Playground

BIG BEAR LAKE

There is no more enjoyable place for your vacation days or week-ends than Big Bear, snuggled in the pine-clad hills of the San Bernardino Mountains. Big Bear is reached from Los Angeles in four hours over scenic highways that run the gamut from semi-tropical palm lined boulevards, through lemon and orange groves to a most gorgeous mountain panorama. It is the only mountain valley with thirty-five miles of paved and surfaced highways. Come, ride, drive, play golf, tennis, swim, fish, hike.

The Big Bear Lake All-Year Club and Chamber of Commerce Invite You to Big Bear

Clean and comfortably furnished housekeeping cabins and hotel accommodations at reasonable prices. Numerous stores, markets and cafes offering regular city service.

OPIUM SCANDAL MAY ROCK CITY

Influential San Francisco Citizens Incriminated

Federal Attorney Hints at Sensational Arrests

Vice-Consul's Wife's Baggage Yields Plot Clews

SAN FRANCISCO, July 11. (Exclusive)—A forecast of arrests among San Francisco's wealthiest and most influential citizens was made by government forces today as attorneys for Mrs. Ying Kao moved to protect her from harm because of the disclosure of an asserted gigantic opium smuggling plot in which she is the central figure.

The arrests if made will be on information gleaned from the personal correspondence and effects of Mrs. Kao, United States Attorney Hatfield indicated. Although he guarded names carefully, he said "incriminating evidence" has been obtained and the government is preparing to strike in sensational fashion as soon as diplomatic Washington indicates where jurisdiction in the case lies.

CONSPIRACY SCENTED

Mrs. Kao's personal baggage, Hatfield indicated, supplied identities and data appearing to substantiate official belief that men high in the civic affairs of Chinese relations have conspired together in a smuggling organization of widespread ramifications and huge values.

The papers fielding the information are those which attorneys for Mrs. Kao, wife of the suspended vice-consul here, tried again today to retrieve from government hands after failing before Federal Judge Louderback last night. A new brief was filed charging violation of the Fourth and Fifth Amendments to the Constitution.

Mrs. Kao's counsel at the same time averred she is in imminent danger of death. She is subject to the death penalty if convicted in China of smuggling, and probably is due to receive it if she reveals the identities of "friends" who she said prevailed upon her to bring the confiscated baggage to San Francisco under diplomatic franking privileges.

KAO APPEALS FOR AID

While they attempted to relieve this burden in the courts Ying Kao, her husband, appealed to Minister Wu at Washington to refuse a request of the Chinese Nationalist organization, Kuomintang, to return his wife and himself to China for trial. In common with his wife, he insists she and he have been victimized unwittingly.

Anglo-Soviet Parley Near

LONDON, July 11. (AP)—First steps toward resumption of normal diplomatic relations between Great Britain and soviet Russia, it is stated in well-informed quarters, are to be taken some time this week by means of a communication from the British to the soviet government.

The form of the communication is under consideration.

PHOENIX ASSURED OF WEST COAST THEATER

PHOENIX, July 11. (AP)—Phoenix today became assured of a new, modernly equipped motion-picture theater to cost not less than $300,000 by the acceptance of the bid of the Fox West Coast Theaters, Inc., to lease a portion of the old City Hall Plaza at $14,000 a year for fifty years. Charles A. Buckley, secretary and attorney of the Fox West Coast Theaters, presented the bid.

Folsom Felons Lose Last Plea to Escape Noose

SAN FRANCISCO, July 11. (AP)—Chief Justice Waste today denied without comment the request of Folsom convicts under death sentence for murder, to carry their case to the United States Supreme Court. The men were convicted of the murder of a fellow convict during the 1927 Thanksgiving Day riots at Folsom prison.

TWO COUNTIES TO GET KETTLEMAN HILLS GAS

SAN FRANCISCO, July 11. (AP)—Kings and Fresno counties will be served by a natural gas line from Kettleman Hills under the terms of an application granted today by the State Railroad Commission to the Southern California Gas Company. The permit which includes the city of Lemoore permits the gas company to exercise franchise rights in these counties, dismisses an investigation on the propriety of contracts between the Standard Oil Company and the Southern California Gas Company, and orders the gas company not to construct lines in Merced and Madera counties unless and until it files franchises from these two counties.

FIRST PIUS'S MEMORY HONORED BY PONTIFF

VATICAN CITY, July 11. (AP)—Pope Pius XI today honored the memory of the first Pope to bear his name, St. Pius I, martyred during the reign of the philosopher-emperor, Marcus Aurelius. In the evening he expected to descend into St. Peter's, adjoining the Vatican Palace, there to pray at the tomb of the predecessor whose name he bears.

D. H. MILLER NAMED EDITOR OF TREATIES

WASHINGTON, July 11. (AP)—Secretary Stimson today announced the appointment of David Hunter Miller, international law specialist of New York, to the newly created position of editor of the treaties.

THE WEATHER

(Official Report)

LOCAL OFFICE, U. S. WEATHER BUREAU, Los Angeles, July 11.—(Reported by H. B. Hersey, Meteorologist.) At 5 o'clock a.m. the barometer registered 29.94; at 5 p.m., 29.87. Thermometer for the corresponding hours showed 64 deg. and 72 deg. Relative humidity, 5 a.m., 90 per cent; 5 p.m., 58 per cent. Wind, 5 a.m., southwest, velocity 2 miles; 5 p.m., southwest, velocity 7 miles. Temperatures, highest, 75 deg.; lowest, 62 deg. Barometer reduced to sea level.

WEATHER CONDITIONS. — July 11: Light local showers and occasional thunderstorms have occurred during the past twenty-four hours in some districts from the Rocky Mountains eastward to the Atlantic Coast, but no important rainfall was reported anywhere in the country. The temperature has risen considerably in the Northern Plains States and it is still above normal on the Atlantic Coast, but moderate temperatures were reported generally in other portions of the country this morning. In Southern California fair weather prevailed yesterday, with moderate temperature. It was cloudy this morning at all stations from the sea to the mountains but clear east of the mountains. Temperatures were generally near the normal. Fair weather will continue in Los Angeles and vicinity Friday, with moderate temperature. Clouds or fog may be expected in the morning.

SUN, MOON AND TIDES.—Los Angeles, July 12: Sun rises 4:50 a.m., sets 7:06 p.m. Moon rises 11:15 a.m., sets 11:23 p.m. Los Angeles Harbor, July 12: High tides, 1:01 a.m. and 2:40 p.m.; low tides, 7:50 a.m. and 9:05 p.m.

LOCAL TEMPERATURES. — July 11: Minimum and maximum temperatures from Southern California points, reported yesterday to the Los Angeles office of the U. S. Weather Bureau, were as follows:

Stations—	Max.	Min.
Imperial	104	72
Los Angeles Harbor	73	61
Mt. Wilson	88	62
Pasadena	97	59
Pomona	97	59
Porterville	101	61
Redlands	92	55
Riverside	92	57
San Bernardino	94	57
Santa Ana	94	63
Santa Barbara	72	58
Sierra Madre	86	58

LOCAL FORECAST

For Los Angeles and vicinity: Fair Friday and Saturday with moderate temperature; cloudy or foggy in the morning.

STATE FORECAST

SAN FRANCISCO, July 11. — Weather forecast:

San Francisco and vicinity: Fair and mild; fog in early morning; moderate westerly winds.

Northern California: Fair weather and normal temperature; fog along the coast at night; moderate northwest winds on the coast.

Sacramento, Santa Clara and San Joaquin valleys: Fair; moderate temperature; moderate northwest winds, except southerly in Sacramento Valley.

Sierra Nevada: Fair and mild; gentle to moderate southwest winds.

Southern California: Fair; fog on the coast; mild temperature; moderate temperature; moderate westerly winds on the coast.

NOTICIAS MUNDIALES DE ULTIMA HORA

POR EL PROFESOR RAMON GUERRERO
Encargado de la Sección Española de este diario

NOTAS TELEGRAFICAS

Caen y Perecen dos Aviadores Españoles

SEVILLA (España), Julio 11.—Dos oficiales del ejército español, que volvían an aeroplano de disfrutar de una licencia, fueron despedidos del aparato al inclinarse éste demasiado, con motivo de una corriente inferior de aire. Huelga decir que se estrellaron en el suelo y perecieron en el acto.

Eran los oficiales el teniente Esquibas y el observador Castro Miranda. El avión, que venía piloteado por el teniente Guerrero, aterrizó sin novedad en Sevilla.

El accidente ocurrió cerca de Tarifa, en momentos en que el avión volaba a más de 1000 pies de altura.

Muchos de los Rebeldes Mejicanos Deponen las Armas

CIUDAD DE MEJICO, Julio 11.—Por mensajes del jefe de las armas del Estado de Jalisco, dirigidos al ministerio de la Guerra, se ha sabido hoy que en estos últimos días se han rendido a los federales bandas rebeldes de varias partes del Estado, cuyos efectivos arrojan un total como de mil hombres.

Mensajes de Guadalajara, recibidos por el diarios de Méjico, afirman que la ciudad de Cocula, (Jalisco) fue atacada por 150 revolucionarios, los que han sido rechazados por la policía y los voluntarios, no sin dejar en el campo varios muertos y prisioneros.

Lo del Desarme Naval No Ha Pasado Todavía de Conversaciones

LONDRES, Julio 11.—En círculos autorizados británicos se asegurraba hoy con insistencia que las negociaciones entre la Gran Bretaña y los Estados Unidos sobre reducción de unidades navales no han pasado hasta la fecha de conversaciones.

Afírmase que ni se ha celebrado conferencia alguna, ni se ha fijado fecha para celebrarla. La mira de dichas conversaciones ha sido llegar a alguna inteligencia, que daría por resultado la entrada de otras tres potencias navales en los convenios que llegaren a concertarse.

Tiénese entendido que el primer ministro MacDonald está completamente preparado para aceptar una invitación procedente de fuente oficial norteamericana para visitar los Estados Unidos, y celebrar entrevistas con el presidente Hoover.

Los Aviadores Speos se Hallan ya en Groenlandia

COPENHAGUE (Dinamarca), Julio 11.—Por información de Ivigtut (Groenlandia) recibida aquí, se sabe que el capitán Albin Ahrenberg y la tripulación del aeroplano Sverige llegaron allá a las 6 a.m. del día de hoy, en una autocanoa, tras haber descendido en la Bahía de Kungnait, procedentes de Islandia.

Dicen las noticias de Ivigtut que el capitán Ahrenberg encontró mal tiempo, que fue poniéndose peor, y decidió volar a lo largo de la costa de Groenlandia.

Comprendiendo que no les sería posible continuar volando hasta Ivigtut, los aviadores sueco amararon de manera excelente en la oscuridad, y prendieron fogatas para llamar la atención.

Sus señales fueron notadas por el barco gasolinero "Quarto", que fue hacia ellos y los trasladó a Ivigtut.

Continúan las Crecidas en Kansas

TOPEKA (Kansas), Julio 11.—Fuertes aguaceros, que mucho han perjudicado las cosechas de Kansas, han seguido hoy de firme, y han hecho que suban aún más los ríos. Se temen mayores inundaciones.

Gypsum (Kansas) fue barrida por las corrientes de los arroyos Gypsum y Spring, salidos de madre, que se precipitaron sobre la población mencionada. Se dio oportunamente la voz de alarma, y todos los habitantes de ese lugar se pusieron en cobro, huyendo a sitios seguros.

En todas las tiendas penetró el agua, y un setenta por ciento de las casas quedaron convertidas en islas. La mayoría

FINANCIAL

PROFITS UP FOR EMSCO DERRICK

President Says First Half of 1929 Shows Gain

Net Operating Earnings Set at Over $800,000

Sales Volume Increase Over 1928 $2,000,000

Net earnings of the Emsco Derrick and Equipment Company for the first half of the current year totaled in excess of $800,000, after all charges equivalent to more than $2 a share on the 400,000 shares of no par capital stock outstanding which is more than sufficient to cover dividends for a year and one-quarter, E. M. Smith, president, declared yesterday.

The half year earnings of $2 a share, or at the annual rate of $1,600,000 or $4 a share, compares with earning for the calender year 1928 of $1,404,539 or $3.51 a share on the same capital. Contrasted with earnings of $438,794 reported by the company for the first six months of 1928, the results for the first half of this year represent an increase of more than $360,000 or in the neighborhood of 85 per cent.

Sales for the six months were approximately 90 per cent in excess of the sales for the first half of last year and exceeded $5,000,000 as compared with $2,873,907.

On the outlook for the balance of the year Mr. Smith is optimistic and is looking forward to a banner year in the history of the company. The present volume of business which was expected to be somewhat less active for the summer months, especially on account of the oil conservation program, has exceeded expectations, he said, and the company is booking and has recently booked more business then is any other similar period.

Other factors stressed by Mr. Smith as responsible for the greater business activity and larger earnings is the new equipment that the company is now employing; activity in the Mid-Continent fields, and the continuance of work on large contracts, signed for earlier this year.

Emsco Derrick and Equipment Company, rendering a complete service in the manufacturing and distribution of steel oil well derricks, drilling and pumping machinery, has shown an unusual growth since its inception in 1923. A number of acquisitions have been made since that time, which have widened the scope of the company's activities. Net earnings for 1927, amounted to $625,141.

BOARD CHAIRMAN NAMED

MINNEAPOLIS, July 11. (Exclusive)—Minneapolis Moline Power Implement Company directors today elected J. L. Record chairman of the board. They also declared an initial quarterly dividend of $1.62½ on the convertible preferred stock.

Through a Mexican subsidiary, the Greene Cananea Copper Company control mines and works at Cananea in the Mexican State of Sonora, producing copper with minor quantities of silver and gold. Mineral lands held under title from the Mexican government amount to about 8190 acres.

Recent development of the Colorado ore body has exceeded expectations as to tonnage and grade, being estimated to contain 100,000,000 tons of smelting ore.

On April 1, 1929, the dividend was again increased by payment of $2 per share, previous payment having been $1.50 per share.

Net income reported for the 1928 year totaled $1,976,047. This compared with $580,983 for the previous twelve months.

CAPITALIZATION

Funded debt	none
Preferred stock	none
Common stock (par $100)	$50,000,000

Current data: Recently it has been reported that the company proposes to start an additional reverberatory furnace and to spend $400,000 on plant betterments.

(All rights reserved. Cambridge Associates, Boston.)

Whiting Finance Plans Expansion

Whiting Finance Company has filed application with the State Corporation Commissioner to increase its common stock from 13,000 to 23,000 authorized shares and to change the par value of all classes of its stock from $100 par to no par, it was reported yesterday.

Officials of the company said that the proposed increase in the common stock was in preparation for expansion plans. It is understood that the company is negotiating for the acquisition of one of the older financing concerns of Los Angeles although no official statement in this regard has yet been issued. There are 11,768 shares of $100 par common stock, 5000 shares of Class A preferred, 1434 shares of Class B preferred and 2762 shares of Class C preferred, all of $100 par, now outstanding. The common stock is listed on the Los Angeles Curb Exchange.

Ground Gripper Shoe Offer Out

CHICAGO, July 11. (Exclusive)—Preferred stockholders of the Ground Gripper Shoe Company have been extended the privilege of converting their holdings into common stock on a share for share basis, it was announced today.

The company is also asking stockholders to approve the creation of $5,000,000 of debentures of which $2,500,000 are to be issued immediately in connection with the recent acquisition of new properties.

STARRETT DIVIDEND INCREASE FORECAST

Net earnings of the Starrett Corporation and its subsidiaries for the quarter ended June 30, show $297,672.63 available for common stock after all prior charges, according to a report sent to all stockholders yesterday by Col. W. A. Starrett, president. This is equivalent to an annual rate of $3.13 a share on the outstanding common stock. Earnings of this common stock are expected to be augmented by $1.50 per share upon the completion of the Bank of Manhattan Building and the inclusion of earnings therefrom, the report stated.

UTILITY EARNINGS DROP

LONDON, July 11. (Exclusive)—Mexican Power and Light Company, Ltd., today reported for the year ended December 31, last, net income of $1,164,132 (figures in Canadian currency) after expenses, interest and reserve for sinking funds, equal after preferred dividends to $3.71 a share on 138,850 no par common shares against $1,264,322, or $4.54 a share on the common stock in 1927.

UTILITY ISSUES ATTRACTING

Activity of Recently Formed Holding Companies' Stocks Draws Attention to Entire Group

BY DOUGLAS A. McKAY

The growing tendency to form extensive public utility holding companies, more prevalent at this time than any other period in history, accompanied by an unusually strong performance of light and power shares market-wise, has commanded the attention of investors and led to no small amount of speculation as to how far the merger movement may be extended and how far future benefits accruing therefrom may be discounted on the market.

Formation of the United Corporation and Commonwealth and Southern and the subsequent market activity—the latter setting a new record for a day's turnover of any stock on the New York Stock Exchange—are but two typical examples of the reception these huge holding companies received at the hands of the investing public.

Publication yesterday of the holdings of United Corporation revealed that in the course of a few months the market value of its investments jumped 50 per cent. At the same time dividends and favorable subscription rights yielded a healthy return on the invested capital.

Consistent growth of earnings is not the only reason advanced for the unusual market appreciation of public-utility shares, nor the anticipated continued expansion. Companies located in territories which are developing industrially and which are relatively lagging behind in the amount of electrical energy consumed are attracting particular attention.

But perhaps the most important factor underlying stock-market appreciation of light and power shares is the realization that the present trend of mergers and grouping of interallied holding companies and investments will lead to a greater operating efficiency, specialized management, lower operating ratios and abundant capital for future expansion.

Moody's Weekly Review of the 8th inst. points out that public utility net earnings in the first four months this year increased 17.3 per cent over the same period of 1928, while April net earnings alone showed a gain of 23 per cent. The following comparative tabulation of Moody's illustrates the increases more strikingly:

	Four months 1929	P.c. of increase
Elec. pwr. production (mill.K.W.h)	31.537	11.7
Ninety-five gas and elec. comp. net	$346,000,000	17.3
Twelve telephone companies net	85,762,000x	11.9
Two telephone companies net	8,005,000x	14.4

x—Three months.

The review, however, declares that while the bright forecasts on the possibilities of utilities are based on perfectly healthy reasoning, and while the present high prices of many of the better public-utility stocks will no doubt ultimately become more than justified, "the rate of appreciation has been so rapid recently that many issues have reached levels calling for extreme caution and discrimination in making new purchases."

Stock Deposit Request Out in Aircraft Merger

In connection with the proposed consolidation of eleven prominent airplane manufacturing, flying and servicing organizations into the Curtiss-Wright Corporation, the committee representing the larger stockholders of these various organizations issued a call yesterday requesting that the stocks of the various companies to be included in the merger be deposited with the various depositaries on or before August 15, next.

With the publication of the deposit agreement it was further announced that all holders of large stock interests in the various companies have already indicated their approval of the plan and the stock which they either own or control will be deposited for exchange for the shares of the new Curtiss-Wright Corporation.

The Bankers' Trust Company of New York has been designated as depositary. The subdepositaries are the St. Louis Union Trust Company, Girard Trust Company in Philadelphia, Bank of Italy, in either Los Angeles or San Francisco, Louisville Trust Company, the Marine Trust Company of Buffalo, the People's Trust and Savings Bank of Chicago, the First National Bank of Boston, Canal Bank and Trust Company of New Orleans and Guardian Trust Company of Detroit.

Group of Chain Store Sales Up

Nineteen reporting chain-store companies show a sales gain of 18.28 per cent for June over June, 1928, and a gain of 19.8 per cent for the first six months this year over the same period last year, according to a compilation by Merrill, Lynch & Co. The list follows:

	June 1929	P.c. Increase
Montgomery Ward	$ 21,953,639	4.5
Sears Roebuck	35,747,979	30.2
Weiser Bros.	1,547,783	19.4
Nat'l Dollar Stor	1,907,869	10.6
W. T. Grant	3,374,178	23.09

McCrory Stores Corp.	3,334,486	7.8
S. S. Kresge	13,577,795	4.2
Western Auto Supply	1,497,000	21.3
Melville Shoe	5,515,227	140.33
National Tea	7,540,868	.50
F. W. Newberry	2,224,151	37.15
McLellan Stores	1,782,596	34.9
	$133,056,183	18.28

RAZOR EARNINGS UP

NEW YORK, July 11. (Exclusive) International Safety Razor Corporation today reported for the six months ended June 29, last, net income of $297,208 after depreciation, Federal tax, etc., equal after convertible Class A dividends to $1.70 a share on 173,271, Class B shares outstanding as compared with $228,978 or $1.59 a share on 135,000, Class B shares in the 1928 period.

VOLUME OF SECURITIES LOANS SAGS

Broker Borrowings at Reserve Bank Given as $14,000,000 Lower

WASHINGTON, July 11. (AP)—Loans to brokers and dealers held by New York Federal Reserve member banks for the week ending the 10th inst. were announced by the Federal Reserve Board today as $5,755,000,000, representing a decrease of $14,000,000, as compared with the preceding week.

The loans for the week ending July 11, 1928, were $4,243,000,000.

The detailed distribution of the loans over the three weeks dealt with in the board's report was:

	July 10, 1929.	July 3, 1929.	July 11, 1928.
For own account	$1,221,000,000	$1,235,000,000	$ 943,000,000
For account of out-of-town banks	1,534,000,000	1,580,000,000	1,356,000,000
For account others	2,950,000,000	2,934,000,000	1,747,000,000

The Federal Reserve Board in compiling these figures adds or subtracts from the above figures the odd thousands of dollars, so for this reason the total shown may not always be the same as that reached through addition of the columns.

Comparative weekly figures of brokers' loans with corresponding periods of last year follow:

Jan. 2	$4,330,163,000	$3,810,063,000
Jan. 9	4,342,000,000	3,788,000,000
Jan. 16	4,342,000,000	3,788,000,000

Sales Volume of Department Stores Higher

SAN FRANCISCO, July 11. (Exclusive)—Department store sales in California, Arizona and Nevada for the first six months of 1929 show a 2.4 increase over the same period of 1928 which in turn showed a 1.7 increase over 1927. A June seasonal recession was reflected in the 0.2 decrease over 1928 figures which were 1.2 ahead of June, 1927.

Stores located in population centers generally showed less recession than those located rurally. For June Los Angeles showed 0.2 decrease over last June, San Francisco 1.9 decrease and Oakland showed a 5 increase. For the six months in comparison to the same period of 1928, stores in all three cities gained, Los Angeles 3.2, Oakland 2.3 and San Francisco 1.5.

The three centers averaged an increase of 2.2 over the first six months of 1928, a somewhat slower rate of increase than the 2.5 reported in 1928 over 1927.

BUILDING AND LOAN LICENSE GRANTED

A license has just been granted the San Bernardino Building and Loan Association of San Bernardino by George S. Walker, State Commissioner, the California Building-Loan League announced yesterday. The new association has an authorized capital of $100,000, of which $56,650 is now paid-in. W. Z. Henry, well-known capitalist of San Bernardino, is president, T. M. McCord, vice-president, and E. C. Eikelman, who has been actively engaged in the building and loan business, is secretary.

LOAN ASSOCIATION RESOURCES IN GAIN

Resources of the State Mutual Building and Loan Association totaled $15,899,911.04, as of the 1st inst., as compared with $15,344,912, on January 1, last, an increase of $554,998, C. H. Wade, president, announced yesterday. A total of 1131 real-estate loans aggregating $3,365,078, were made during the first half of this year by the State Mutual. During June 158 loans were made amounting to $407,578.

CARRIERS' NET PROFITS GAIN

Income Returns on Property Investment Increase

Revenues for 182 Railways Compiled by Bureau

Western Lines Hold Average Shown for All Roads

WASHINGTON, July 11. (Exclusive)—Net operating income of 182 Class 1 railroads in May totaled $103,816,048, a new peak, or at the annual rate of return of 5.81 per cent on property investment, against $88,221,666, or 5.02 per cent on property investment in May, 1928, according to reports filed by the carriers with the Bureau of Railway Economics and made public today.

The net operating income for the five months ended May 31 amounted to $457,362,036, or 5.6 per cent on investment, as compared with $376,209,981, or a return of 4.69 per cent in the same period last year.

Property investment is the value of road and equipment as shown by the books of the railways, including materials, supplies and cash. The net railway operating income is what is left after the payment of operating expenses, taxes and equipment rentals but before interest and other fixed charges are paid.

Gross operating revenues for the month of May amounted to $837,747,525, compared with $811,511,966 in May, 1928, or an increase of 3.1 per cent. Operating expenses in May totaled $390,977,050, compared with $382,369,709 in the same month of 1928, or an increase of 2.3 per cent.

Gross operating revenues, for the first five months' period of 1929 totaled $1,864,233,006, compared with $2,408,273,320 during the corresponding period of 1928, or an increase of 5.1 per cent. Operating expenses for the first five months' period of 1929 totaled $1,864,233,006, compared with $1,833,265,235 during the corresponding period the year before, or an increase of 1.7 per cent.

Class 1 railroads in the western district for the first five months in 1929 had a net railway operating income of $150,555,511, which was at the annual rate of return of 5.42 per cent on their property investment. For the first five months in 1928, the railroads in that district had a net railway operating income of $125,932,265, which was at the annual rate of return of 4.59 per cent on their property investment.

Twenty-one Class 1 railroads operated at a loss in May, of which seven were in the eastern, two in the southern and twelve in the western districts.

Macmillan Oil Block Listed

Listing of 2240 additional shares of the $25 par common stock of Macmillan Petroleum Corporation on the Los Angeles Stock Exchange, effective immediately, has been approved, Carl P. Miller, secretary and manager of the exchange, announced yesterday. The additional issue will bring the total listing of Macmillan Petroleum to 114,240 shares, and will be used for the purpose of the stock dividend recently declared.

Mascot Oil Company stock will be removed from trading in accordance with the requirement of a no par or $10 or more par value of all stocks, ruled by the exchange. Mascot Oil will be transferred to the Los Angeles Curb Exchange.

Corn Products Plans Split-up

NEW YORK, July 11. (Exclusive) American Maize-Products Company has called a special meeting of stockholders for the 26th inst. to approve a ten for one split-up of the company's 30,000 common shares.

In a letter to stockholders, C. D. Edinburg, president, stated dividends on the new common stock will be at the rate of $2 annually. The net earnings for the six months ended June 30, last, are estimated at $760,311, or $2.36 a share on the new common stock.

EXPORTS TO CANADA TOP LIST FOR MAY

WASHINGTON, July 11. (AP)—Canada was the principal customer of the United States in foreign trade during May. The Department of Commerce announced today that exports to Canada in May were valued at $97,640,810, compared with $88,955,818 for the same period last year, while imports from Canada were valued at $44,329,831, compared with $43,182,817. The United Kingdom ranked second in exports, the value for last May being $54,532,527, compared with $61,833,783, while imports were $29,752,554, against $34,946,714.

JANTZEN KNITTING SHOWS SALES GAIN

SAN FRANCISCO, July 11. (Exclusive)—Jantzen Knitting Mills today reported total sales for the ten months ended June 30, last, amounted to $4,000,000 as compared with $3,075,000 for the entire preceding fiscal year. In June 185,472 swimming suits were sold, an increase of more than the 85 per cent over the same month last year.

PHONE UTILITY EXPANDS

Associated Telephone Utilities Company has acquired the Standard Telephone Company and its three subsidiaries, operating in Illinois, Idaho, Oklahoma, Texas and Washington, according to an announcement yesterday. The acquired companies during 1928 had gross earnings of $1,440,000.

AUTO MAKER UNDISTURBED

Jordan Company Head Sees No Reason for Alarm in Development of Airplane Industry

BY JOHN F. SINCLAIR

[Copyright, 1929, by North American Newspaper Alliance.]

NEW YORK, July 11.—Is the airplane to become a serious rival of the automobile?

"No, there is no reason for the automotive industry to become unduly alarmed," said Edward S. Jordan, automobile manufacturer, in a recent statement.

Man power behind the airplane industry is still limited. The qualifications for pilots are prohibitive to most young men who easily operate motor cars. Aviation courses cost from $5000 to $7000. The government spends approximately $82,000 to produce a finished pilot.

Man power in the air, therefore, will be slow in development.

There is plenty of money available for the airplane industry, but the possibilities of permanent profit are still remote.

The chief handicap to aviation development is its failure to adopt the same methods as the automobile industry in its earlier days. Mass production of airplanes is by no means far along.

The production of airplane motors has been limited, and the cost is high. Then, too, these motors cannot be delivered to the manufacturer in the same condition in which motors are delivered to automobile manufacturers. They must be ready from the start to run the limit of their capacity.

The automotive industry, then, need not "view with alarm" the growth of airplanes. They are an addition, not rivals.

"The airplane will not replace the automobile nor will it seriously affect the sale of motor cars and their use," said Mr. Jordan. "It will merely supplement all other forms of transportation."

"Less than twenty hours from Chicago to San Francisco—daily schedule."

This is what Harold Crary of the Boeing Air Transport, Inc., which for the last three years has flown the mail from San Francisco to Chicago, announced this week.

October 1 Boeing planes, each with seats for eighteen passengers and powered with three 525-horsepower Hornet motors, start under the new arrangement.

Here's the schedule: Leave Chicago at 8 at night, fly all night and arrive in San Francisco about noon the next day. Eastbound: Leave San Francisco at 8 o'clock at night, fly all night down "the lighted main street," and arrive at Chicago at 4 p.m. the following day, Chicago time.

In addition a route is being developed from Seattle to Juneau, Alaska, entirely over water, by the same company. Five-passenger Boeing flying boats will be used. Four days are required now for the trip. The flying time will be eight hours.

Citizens' Bank Gets Permit to Extend Chain

Citizens' National Trust and Savings Bank has been authorized by the Comptroller of Currency to establish four new branches which will bring the total number of branches to thirty-four, M. J. Connell, chairman of the board, announced yesterday.

"It is the purpose of the Citizens' Bank to continue to develop its branch program until every important neighborhood throughout the city is provided with these facilities," he said. "Today traffic conditions are such that banking service must be taken throughout a great metropolitan area such as Los Angeles by means of a series of strategically located branch offices."

The first of the new offices will be opened tomorrow in temporary quarters at 4730 West Washington street, under the management of James R. McKee, now assistant manager at Sixth and San Pedro branch. Others will be at Beverly and Fairfax; Ninth and Indiana, and in the new University Village at Westwood.

Good First Mortgage Bonds

Yielding From... 6% to 7%

1. A major oil company whose growth has been outstanding in the industry. In 4 years, company's net income has increased 7 times, and annual dividend disbursements increased over 5 times. First Mortgage and Collateral Trust Bonds are convertible into common stock—an attractive profit possibility.

2. Secured by first, closed mortgage on property excellently located in close proximity to downtown business, shopping and theatre districts of Los Angeles. Building is 5 story, class "A", with stores on ground floor. Total valuation about twice the amount of these bonds.

3. Established company in a rapidly growing industry, manufacturing an essential product. Shipments increased 350% since 1921. Ratio of current assets to current liabilities is 3.4 to 1. Earning 6.65 times maximum interest required. Possibilities for future profit are indicated in common stock purchase warrants attached to bonds.

4. Favorably known manufacturing company which has shown a yearly profit since 1915. Distribution of products made under own trade names throughout western states. Estimated that this entire issue will be retired at a premium in about 7 years through sinking fund.

TONE IRREGULAR ON STOCK MARKET

Utility Group Again Leads Trading Activity

General List Spottedly Off at Closing Hour

Credit Situation Considered Principal Handicap

NEW YORK, July 11. (Exclusive)—The stock market again encountered rough and uneven going today. Price trends were highly confusing. The bulls once more concentrated their efforts on the utilities, and the Associated Press price index for twenty of this group hits high levels, while profit-taking and pressure depressed many of the important industrials and rails.

Unwavering firmness in money at 5 per cent, despite distant predictions of better conditions, together with improved to be unwarranted fear, a new high record total of Federal Reserve brokers' loans, provided background for further bullish operations, and in a measure restored confidence. Also, the feeling existed that corrective readjustments were still in order, after sharp advances of recent weeks.

The Federal Reserve loan compilation, issued after close of the market, showed a decline of $14,000,000, a near-record reduction, but tending to bear out theory that much of the current turn in loans during the last few weeks was due to the exercise of rights, as the June tide of maturing rights had definitely ebbed during the past week. It would have taken an increase of but $60,000,000 in loans to equal the $60,732,000,000 established June 29.

OUTLOOK HAZY

While easier credit conditions generally expected by next week, the latest, the Federal Reserve condition statements were not particularly encouraging, showing that New York member banks had increased their borrowings of $60,000,000 from the reserve banks

SAN FRANCISCO

SAN FRANCISCO, July 11. (AP)—New strength developing in public utility and industrial issues featured trading on the San Francisco Stock Exchange today. The market moved irregularly in the forenoon, gained impetus as the session progressed and closed with a liberal sprinkling of gains in most of the active issues. Rails only yielded slightly to pressure.

Pacific Gas & Electric preferred, selling within $1 of its all-time high at 80, Pacific Gas & Electric common, up ¾ at 71¾, Pacific Gas & Electric 6 per cent first preferred, added ¼ at 26¾, and Great Western Power 6 per cent preferred, offered at 101 and 102, contributed to the steady tone. Pacific Public Service dropped ¼ to 37¾.

Consolidated Chemical led the advance of the industrials with a 3-point jump to 69, an all-time high for the year.

Oakland Motor Car, made up of Caterpillar, which after selling at 54¼, closed off at 53½; John Deere at 81, Crown Zellerbach at 45¾, Hupp at 19¼, and Marchant at 19¼, were all up a point or more. Hupp 1st preferred, Marchant and Marchant 1st preferred, Pacific Lighting preferred, Pacific Telephone preferred at 125, and Pacific Telephone at 131¾ moved fractionally higher.

Golden Rain Industries "A" and Oakland Mercantile Laundry at 13 and 16, respectively, were the only weak issues, each off a point. Oakland Motor Car 1st preferred, after selling off 2 points, recovered in full to close at 97. Occidental Insurance at 24¼ also dropped a point.

Trans-Continental Air was off 1¼ at 9¾ and fractional declines were chalked up by Marine Air at 7¾, Golden State at 7¾, while at Manufacturers Finance 1st preferred at 49¾, and Allied Owners preferred at 50¼, were slightly lower.

In the oil group, Tidewater preferred added ¼ at 97¾, Standard Oil of California, preferred at 73¾, and Pacific Petroleum at 19¼ were slightly lower. Richfield at 46 were slightly lower. Richfield rights, quoted at 30 cents at the opening, sold off to 20 cents.

Radio issues dropped off 2 points at 38, but closed at 39¾.

NEW YORK CURB STOCKS

NEW YORK, July 11. (AP)—Public utility stocks today were rushed into new high ground in a bullish demonstration on the curb exchange that rivaled the early spring advance. Gains ranged in the extreme to 10 points, although profit-taking in the late afternoon converted a few into small losses.

Practically the entire curb list was carried forward, with the oils well put in front. Some of the action was in anticipation of the $14,000,000 drop in grocery loans announced after the close. Favorable earnings statements for the first half of the year continued to trickle in, with a new crop of utility merger rumors.

The extreme gain of 10 points was registered by Commonwealth Edison at the close, but Electric Investors was the feature, soaring 21¾ to a new high at 245 and closing at 239. This stock sold as low as 171 this year, while in March, 1928, it sold at 40½. This company in reality is an investment affiliate of Electric Bond and Share executives, but stock holdings are chiefly in the utility field, although some industrial stocks are held. Electric Bond and Share touched a new high at 427¾, but lagged at the close to 126¾, for a net loss of 1¾.

Practically all the Central States Electric issues were bid higher, while new lows were reached by Arkansas Natural Gas, United Gas Improvement (old), Standard Gas, United Light and Power A, the last named touching 4¾ and closing at 5¼, for a gain of 5¾. United Gas Improvement responded to the announcement that United Corporation was to acquire more of its stock. Commonwealth and Southern slipped off ¾ point to 32.

Coal again proved to be the tower of strength in the oils, getting up to a new peak at 282, and closing at 280, for a net rise of 7½. More than 90 per cent of the stock in this company is owned by the Mellon interests and employees. Wall Street looks for this company eventually to become the nucleus of Mellon oil merger, Humble, Standard Oil of New Jersey subsidiary, climbed more than 3 points to a new high at 125⅝.

The closing price is omitted when same as the low, and both low and close when same as the high.

LOS ANGELES EXCHANGE

Southern California Edison, running contrary to the balance of the market, featured yesterday's trading on the Los Angeles Stock Exchange with a jump of 11-4 points to a high and close at 65½ with a spirited activity. Other utilities showed fractional strength, while the balance of the board turned downward as a whole.

Rio Grande was the most active issue of the day and on a turnover of more than 3000 shares dropped off a full point to 28½. Richfield also traded briskly and lost 3-8 to 41. Barnsdall slumped 2 3-8 to 40, and Pacific Western, ¼ to 60.

Mortgage Guarantee at 150 was down 2 points and Pacific National Company at a new low at 27 was off ½. Pacific National Bank also marked a new low at 39, off 1 point, and Security-First National yielded 1-4 to 126½. Union Bank and Trust at 300 set a new peak, up 10 points from the last sale.

Sales totaled 21,502 shares valued at $695,557; previous day, 22,576 shares valued at $663,094.

*—Prices in cents.

LOS ANGELES CURB

Axelson Aircraft Engine provided the strong spot in yesterday's trading on the Los Angeles Curb Exchange, while the market as a whole slipped lower on a light turnover and lack of support. Axelson followed up recent advances with a net gain of 3-4, to a new high at 17 3-4.

Oil stocks were more active than usual, but with one or two exceptions showed little change. Mexican Seaboard firmed up 1-8 to 48 3-4, and Atlantic Refining, seldom traded on this market, transferred at 72½. The high for the year on the New York board is 77 3-8. Italo Petroleum, under heavy liquidation, slumped 55 cents to a new low at 2.60.

Fokker dropped off 2 points to 46 3-4 and Transcontinental Air slumped 2 points from the last sale of an odd-lot Wednesday and closed at 28. Pacific Mutual lost a full point to 116, and Whiting Finance the same to 54. Gold Ace, on the mining board, sank 10 cents to 51. All other losses were fractional.

Sales totaled 67,517 shares valued at $258,830; previous day, 78,521 shares valued at $181,496.

TONE IRREGULAR ON STOCK MART

(Continued from Tenth Page)

and that the Reserve system had further depleted its holdings of acceptances and government securities. Also it was pointed out in banking circles that early conclusions that the announced retirement of $75,000,000 in Treasury notes would ease credit were hasty, as the government will withdraw funds now on deposit with the banks for this purpose.

There was practically nothing in the day's industrial news to influence the trend of the market. The renewed buying of utilities appeared to be based on the belief that the technical position of the group had been improved by the selling of the past week. The index of twenty utilities reached new high ground for the first time since June 29, when the culmination of several weeks of sharp advances was reached. Brooklyn Union Gas was sent up 14 points to a record price, and such issues as American Water Works, American Telephone, Consolidated Gas, American Power and Light, International Hydroelectric, Columbia Gas and Philadelphia Company rose 2 to 8 points to new peak prices.

GAINS SCORED

American Can, American Rolling Mill, Cuyamel Fruit, Granite City Steel, Remington Rand, Youngstown Sheet and Tube and Mathieson Alkali rose about 2 to 7 points to new tops, although all gains were not maintained. Midland Steel Products preferred was a spectacular issue, soaring about 16 points to a record price, reflecting rumors of recapitalization plans and new contracts with automobile manufacturers, and Purity Bakeries was sent up over 13 points to a new high. A few of the rails were strong, Chesapeake and Ohio mounting about 8 points to a new top at 252, and Alleghany Corporation breaking into new high territory. Others, however, were under pressure, Norfolk and Western and Union Pacific selling off 4 and 5 points at one time, although rallying at the close.

Radio was again depressed, dropping about 2 points to a new low for the movement at 76 1-8. After early heaviness, however, General Electric recovered and closed firm. Case Threshing, after selling up 8 points, fell back 16 from the top, and Auburn Auto turned a 9-point gain in the morning into a 5-point loss at the close. Atlantic Refining, which has been steadily advancing of late, fell back 5 points. Allis Chalmers, Burroughs Adding Machine, Columbia Graphophone, Du Pont, Johns Manville, Cutler Hammer and Snider Packing preferred lost about 3 to 8 points, the last two in realizing on their recent sharp advances. Coppers generally sagged a couple of points and motors were soft.

In the commodities, wheat dropped more than 3 cents in the early trading, in profit-taking on the theory that the government crop report had already been discounted, but rallied sharply to close about a cent higher on good export demand and bullish Canadian reports. Corn followed a similar trend, cotton was heavy, closing 75 cents to $1.75 a bale lower on bearish weather reports and on decline at Liverpool.

Foreign exchanges were inclined to ease, although sterling cables, after a drop of 1-16 of a cent, cut the loss in half on publication of the Bank of England's condition statement, and closed at $4.85 3-32. The Canadian dollar rallied to 99 1-2 cents.

BUNCHED VEGETABLES — Local, per dozen bunches: Carrots, 30@35; carrots, topped, 40@45; turnips, 35@40; beets, 40@45; radishes, small red, 10@15; King, 15@20.

CABBAGE—Local, crates, 75@1.00; few best, $1.10.

CANTALOUPES—Local, Tip-tops, standard 18s-18s, 2.00@2.25; poorer, 1.50@1.75; pony, 16s-18s, 1.50; 10cups, in standard crates, 1.25@1.50; Imperial Valley, standard, 2.25@2.50; 45s, 1.75@1.90; Turlare county, Hales, best, standard 36s-45s, 1.75@2.00; jumbo, 24s-27s, 2.50@3.25; Imperial, Perfection, jumbo 36s-45s, 1.75@2.25; best, 2.50; standard 36s-45s, 1.50@1.75; pony 54s-63s, 1.50; ripes and poor quality lower.

CAULIFLOWER—Local, field crates, 65@75.

CELERY—Venice, crates, 3½-4 dozen, 2.25@2.50; mostly 2.25.

CHERRIES—Beaumont, Yucaipa, pound, Lamberts, 10@20; poorer, 7@8; Santa Cruz, Black Republicans and Black Tartarians, 11@12; Washington, 12-pound flats, 1.25@2.50.

CORN—Local, lugs, 75@85; poorer, 50@60.

CUCUMBERS—Local, lugs, 40@50.

EGGPLANT—Coachella, pound, 3@5; Tulare county, 7@8.

FIGS—4-pound flats, San Joaquin Valley, Kadotas, 60@75; poorer, 25@50; Coachella, Black Missions, 60@70; poorer, 30@40.

GRAPES—Coachella, pound, seedless, 3@5; Malagas, 7@8; Delicious, 9@10.

GRAPEFRUIT—Local, boxes, fancy, 64s, 6.75; 80s, 6.50; 100s, 4.00; 126s, 3.25.

LEMONS — Local, boxes, fancy, 300-360s, 6.75; choice, 5.25; culls and tree ripes, 2.50@3.25; poorer, low as $1.

LOGANBERRIES—Local, 30-pint crates, 1.25@1.50.

MELONS — Imperial, Honeydews, 6s, 1.00; 8s-9s, 1.25; Honeyballs, jumbos, 1.00; standards, 3.00; ponies, 1.50; Casabas, 6s, 1.00; 8s-12s, 1.25; Casabas, track sales, bulk, per ton, 30.00@35.00.

OKRA—Coachella, pound, 5@6.

ONIONS—Street sales: Coachella and local, sacked, 2.00@2.50 per 100 pounds; few 3.00; local, sacked cwt. fancy, 2.50@3.00; Spanish, 50-pound sacks, 1.40@1.90.

ONIONS—Green, local, crates, 1.75@2.00.

ORANGES—Local, boxes, fancy, Valencias, 126s, 6.50@6.75; 150s, 6.75; 176s, 6.50@6.75; 200s, 6.25; 216s, 6.00; 252s, culls and standards, loose, few large, 1.00; medium, 65@75; small, 25@40.

PEARS—San Joaquin, pound, Wilder, 6@8.

PEAS—Perfadero, pound, 3@5; fancy, 6; 30-pound crates, Washington, 1.25@1.50; Oregon, 1.50.

PEACHES — Local, Triumphs, 40@5 per pound; Hales, 1.25@1.50; Imperial, Freestone, 8@10; large, 12; Lemons, Hales, early, 50@60; sound, San Joaquin, Triumphs, 3½@4; Cuscaras, 4½@5.

PEPPERS—Coachella, pound, California Wonders, 7@8; few 10; Chinese Giant, 6@8; Fellow chili, 6@7; local, California Wonders, 12@13; Jugs, 1.25; Chinese Giant, 10@11; San Diego, green chili, 13@18.

PLUMS — Local and Yucaipa, Santa Rosas, 3@4½ pound; smaller, 1½@2; Beauties, 3@3½.

POTATOES—Local, lugs, White Ross, 75@90; sacked cwt., 2.35@2.40.

RASPBERRIES — Local, 30-cup crates, 1.75@2.00; Cassberries, 2.25@2.50.

SQUASH—Local, lugs, White Summer, Italian and Crookneck, 35@50; poorer, 25@30.

STRAWBERRIES—Local, 30-pint crates, 1.50@1.75; best, 2.00@2.25; canning stock, 1.00@1.25.

TOMATOES—Local, lugs, 5x6 and 6x6, 1.25@1.50; fair, 75@1.00; Imperial, 5x6, 75@1.00; poorer, 50@60; San Diego county, lugs, fancy, 5x6, 1.75; 6x6, 1.50; smaller, 1.00; Coachella, crates, 5-lugs, 90.

WATERMELONS — Opening Thursday, Imperial Valley, Klondikes, carlot sales, 18 to 20-pound average, 190.00@210.00; mostly 206.00; occasional car, 225.00; smaller sizes and lighter cars, 150.00@175.00; few low as 125.00; bulk sales, per ton, 18 to 20-pound average, 25.00@32.00; mostly 29.00; 15 to 17-pound average, 13.00@16.00.

COTTON MARKET

NEW YORK, July 11. (AP)—The cotton market was lower today under further liquidation combined with some local and commission house selling on the favorable view of the weather news, relatively easy Liverpool cables and unfavorable textile statistics. There was some trade buying as well as covering on the decline and after showing net losses of about 17 to 27 points.

The market rallied slightly on covering, but was within 3 or 6 points of the lowest around 2 o'clock.

RANGE OF PRICES

NEW YORK, July 11.—Cotton futures closed:

	High.	Low.	Close.

NEW YORK CHICAGO

CURTISS-WRIGHT
CORPORATION

Deposit Agreement

To the Stockholders and/or Holders of Voting Trust Certificates and/or Units of

Curtiss Aeroplane & Motor Company, Inc.
Curtiss-Robertson Aeroplane Manufacturing Company
Curtiss Flying Service, Inc.
Curtiss Aeroplane Export Corporation
Curtiss Airports Corporation
Curtiss-Caproni Corporation
Wright Aeronautical Corporation
Keystone Aircraft Corporation
Moth Aircraft Corporation
New York and Suburban Air Lines, Inc.
New York Air Terminals, Inc.

The Boards of Directors of the Companies listed above, believing that a close affiliation will be beneficial to the stockholders and/or holders of voting trust certificates and/or holders of units of each Company, have approved a Plan under which the stockholders and/or holders of voting trust certificates and/or holders of units of these Companies are to be offered an opportunity to exchange their stock and/or voting trust certificates and/or units for stock of a corporation organized or to be organized under the laws of the State of Delaware and to be known as "Curtiss-Wright Corporation."

It is expected that if the Plan is declared effective, there will be many economies made possible in the operation and management of the Companies, and in addition the research work of the manufacturing Companies may be concentrated and very greatly expanded.

If the Plan is declared effective, Curtiss-Wright Corporation will have a complete line of airplanes and motors, excellent distributing agencies and dealer organizations, domestic and foreign, and the ownership of many of the country's finest airports. Substantially all of the present types of military and naval motors and planes will be continued and developed.

The following firms and corporations, all of which hold substantial interests in one or more of the above named Companies, as well as other holders of large stock interests therein, have indicated their approval of this Plan and their intention to exchange their stock and/or the stock controlled by them for shares of the new Curtiss-Wright Corporation:

HAYDEN, STONE & Co. — BANCAMERICA-BLAIR CORPORATION
JAMES C. WILLSON & Co.
DOMINICK & DOMINICK — G. M.-P. MURPHY & Co.
HEMPHILL, NOYES & Co. — JACKSON & CURTIS
BOND & GOODWIN & TUCKER, INC.

Curtiss-Wright Corporation is to be organized under the laws of the State of Delaware. It shall have an authorized capital stock consisting of Twelve Million (12,000,000) shares of no par value, of which Two Million (2,000,000) shares will be Class A stock entitled to a non-cumulative preferential payment of not to exceed $2.00 per share annually, and Ten Million (10,000,000) shares will be Common stock.

The Class A stock and the Common stock shall have equal voting rights, one vote for each share.

Class A stock shall be callable at any time by the Corporation, at Forty ($40). Dollars per share. Class A stock may be exchanged flat at any time, share for share, for Common stock and in case of liquidation or a distribution of assets, the holder of each share of the Class A stock and the holder of each share of the Common stock shall share equally.

The Plan referred to calls for an exchange of stock of the above named Companies for stock of Curtiss-Wright Corporation, upon the following basis:

	No. Shares New Holding Company Stock for Each Share Old Company Stock	
	A Stock	*Common Stock*
Curtiss Aeroplane & Motor Company, Inc.	One	Four and one-half
Curtiss Airports Corporation		Five-twelfths
Curtiss Flying Service, Inc.		Five-sixths
Curtiss Aeroplane Export Corporation		One and three-tenths
Curtiss-Caproni Corporation		Five-twelfths
Curtiss-Robertson Aeroplane Manufacturing Company*		Two
Wright Aeronautical Corporation**	One	Three and one-quarter
Keystone Aircraft Corporation	One-half	One
Moth Aircraft Corporation Unit†		One
New York and Suburban Air Lines, Inc.		Two-fifths
New York Air Terminals, Inc.		One

*The right of exchange under the Plan belongs only to holders of common stock of Curtiss-Robertson Aeroplane Manufacturing Company.

**If the plan is declared effective, the holders of stock of Wright Aeronautical Corporation who become parties to the Plan, or their successors and assigns, will then be entitled upon exchanging their certificates of deposit for stock of Curtiss-Wright Corporation to an option warrant entitling each such stockholder, for a period of three (3) years from the date when the Plan is declared effective, to purchase one share of the Common stock of Curtiss-Wright Corporation at Thirty ($30.00) Dollars a share for every two (2) shares of stock of Wright Aeronautical Corporation formerly held by such stockholder.

†The unit referred to consists of one share of Class A stock and one-half share of Class B stock of the Moth Aircraft Corporation, and the offer relates to the unit as such and no rights are granted to holders of Class A or Class B stock, as such.

The stockholders and/or holders of voting trust certificates and/or units of the above named Companies who desire to avail themselves of the benefits of the Plan should deposit their stock and/or voting trust certificates and/or units, duly indorsed in blank, with the Depositary or any of the Sub-Depositaries hereinafter named *on or before August 15, 1929.*

Upon making such deposit each Depositor will, in due course, receive certificates of deposit in accordance with the provisions of the Plan.

Copies of the Plan may be obtained at the offices of the Transfer Agents of any of the Companies listed above, and at the office of the Depositary and Sub-Depositaries listed below.

The names and addresses of the Depositary and Sub-Depositaries are as follows:

OIL NEWS

BY HOWARD C. KEGLEY

While making a production test yesterday the Shell Oil Company's Armstrong No. 1 well on Sec. 8, 23-13 at Kettleman Hills, started to come in from a depth of 6353 feet, along with about 12,000,000 cubic feet of gas. No accurate gauge was made on the amount of oil flowing, but field reports stated that approximately 100 barrels daily was coming out in the form of vapor.

The Armstrong No. 1 is situated about two and one-half miles southeast of the Milham Exploration Company's Elliott No. 1, discovery well in that district. It has eight and five-eighths-inch casing set to 6360 feet and the hole is open from there down. Eleven-inch casing was set to 6350 feet.

Shell's intention is to keep the well under control and resume drilling operations to penetrate a thicker body of oil sand, according to reports. Milham's Elliott No. 1 was originally drilled to 7236 feet, but came in out of control from a depth of about 7108 feet October 5, 1928, and has since been putting out approximately 3500 barrels of 60-deg. gravity oil along with about 77,000,000 cubic feet of gas per day.

Takes Fresh Start

The Fidelity Realty Company of Los Angeles, which has been drilling a wildcat known as Watt No. 1 on 1337 acres of fee land in the Murietta-Temecula Basin, fifteen miles south of Elsinore, recently skidded the rig at 1050 feet, because of a crooked hole, and is down 585 feet in its Watt No. 2.

An effort is being made to develop petroleum production in a low range of hills a few miles from Murietta Hot Springs. It is reported that the United States Oil Royalties holds a forty-acre lease there, and that J. H. Blackstone has sixty acres, while Van Buren Jarvis owns a five-acre tract.

Trying for Production

Although it has been swabbing for the last three days, no oil has showed up in the Rex Oil Company's No. 12-A, situated in the old field at Huntington Beach. In the event that oil is not developed through gas lift, pumps will be installed, it is asserted.

In Oil Sand

The Cypress Petroleum Corporation's Cypress No. 1, on Sec. 22, 32-23 in Kern county, has penetrated the Vaqueros formation, according to field reports, and is drilling ahead below 5200 feet. Eight-inch casing is set to the bottom. About 100 feet of oil sand has been cored, it is said.

Production Cleaning Up

The North American Oil Consolidated's Sunset Extension No. 1 well, which came in recently at Maricopa Flat, is reported to be cleaning up. It is said to be flowing between 2500 and 3000 barrels of 26-deg. gravity oil per day from a depth of 3043 feet.

Recovers Two Joints

The General Petroleum Corporation yesterday recovered two joints of three-inch drill pipe that has been frozen in its Ochsner No. 2 well at Kettleman Hills. The remaining lengths of drill pipe are frozen from 6530 feet to the bottom at about 6900 feet.

New O'Connell Completion

The Union Oil Company yesterday brought in its Alexander No. 17 at Santa Fe Springs for an initial flow of 9500 barrels of 34-deg. gravity oil from a depth of 6855 feet. This is Union's biggest producer and its fifth completion in the O'Connell sand.

The Bell No. 41, with bottom at 6865 feet, is nearing completion, according to field reports. It is preparing to run liner and set oil string and may be on production within the next forty-eight hours.

Production Steps

The Rohde No. 2 well, of Rohde & McAdams at Santa Fe Springs, which was yielding approximately 830 barrels of oil per day, is now putting out hot salt water, according to field reports. The recent temblor is believed to have crushed the casing at about 6300 feet and admitted the water. The hole will be surveyed shortly and an endeavor made to return the well to production.

Rohde No. 2 was the first well completed in the lower Clarke zone at about 7607 feet. Nearby, the Rohde No. 3 is drilling ahead below 4490 feet.

Temporarily Suspended

The Ring Oil Company's Nugent No. 1 well, in the Palisades field, has been technically abandoned, according to officials of the company, and the rotary equipment moved out.

The equipment is rigging up in the Southern Exploration Company's Twitchell No. 1 to be drilled about 300 feet northeast of the Lincoln Drilling Company's Williams No. 1, first completion to pick up deeper sand at the western edge of the old Summerland field.

The Exeter Oil Company's Edwards No. 1, offset to the Lomas No. 1 discovery well, in the Palisades field, is preparing to make a production test, with bottom of the hole at 2246 feet. Eleven and three-quarter-inch casing was set to 2227 feet, and field reports say that considerable oil sand has been found.

Preparing Wildcat Location

The Standard Oil Company is reported to be preparing location for its Piedmont No. 1 wildcat, on a lease about four miles southwest of the Union Oil Company's Page No. 1 in Monterey county. The new test is to be drilled 4500 feet south of the northeast corner of parcel No. 1 and south of Milpitas Road.

Standard's K.C.L. No. 5-2, northwest of Bakersfield, is reported to be putting out 180 barrels of 18-deg. gravity oil per day from a depth of 4777 feet. This project is situated about a mile and a half south of the Kern River Front field and about two miles east of the Fruitvale field.

Coring Ahead

The Marland Oil Company's Elliott No. 12-8 well on Sec. 12, 22-17 at Kettleman Hills, is coring ahead below 6355 feet. This project is an offset to the Milham Exploration Company's Elliott No. 1 discovery well.

DAILY EASTERN CITRUS MARKETS

[By the Associated Press.]

Carlot shipments of California citrus, compiled for the California Fruit Growers' Exchange from railroad Bunching reports, were reported as follows:

	Oranges.	Lemons.
SOUTHERN CALIFORNIA		
July 10	228	74
Season to date	41,228	1,040
Last season to date	32,467	1,349
CENTRAL CALIFORNIA		
July 10	0	0
Season to date	2,902	172
Last season to date	3,971	135
NORTHERN CALIFORNIA		
July 10	0	0
Season to date	482	47
Last season to date	603	135

California oranges and lemons found varying conditions at eastern and middle western auction centers yesterday. Out of eight reporting centers, three indicated lower prices, three reported markets practically higher and two were higher. Lemons were tabulated three higher, one steady, three lower and one spottedly higher and lower.

Analysis of trading developed the following price ranges per box:

	ORANGES			LEMONS	
	Graded above choice.	Choice	Graded above choice.	Choice.
New York	2.30@7.15	2.00@4.75	4.00@6.50	4.20@5.35
Boston	2.65@5.85	2.30@3.60	3.50@6.50	3.20@4.20
Chicago	2.60@5.60	2.45@3.40	4.00@6.00	4.00@4.50
Philadelphia	2.75@5.40	2.45@3.40	4.00@6.00	4.00@4.50
Pittsburgh	2.50@3.60	2.30@3.30	3.50@4.60	3.30@4.00
St. Louis	2.15@3.25	1.75@2.50	4.00@5.50	3.50@4.00

CITY NEWS—EDITORIAL—SOCIETY—THE DRAMA

DAVIS WILL BE SENTENCED MONDAY ON $7500 BRIBE

Jury Convicts on Fourth Ballot in Case With Penalty of One to Fourteen Years in Prison

Earl L. Davis, former Chief Deputy District Attorney, will be sentenced to from one to fourteen years in San Quentin penitentiary Monday morning at 10 o'clock by Superior Judge Wilson, before court he was yesterday convicted by a jury of having accepted a bribe to "let up" on Ed H. Rosenberg, a defendant in a bucket-shop fraud case.

A conviction came suddenly at 4:30 o'clock yesterday after the jury had been out since 10 o'clock the preceding morning. Davis, on the question of his guilt or innocence, for a little more than six hours, which was believed to be unable to agree.

BALLOTS TAKEN

Four ballots were taken by the jury, all of seven women and five men. The first, cast late Wednesday afternoon, was 10 to 2 for conviction, a man and a woman stood out. Davis and prison cars. Court opened morning shortly after 9 o'clock and had been returned to the jury room by Bailiff Olds, another ballot was taken and but a single change between the former count—one man and his vote. The third ballot found Davis free from all stain by one vote.

At 4 o'clock of the Hall of Records, where striking 12 noon the jurors by which Davis was in liberty was swept away by a new argument and he became a prisoner in the County Jail.

JURORS GUILTY

Immediately after the former jurors learned from the lips of Judge Wilson's court, that the jury verdict, that he was found guilty of selling his official office. Then he heard the comments by Defense Counsel Gibson, and by one the men and women who had decided his fate and heard the verdict as their names were called, known as "Buddy," took the news of the verdict without emotion, but his wife, who, together with Davis and her husband's family had attended the trial, burst into tears and threw her arms about her husband, kissing him and then turning to plead for a new trial and sentence not easy to fall.

VERDICT DEDICATED

Long before the verdict was returned it became known in the court that one was forthcoming. Testimony before the jurors was completed at 10:30 o'clock Wednesday morning, and after a verdict had been reached by the jury, the fact that Davis was guilty as charged" was certain to courtroom observers, despite the convincible preserved.

Hollis Pinnock, capital witness for the state, and former partner of Davis, and Charles Oliver, partner of Rosenberg, who pleaded guilty to charges of conspiracy to defraud the public, were present when noon Judge Wilson dismissed the jury and was about to pronounce sentence upon Davis, when Attorney Gibson, counsel for Davis, requested a "little more time to submit a motion." Judge Wilson consented to allow the jury to remain in the jury room, but long enough to reach a final ballot, the verdict was rendered and the verdict was announced.

FIVE PERSISTED

Within five minutes after the jury had retired to the jury room, just long enough to take a final ballot, the verdict was rendered and the verdict was announced.

Dan Davis, counsel for Davis, made a statement following the announcement that every legal step will be taken to free Davis from the conviction. A motion for a new trial will be made Monday and will be followed, if the motion is denied by an appeal.

Deputy District Attorney Dist.-Atty. Fitts, who with Dep. Dist.-Atty. Clyde Shaw presented the case against Davis, made no comment relative to the verdict, but Dist.-Atty. Fitts issued the following statement:

"I FEEL SATISFIED

"I feel satisfied that every legitimate point in this case as fully and fairly presented to the jury. The jury is to be commended for its courage, and I commend the court for the fair and impartial manner in which they represented the interests in this case."

Of the sensational Davis was the "mill" in the Hall of Records, bathing and dressing and all that goes with the life of a new prisoner to the County Jail, awful, which is a felon's cell in the County Jail, yesterday marked the end of the meteoric career of Earl L. Davis, Chief Deputy District Attorney of Los Angeles county. Davis, who yesterday was convicted of having accepted a bribe of $7500 to "let up" on Ed H. Rosenberg, a defendant in a bucket-shop fraud case, was taken to the County Jail at 5:30 o'clock yesterday afternoon by Bailiff Olds, after he had been released on his own recognizance by Judge Wilson.

PORTER NAMES FIVE TO BOARDS

Expired Commission Terms Refilled by Mayor

Hollywood Editor Replaces R. F. Del Valle

Only One Reappointment; Women Honored

The names of three men and two women were submitted to the City Council yesterday by Mayor Porter to fill expired terms on city commissions. Under Council rules the names were referred to appropriate committees and will come up for consideration at the expiration of a week.

JAMES M. HYDE.

The nominations are: James M. Hyde to the Board of Public Works, vice John S. Horn; Harlan G. Palmer to the Board of Water and Power Commissioners, vice R. F. Del Valle; Orra E. Monnette to the Board of Library Commissioners, reappointed; Mrs. A. J. Lawton to the Board of Civil Service Commissioners, vice Miss Mary Workman, and Mrs. Charles S. McKelvey to the Board of Pension Commissioners, vice Mrs. J. O. Colwell.

Prof. Hyde's nomination was referred to the Public Works Committee, Councilman Randall, chairman, Mr. Palmer's to the Water and Power Committee, Councilman Jacobson, chairman; Mr. Monnette's to the Public Welfare Committee, Councilman Ingram, chairman; Mrs. Lawton's to the Efficiency and Personnel Committee, Councilman Lewis, chairman, and Mrs. McKelvey's to the Police and Fire Committee, Councilman Martin, chairman.

RULES UPHELD

The names were submitted to the Council directly. Councilman Randall moved that the rules, which call for references to committees and consideration for one week, be suspended as to Prof. Hyde's appointment, but this was opposed by Councilman Davis, who called for the regular procedure, and was supported by Councilmen Webster and Jacobson. Mr. Randall, failing to obtain a second to his motion, withdrew it.

HARLAN G. PALMER.

Councilman Martin, who is regarded as the Mayor's "contact man" in the Council, caused a ripple of laughter when he expressed audible surprise when Mrs. McKelvey's appointment was read off by the clerk.

"Why, that appointment wasn't supposed to come in today," he declared.

Palmer is the owner and publisher of the Hollywood Daily Citizen, 6364 Hollywood Boulevard. He is a long-time resident of the Hollywood community, and prior to its annexation to Los Angeles was a justice of the peace. Mr. Palmer is

COUNTY TAX FOR PARKS CONSIDERED

Supervisors Study How to Match $3,000,000 State Allocation for Purpose

Plans to add 2 cents to the county tax rate for the purpose of raising money to match $3,000,000 to be allocated by the State to Southern California under the new State Park Act, were considered by the Board of County Supervisors yesterday.

Atty. H. W. O'Melveny, a member of the State Park Board, and John Trainar, chairman of the Chamber of Commerce Committee on State Parks, conferred with members of the board regarding two possible sites for beach parks.

One is a tract of shore acreage a mile long just west of Santa Monica owned by Robert C. Gillis. The other is the strand owned by the city of Manhattan Beach. That city recently asked the Board of Supervisors to lease their beach frontage, saying the community could not afford to keep up the beach for week-end bathers from all over the county who pay nothing for its maintenance.

The State road department, according to information given the supervisors, is in a position to add greatly to the value of the Gillis property by erecting groins for road protection which would cause large accretions to the beach.

The Board of Supervisors has asked County Counsel Mattoon for a complete report on the State Parks Act, so it might be ascertained just how the board could proceed legally to provide the money for the parks. It was suggested that the sum raised annually by the tax rate be paid to the present owners of the beaches on the installment plan.

MISSOURIANS TO DANCE

Fancy dances and musical numbers followed by general dancing and a social hour will make up the program next Tuesday evening at a reunion of the Missouri State Society at Moose Hall, 1024 South Grand avenue.

FOUR TRAFFIC VICTIMS DIE

Motorist Succumbs After His Car Hits Lamp Post; Other Fatalities Result of Earlier Mishaps

The death last night of David Narens, 46 years of age, following shortly after the crash of his automobile, brought the day's mortality from traffic accidents to four. Three others died yesterday as the result of injuries received Wednesday.

Narens, who resided at 894 East Thirty-ninth street, expired as he was being carried into the Georgia-street Receiving Hospital. He was driving alone when, at Floral Drive and Hazard street, his car appeared to break from his control and crashed into a lamp-post, overturning. His skull was fractured.

Clarence Van Oss of 4406½ Central avenue was booked at the City Jail yesterday on a suspicion-of-manslaughter charge as the result of the death of J. L. Vernand, 58 years of age, of 653 East Seventy-seventh street, after the man had been struck by Van Oss's car near Seventy-seventh street and Avalon Boulevard Wednesday night.

Vernand's body was removed to the County Morgue and was not identified until early yesterday morning when his son, Charles Vernand, a detective lieutenant attached to University division, viewed it at the morgue.

Van Oss said he did not see the man until too late to stop his car, police reported.

Mrs. Minnie M. De Lomjoy of 131 West Twenty-fourth street, died at the Georgia-street Receiving Hospital yesterday from injuries received when she was struck by a street car near Twenty-fourth and Main streets Wednesday night.

According to witnesses the woman started to cross the street, and halted to gaze into an excavation, when she was struck by the car.

Joseph C. Smith of 1131 North Evergreen, 62 years of age, died in the Georgia-street Receiving Hospital yesterday from injuries received the night before when struck by an automobile as he alighted from a street car at Evergreen street.

Striking on her head last night, Mrs. Clara R. Burgess, 55 years of age, 406 Camden Drive, Beverly Hills, fractured her skull in a fall from a street car at Pico street and Seventh avenue. Detective-Lieutenant Wilson of the Wilshire division reported that she stepped backward from a moving car despite the warnings of Conductor J. McFarland. The car was a "P" car of the Los Angeles Railway, operated by Motorman E. L. Roche.

TEN HOURS TO SEATTLE AIRLINE AIM

Talbot and Hanshue Head Group Which Purchases Transport Company

Ten-hour travel by air along the Pacific Coast from Los Angeles to Seattle was anticipated yesterday with the announcement that a group headed by James A. Talbot and Harris M. Hanshue, leaders of the Western Air Express, has purchased the assets of the West Coast Air Transport Company, an Oregon airline.

Plans call for the new management putting planes into operation between San Francisco, Portland and Seattle on passenger and freight schedules.

Mr. Hanshue is president and general manager of Western Air Express and Mr. Talbot is chairman of its board of directors which indicates an operating connection at San Francisco of the new line with Los Angeles-bound Western Air transports. Western Air officials were noncommittal on the plan yesterday.

Offices of the new company are in the Bartlett Building with Hanshue, president; Talbot, vice-president; Bradford M. Melvin, vice-president; R. W. McKee, secretary and treasurer. These men, with Robert E. Smith, will form the board of direptors.

LIGHTNING STARTS BLAZES

PHOENIX, July 11. (AP)—Thirteen fires were started by lightning in the Tonto National Forest during the first ten days of July, it was shown in reports received at the office of T. T. Swift, supervisor. All the blazes have been extinguished.

Miss Nixon and Hillman Plan to Wed in Chicago

Marion Nixon, film actress, isn't going to have a Hollywood wedding. Yesterday she told her friends in the cinema colony she and Edward Hillman, young Chicago business man, are to be married in the Windy City August 11.

The actress told of her marriage plans yesterday on the Richard Barthelmess set at the First National studios. The wedding is to be a quiet affair, she said, with family members and a few friends present.

On August 20, she declared, they will sail on the Ile de France for a honeymoon of six months in Europe, when she will return to Hollywood to resume her picture work. The wedding probably will be solemnized at the Hillman home in Chicago.

Sailors Praised for Heroic Deed

A resolution commending Zeddie March and George Nelson, sailors from the U.S.S. Saratoga, for saving the life of Ygnacio Najera of 1832 Kearney street on the 4th inst. when he came near drowning in Hollenbeck Lake, was passed by the Board of Park Commissioners yesterday. Secretary J. J. Hassett was requested to forward copies to the commander of the warcraft and to the sailors.

Najera and a companion, in a canoe, had overturned the craft, Najera, who cannot swim, began to go under. March swam to Najera and held him up until a canoe arrived and took him to shore, where he was revived under first-aid treatment administered by Nelson, according to the report made to the park board.

NATIONAL DEFENSE DISCUSSED AT CLUB

Arrangements for promoting a better understanding of national defense were discussed by a committee of eight members of the Junior City Club last night at the City Club. It is the committee's purpose to work with the army and navy organizations in the study of national defense and work out a program of education for Junior City Club members. J. D. McPherson presided last night.

DAZZLING ELKS PAGEANT WRITES ODESSY IN LIGHT

Beautiful Story Told in Color as Climax to Convention of Antlered Herd

BY CARLETON WILLIAMS

Full Page of Illustrations on Page 12, Part II

The most beautiful story of pageantry ever unfolded was written in lights in the Coliseum last night as the motion-picture industry staged the climax of the sixty-fifth national convention of the Benevolent and Protective Order of Elks.

The pageant was beyond adequate description by the written word and the more than 60,000 persons who witnessed the odessy will never forget the wizardry of electricity that passed before their eyes.

Today Observed as Harbor Day by Visiting Elks

Today is Harbor Day for the sixty-fifth national convention of the Benevolent and Protective Order of Elks in session here. The program follows:

8 a.m. Excursion to Avalon, Catalina, "The Magic Isle," for Grand Lodge officers and representatives. Trips to the submarine gardens in glass bottom boats. Golf on Catalina Island courses. Visits to the world's largest aviary. Special train leaves Sixth and Main street station 8 a.m. sharp.

Reception at Los Angeles Harbor and entertainment at Avalon by the San Pedro Lodge. Visits to United States battleships.

Long Beach Day—Visiting Elks and their families will be the guests of Long Beach Lodge. Deep sea fishing, swimming, boat trips in Long Beach Harbor, amusement concessions by courtesy to the visitors, auto trips, including Naples, and the geological wonder, Signal Hill. Special trains leave Sixth and Main street station at frequent intervals beginning at 10 a.m.

Everything that is considered beautiful and attractive was reproduced with electricity in the big bowl.

FAIRYLAND DEPICTED

The flowers of the universe and fairyland, too, were depicted. There were huge baskets of pansies, morning glories, honeysuckle vines, violets carried in brilliant electric vases. Sitting in such bowers were beautiful girls in costumes that were especially designed to reflect the beams of varicolored lights that gleamed upon them.

Not only was all of nature's wonders reproduced, but the works of man, too, were skillfully portrayed in incandescent light. The extent of the progress of the motion-picture industry was depicted in the illumination that moved about the track.

The winning float of the pageant was presented by the First National Pictures Corporation. It was voted first prize, and the float offered by Harold Lloyd, which won first prize at the Shriners' convention a month ago, was adjudged second. Third place was given to the third float of the group offered by Warner Brothers.

PLANES SOAR ABOVE

Airplanes, illuminated, soared above the Coliseum. While the electrical display received the largest share of attention the Elks themselves were everywhere in evidence. Their brilliant uniforms, snappy drill teams and multi-colored flags and emblems, added to the splendor.

One of the features of the parade was the band of the local lodge of Elks. It was led by Harold Roberts and the members wore head dresses of electric lights. A large delegation of Shriners in the uniform of the Al Malaikah Temple of Los Angeles marched into the Coliseum bearing a huge electrical bouquet.

The pageant moved through to the music of many bands. ER musical organizations from all over America were strung along throughout the parade. After marching around the track they massed in the center of the Coliseum.

All of the lights in the Coliseum were turned out for a moment as the clock struck 11. A gong beat solemnly eleven times. The massed bands played "The Star Spangled Banner," and Conrad Nagel then read the impressive toast of the Elks' order. On the west wall of the Coliseum out of the darkness appeared a huge clock with its hands pointing to the hour.

Shortly before this an airplane roared low above the throng and the searchlights revealed that it was the Angeleno, the plane that has broken all endurance-flight records and is being piloted on to more honors. The sight of the ship caused a great cheer.

HONOR DIVISION LEADS

Leading the superspectacle of twenty-one sections through the west tunnel of the Coliseum at 8 p.m. came the honorary division of the pageant introducing to the immense throng the grand officials of Elkdom.

It was headed with an honor escort of motorcycle police. After the police detail came Monty Blue, Grand Marshal, in an automobile which was a bower of golden roses. After the Grand Marshal came Los Angeles' own Elks' Band of 110 pieces, headed by Harold Roberts. Across their white helmets was a string of electric lights. They were tan coats and white trousers and were followed by the chanters in like uniforms.

Massed cars preceded the white squadron drill team of Lodge No. 99, in uniforms of pure white. Walter P. Andrews, Grand Exalted Ruler; Murray Hulbert, Jr., Past Grand Exalted Ruler; Edward Gibbs, Exalted Ruler of the Los Angeles Lodge; Frank N. Murphy, Jack L. Warner and other officers and supervisors of the pageant followed.

STARS IN FLOWERED CARS

Next came the uniformed body of the Los Angeles lodge garbed in costumes of all shades from the darkest red to the palest pink. This

(Continued on Page 13, Column 1)

The Lancer

by Harry Carr

I NOW have a nice new operator's permit on white paper—instead of a dog-eared one on brown paper. Beyond that I can't see much point to this stringent order requiring everyone to get new licenses.

GETTING A LICENSE

The process of getting one is mildly entertaining, however.

You tack yourself onto the end of a long line of disdainful society queens, Japanese fruit peddlers, fat gentlemen, flappers and what not in the State Motor Vehicle Department Building on Grand avenue.

In time you come up a long stairway into another large room. A harassed-looking young man jabs a bundle of papers into your hand. One is an application blank which asks you whether—and when—you have had paralysis, epilepsy or insanity.

KINDERGARTEN STUFF

You pass through a little gate behind which sits a gentleman in shirt sleeves, who seems agitated almost beyond human endurance. "Read that," he says, pointing to an illuminated row of letters.

Without listening to whether you read it right, he shoves a questionnaire into your hands and you find yourself trying to edge into a gang of sweating ladies and gents writing at long tables.

The questionnaire is a kindergarten game where you mark down "right" or "wrong" opposite questions about the traffic law.

SWEET WORDS

Then a beauteous young lady fills out your card. So doing, she makes the sweetest remark ever heard by human ears: "There is no charge."

Then you emerge into the open air wondering what it is all about. You have a new card and the great State of California knows just as much about your fitness to drive a car as it knew before.

FARCE COMEDY

There ought to be an examination of every person driving a car in this State. But to attempt to examine more than 2,000,000 drivers in six weeks is just farce comedy.

These examinations should have been by sections and extended throughout the year.

LOOK 'EM UP

It is obvious that the examiners should have time to look up the police records of those asking for new licenses.

It is the boys who have been reported for reckless driving who should be put through a course of sprouts. It would help matters considerably if drivers with a reckless record were required to give a heavy bond to insure their ability to pay damages in future accidents.

IRRESPONSIBLE

A good share of the "murder driving" comes from boys who are driving a company car and whose fine is paid by the boss. They couldn't pay damages if they were sued.

PENNSYLVANIANS CALLED

A. J. Loslein, president of the Pennsylvania State Society, yesterday issued the last call to all former Pennsylvanians and their friends to attend the society's big summer picnic and reunion tomorrow at Bixby Park Long Beach. Following the basket dinner at noon there will be a varied program.

MAYOR'S POLICY CRITICISED

Republican Women Discuss Resignation Requests; Characterized as Charter Spirit Violation

Mayor Porter's proposal to have each of the eighty-five members of the city's seventeen government commissions resign and the spoils system in general came up for discussion at a meeting in the Clark Hotel yesterday of fifteen women of a subcommittee affiliated with the County Republican Central Committee.

Secretary Bush of Hollywood Chamber of Commerce said wholesale removals of commissioners without cause will violate the spirit of the City Charter and will do one of the very things that its framers sought to protect the city from. He pointed out that the charter provides that a commissioner's term is for a period of years intended to give a continuity to the conduct of city affairs by expiring at different time than his fellow-commissioners' terms expire.

Bush said ample power was given the Mayor to make changes where such are necessary, subject to City Council approval, but he indicated that it will be an abuse of this power for a Mayor to oust all commissioners and then reappoint whom he wishes and make replacements at will.

OLD SYSTEM

One woman said that only six or eight commissioners had resigned and that those who have not done so need not do so until their case is laid before the City Council by the Mayor. Doubt was expressed whether the Mayor will do this in more than a few instances.

"If on his own investigation the Mayor finds a commissioner should be removed," Bush said, "then the commissioner should be removed, but I don't believe this other thing is good government and it violates

(Continued on Page 3, Column 4)

PRODIGY MUST FACE LIFE TO REDUCE HIS SUPEREGO

Mrs. John Barry of 4020½ Second avenue must have her 9-year-old son Jack educated as provided by law or go to jail for five days, Municipal Judge Thompson ordered yesterday, suspending a jail sentence of that duration which followed her conviction by a jury of violating the school law, on condition that she comply with the new law in the future.

A trial was denied, the court declaring there is no reason for belief that another verdict would result. Oral notice of appeal from the judgment was given at once by attorneys for Mrs. Barry, on which the court set bail o' $100.

"This is a peculiar case, and in many ways a sad one," declared Judge Thompson in imposing the sentence on Mrs. Barry. "Your method of teaching has developed in this boy a super-ego. He believes that he is more enlightened than the average boy several years older than himself.

"Contact with the world and the stern hand of experience will obliterate this delusion after you have unnecessarily during the process. Your boy is just like every other boy in this country and he is entitled to all the advantages given him by this government. I recommend that you place him in school immediately where he can come in contact with fellow human beings and learn to love them."

Following her trial Mrs. Barry declared Jack is the equal in mentality of the average youth of 19 years. He has given sixty-six lectures on subjects varying from California history to theology during his ten months' residence here, she said, his especial topic being astronomy. She has taught him since he was 18 months of age, she says, by a secret system.

PIPELINE RULING DUE TODAY

Sealed Bids on Gadd Proposal Will be Opened This Morning by Santa Monica Commissioners

By a "Times" Staff Correspondent

SANTA MONICA, July 11.—No decision on the application of the Center Securities Company, or Peter Gadd, for a franchise to lay a pipeline through this city, under the Palisades Beach road, will be made until tomorrow morning's meeting of the Santa Monica City Commissioners, Mayor Michel stated today following the appearance before the body of protestants against the franchise. Charges that the "Gadd pipeline deal" is "raw" and that the assertedly concealed objective is to convey material for cement manufacture from the Alphonso Bell deposit in the Santa Monica Mountains' residential area to El Segundo, were hurled at the meeting by A. P. Trainor, who brought a petition against the franchise for filing.

At the outset Mayor Michel stated today's present meeting was allowed only because Edward L. Compton, lawyer, representing F. H. Hecker, a taxpayer and owner of Palisades Beach Road property, in a legal protest, could not appear tomorrow, the final protest date, when sealed bids for the franchise will be opened. At tomorrow's session, the Mayor declared, any other formal protests will be heard.

The commissioners declined to state what their attitude will be toward the protest filed by Compton, which he read in full to the council. The petition seeks abandonment of the proceedings on grounds that it violates the State

AUNT HET

BY ROBERT QUILLEN

"Amy pretends she's my friend, but she served that sticky stuff at the Aid Society meetin' knowin' good an' well my upper plate would stick an' pull loose when I bit it."

(Copyright, 1929, Publishers Syndicate)

OFFICER NAMED IN DEATH QUIZ

Policeman Jailed in Shooting of Mexican Boy

Bost Denies He Fired Gun Wounding Victim

Lad Found in Yard Later Died in Hospital

Accused of having fatally wounded 17-year-old Christopher Silvas Sierra while attempting to arrest him for a misdemeanor on the night of the 4th inst. and then attempting to convince others that the youth had been shot by one of his companions, W. J. Bost, Los Angeles police officer, yesterday was named defendant in a complaint issued by Dep. Dist.-Atty. H. J. Scott, charging murder.

Bost was taken into custody after an investigation by Detective Lieutenants Torres, Romero, Contreras and Edward, which Captain of Detectives Cato declares produced evidence indicating that Bost shot Sierra when the youth started to run from the automobile in which he was riding after officers stopped to question the occupants.

POLICE CALLED

According to detectives' reports a call was sent to the Boyle Heights station that an argument between a group of Mexicans was in progress at Utah and Kearney streets. When the officers arrived a car driven by Sierra and in which Jesus Lizana, 20, was riding, was standing near Utah and Las Vegas streets. Bost and Patrolman Pharon, who accompanied him, ordered Margaret and Madina Ortez, 1406½ East First street, who were conversing with the two youths, to go to their homes. When the girls departed both Sierra and Lizana are asserted to have jumped from the machine and run.

Lizana was captured a short distance from the scene.

YOUTH WOUNDED

Shortly after the commotion, Mrs. Hazel Gulitzen, 122 North Utah, came up to the police car and declared a wounded man was lying in her yard. Bost and Pharon called an ambulance. The youth was removed to the Georgia-street Receiving Hospital and later taken to the General Hospital, where he died.

The following morning Robert Ocana, 4126 Gleason avenue, was taken into custody and booked on suspicion of murder. Ocana previously had quarreled with Sierra.

Lorenza Garcia, who lived with Sierra and the latter's aunt, Mrs. Mary Benevente, 109 North Mission Road, identified young Ocana as the youth who shot Sierra. Later the youth changed his story and declared the officer had done the shooting.

More than a score of witnesses since have made statements to police declaring the officer fired the shot that penetrated Sierra's left lung.

OFFICER ACCUSED

Bost declares Sierra apparently had been lying on the ground more than a half-hour before he arrived at the scene of the argument. He denies his gun was fired. It was several hours after the shooting before the officer's gun was examined and at that time it was said no evidence was apparent that it had been fired.

Pharon has been suspended pending further investigation of the case.

Bost later was arraigned before Municipal Judge Ballard and his preliminary hearing set for the 24th inst. He was ordered held in the County Jail without bail to await the hearing.

GRADUATION GIFT TOUR ENDS

Berkeley Miss Returns From Europe

Janet Louise Layer

A TOUR of Europe was the graduation gift of Herman Layer, president of the Pierce Petroleum Company, to his daughter, Miss Janet Louise Layer of Berkeley, who has just returned from a six months' tour of Europe and the Mediterranean.

Miss Layer graduated from the University of California in 1927 but delayed acceptance of her gift until last winter, when she sailed from New York for Europe on what turned out to be, as she explained it at the Biltmore yesterday, "the trip of my life." Among other things Miss Layer gathered a large assortment of baggage labels from every part of Europe and the Mediterranean.

Miss Layer's mother has won prominence through her activities in the University of California Mothers' Club, of which she was president from 1927 until 1929. The Layers formerly resided in Los Angeles.

Youth's Funeral Rites Announced

Funeral services will be conducted at 2 p.m. tomorrow for Norman Ringer, Jr., president of the Los Angeles High School glee club, who was drowned Wednesday in Stillwater Cove, near Pebble Beach. Services will be from Pierce Brothers' chapel followed by interment at Forest Lawn Memorial Park.

The youth was the son of Mr. and Mrs. Norman Ringer of 1635 South Norton avenue. He was 18 years of age, and had just graduated from Los Angeles High School. He was orator of the Beverly Hills DeMolay order. With four companions he was in a boat which capsized, the others swimming to safety. He leaves his parents and a sister, Margaret, a student at Pomona College.

WIDOW WINS IN CONTEST FOR ESTATE

Mrs. Von der Lohe Gets Decision Denying Claims of Stepchildren

Mrs. Clara Davis Von der Lohe's claims to the $300,000 estate of her husband, John H. C. Von der Lohe, for forty years superintendent of Rosedale Cemetery, were upheld by a decision of Superior Judge Bowron, it was revealed late yesterday.

Mrs. Von der Lohe, the decedent's fourth wife, based her claims on her natural rights as a widow and on her appointment as administratrix of the estate. The contestants, Arnold C. Von der Lohe and his sister, Alma, children of the decedent's first marriage, claimed to have received all their father's property as a gift.

The court held, however, that when a decedent intends to make a gift of the property, but fails to make actual delivery of deeds, stocks or bonds, the gift is void. Von der Lohe ended his life about eighteen months ago on the cemetery grounds.

Believed to be the largest in the world, a motor lifeboat just built at Cowes, Eng., is sixty-one feet long and has cabin accommodations for nearly fifty, with room for 300 people on deck in calm weather.

Beery Denies Owing Lawyer

Taking the witness stand yesterday in Superior Judge Burnell's court, Noah N. Beery, film actor and brother of Wallace Beery, related his version of the circumstances leading up to the suit for $7100 brought against him by Edward W. McCullough, his former attorney.

McCullough testified that the money sought represents the amount he should have for services performed for Beery between December, 1928, and February, last.

Beery denies the money is due the attorney.

ASSESSMENTS CONFIRMED

The Council yesterday confirmed assessments on the improvement of the Chandler Boulevard and Colfax avenue district and on the improvement of Williams street at Hill Drive, the improvement of Victorine street at Sierra street and the sewering of Bedford street between Gregory Way and Country Club Drive. Hearing of protests against the improvement of the Dracena Drive and Greenwood Place district was continued until October 16, next, and protests against the improvement of Harper avenue between Willoughby avenue and Melrose avenue were continued until September 12. Protests were denied against the improvement of the Park Drive and Ewing-street district.

CASE RESTS WITH STATE TESTIMONY

Arthur Perry's Attorney in Julian Usury Trial Puts on No Defense

His motion for an instruction that the jury acquit Arthur Perry, Julian usury defendant, denied by Municipal Judge Pope, Samuel A. Miller, Perry's attorney, put on no defense yesterday, resting his case on the witnesses put on by the State.

Deputy City Prosecutors Brockman and Lindley argued that Perry's $13,000 deal with Jack Bennett, "bright young man" of the involved being put up by Bennett as security for the loan. State's witnesses yesterday testified that Perry's bank account showed a withdrawal in January, 1927, of $13,000 and deposits during the next thirty days of $15,000 in a series of checks.

Miller contends that the transaction was a legal contract for the sale and repurchase of the stock involved. Both sides concluded their arguments last night.

Judge Pope announced that he will instruct the jury at 10 a.m. today, following which it will be locked up until it reaches a verdict.

New Bond Issues Offered Today

New issues of public utility and industrial bonds will be offered for distribution on the Pacific Coast today. A banking group composed of the Harris Trust and Savings Bank, the National City Company, Guaranty Company of New York and Halsey, Stuart & Co., will offer $30,000,000 Cities Service Power and Light Company 5½ per cent gold debentures, due June 1, 1949, and priced at 93 and interest to yield over 6.10 per cent.

Chase Securities Corporation, Bankers Company of New York, Harris Trust and Savings Bank, Lee, Higginson & Co., Bancamerica Blair Corporation, Halsey, Stuart & Co., Inc., Old Colony Corporation, Otis & Co., and the First National Corporation of Boston will market $25,000,000 first mortgage gold bonds, 5 per cent series, due 1949, of the Canadian International Paper Company, priced at 95 and interest to yield about 6.45 per cent.

WAR MOTHERS TO PICNIC

Loyal Chapter, American War Mothers, will hold a picnic next Wednesday in the municipal park at Huntington Park, it was announced yesterday. Mrs. Frances Forrester, president, has extended an invitation to all Huntington Park mothers of service men, regardless of affiliation, to attend the picnic as guests. The chapter will furnish hot coffee.

$1.50 *or less* a month for Electricity to operate an *Electric Refrigerator!*

Is yours one of the

20,000 Los Angeles Homes

enjoying the comforts and economy of

ELECTRIC REFRIGERATION?

Proper food preservation is principally a matter of proper refrigeration. That is why the electric refrigerator is today the most talked about and most desired appliance for the home. At 1929 prices, an electric refrigerator is easily within the reach of all modest homes with moderate family budgets.

20,000 Los Angeles homes are already equipped with electric refrigerators. 20,000 efficient home managers have discovered that this appliance, which they have always wanted, is inexpensive to buy and operate. Moreover, besides its convenience, cleanliness and beauty—it keeps foods fresh and wholesome, and pays you daily savings in addition. Get it out of your head that electric refrigeration is a costly luxury. Prove it by inquiring into prices and terms from your dealer.

It costs only $1.50 a month, *or less* for *Municipal electricity* to operate an electric refrigerator. Municipal rates, designed to contribute to the happiness, comfort and economy of family life, are lower than in almost any other city in the United States, and explain why every modern apartment house in Los Angeles is being equipped with electric refrigerators.

At the Appliance Display, 209 South Broadway, all electric standard refrigerators are on display. Prices will be given and features explained. All there is to know will be told you. *Nothing is for sale.* Your ownership in the Municipal Electric System has created this impartial service to aid your selection. When you visit the Display—ask for "Book of 150 Recipes" given free.

EX-ACTRESS DETAINED AS PICKPOCKET

Woman Charged With Rifling Shopper's Purse in Downtown Market

Mrs. Vivian Foley, who describes herself as a former actress, 38 years of age, of 1617 South Flower street, yesterday was lodged in the County Jail charged with suspicion of grand theft, pickpocketing, after she had stolen the contents of another woman's purse, according to the police report, in a market at Third street and Broadway.

Her arrest resulted from the advice given her asserted victim, Mrs. Jose Costa, a newsboy, of 345 Cornwell street. Mrs. Foley, police charge, stepped close to Mrs. A. E. Briggs of 1421 Arapahoe street and dumped the contents of the latter's purse into a large paper shopping bag. The movement, according to the report, was witnessed by Costa, who notified Mrs. Briggs. Mrs. Briggs seized Mrs. Foley and held her while others summoned police.

Detective Lieutenants Reed, Edwards and Robertson took Mrs. Foley in custody. They assert police records show she was arrested some five years ago on a similar charge.

chief trial deputy under Dist.-Atty. Keyes, accused of asking and receiving a bribe from A. I. Leaker, automobile finance man, in connection with the dismissal of numerous felony counts against him, was continued yesterday by Superior Judge Shaw from the 23rd inst. until 10 a.m. September 3, next.

The motion for continuance was granted by the court upon MacKay's showing that he needs additional time to obtain counsel for his defense and to finish certain legal cases now pending in Superior Court, in which he has been retained by defendants to represent them.

PIPELINE RULING SET FOR TODAY

(Continued from First Page)

an unlawful invasion of he rights of abutting property owners.

In support of his contentions Attorney Compton declared the State constitution permits granting franchises to use public highways only to public utilities, and that there is no statutory authority for granting such a franchise for private gain. He quoted at length from many authorities, declaring a sale of the franchise tantamount to Peter Gadd or the Center Securities Company, assertedly a Gadd concern, will involve the city in an endless entanglement of injunction and other suits. He predicted injunctions will be filed against a franchise already granted through Los Angeles territory north of Santa Monica and in Venice.

OTHER PETITIONS

Other petitions to the Council to abandon the franchise proceedings, based on assertions that tearing up the Palisades Beach Road, at present only twenty feet in width, would block traffic along practically the entire length of this heavily traveled artery, making the route extremely dangerous, and paralyzing traffic, were filed.

A petition basing its protest on grounds that the pipeline might be converted into an oil-carrying line, entailing asserted risk of property damage, was filed by C. C. Doran and eight Ocean Park property owners.

City officials reiterated their faith in Gadd's sincerity in desiring the pipeline for conveying earth in solution from canyons along the coast north of Santa Monica, to be used in filling lowlands for residential purposes at Venice.

Peter Gadd was not present at today's session. He was reported to have declared his object in acquiring property in the El Segundo industrial and shipping section below Venice was to obtain beach-hill sand for use in his lowland-filling deal and for sale as a commodity.

BISCUITS ONCE MORE FOR COOKERY CLASS

Biscuits again, so simple and easy to mix, yet requests coming in repeatedly that Mrs. Mabelle (Chef) Wyman include this in her class demonstrations, and Mrs. Wyman, whose interest is only to please her classes, individually and collectively, again will include the necessary biscuit in her itinerary this afternoon. Chef Wyman also will prepare golden cake and frosting, vegetable pie, lemon bread pie and cucumber and tomato salad with cucumber dressing. The two pie recipes also are requests. The Times cooking classes are held every Tuesday and Friday in the lecture room of the Southwest Building, 130 South Broadway, where the housewife can see and learn the latest innovations in kitchen utensils and household helps and learn how to make those delicious things to eat.

WESTERN AIR EXPRESS ADDS TO ITS SERVICE

Western Air Express has increased its Los Angeles-San Francisco service with additional planes leaving Los Angeles at 4:50 p.m. and San Francisco at 5:10 p.m., it was announced yesterday by General Passenger Agent Hal Shields. Limousines leave the local office, 113 West Ninth street, at 4:10 p.m. and the Bay City office, 661 Market street, at 4 p.m. daily. This new intercity schedule is a straight through, three-hour service conforming to Western Air Express standards. A light lunch is served aboard plane which, with the limousine transportation, is covered in the special fare of $33.

LOS ANGELES PRAISED AS AIR-MINDED

Miss Earhart Honor Guest at Luncheon of Women's Aeronautic Association

Women of Los Angeles were congratulated on their "airmindedness" by Miss Amelia Earhart at a luncheon given in her honor yesterday at the Biltmore Hotel and attended by 160 members of the Women's Aeronautic Association of California, with Mrs. Ulysses G. McQueen, president of the association, presiding.

Following the luncheon the guests went to the California Botanic Garden and planted a spruce tree in honor of Miss Earhart. The tree was christened with water taken from the silver trophy of the W.A.A. for the women's air derby to be conducted at Cleveland, August 24. A feature of the luncheon was the reading of a message dropped from the plane of the record-breaking endurance flyers, Loren Mendell and Pete Reinhart, at Culver City, in answer to a letter of congratulation sent them by Mrs. McQueen Wednesday evening. The message, dropped at 9:30 a.m., yesterday, read:

"Thank you for congratulation. We are tired but happy."

Miss Earhart, who is assistant to the general traffic manager of Transcontinental Air Transport, was one of the passengers on the trimotored Fokker which on June 17, 1928, flew from Trepassey, N. F., to Burry Port, Wales. The other flyers were Lou Gordon, the mechanic, and Wilmer Stultz, the pilot, who recently was killed in an airplane accident at Long Island.

PORTER NAMES FIVE TO BOARDS

(Continued from First Page)

regarded as being in full accord with the views of Rev. "Bob" Shuler, one of the Mayor's principal campaign supporters. He is an ardent proponent of the theory of municipal ownership and favors the abandonment of Mulholland dam.

MRS. A. J. LAWTON

In enunciating his policies after his inauguration, Mayor Porter declared that the people have "lost confidence" in the administration of the Department of Water and Power.

Former Senator Del Valle, who is thus replaced, first was appointed to the board in 1908. After serving several years, he left the office, was reappointed by former Mayor Snyder in 1919 and has been reappointed consistently since that time by former Mayor Cryer. He therefore has the longest record of service upon this board, and has devoted the majority of his time and energies to the upbuilding of the department. For many years he was president of the board and maintained offices at the Water and Power Building, keeping close contact, not only with the office forces, but the physical properties of the Aqueduct. He has taken a great interest in the proceedings for the Colorado River aqueduct.

When Mayor Porter was asked his reasons for supplanting ex-Senator Del Valle with Mr. Palmer, as to the latter's qualifications for board membership, and if Mr. Shuler was consulted on the appointment, he said he saw no reason for making any statement on the subject.

MRS. CHARLES S. McKELVEY

Prof. Hyde, whose address is 1954 Argyle avenue, formerly was in charge of the graduate department in mineralogy at Leland Stanford, Jr., University. He was associated with President Hoover in some of the latter's mining ventures in the early part of the century. He has lived in Los Angeles almost three years. He was a potential candidate for United States Senator against Senator Shortridge in 1928, but did not enter the primaries. He was reported to be in San Francisco yesterday.

Mr. Monnette is a vice-president of the Bank of Italy. He is the only Cryer appointee to be retained thus far. Mr. Monnette, after being associated with several banks, organized the Bank of America several years ago, which was merged with the Bank of Italy.

Mrs. Lawton lives at 1136 1-2 South Normandie avenue. She is active in club circles and study clubs, and is a law student at the University of Southern California. During Mayor Porter's campaign she had charge of the women's division. Miss Workman, whom she replaces, was not a candidate for reappointment.

Mrs. McKelvey lives at 2286 West Twenty-ninth Place. Her husband is an attorney. She is renowned as a parliamentarian and recently was elected vice-president of the State Federation of Women's Clubs.

Mayor Porter has expired terms on twelve more commissions to fill. He did not indicate yesterday when these nominations will be submitted. He has adopted a policy of conferring with certain Councilmen before submitting names.

W. J. Mosher, recently appointed investigating secretary to the Mayor, made a personal investigation of the nominees.

Mayor Porter yesterday declined to discuss a published report that Bert Ramsey, former grand jury investigator in the Keyes-Getsoff case, is under consideration as a replacement for Chief of Police Davis, who has not resigned.

WOMEN DEBATE MAYOR'S POLICY

(Continued from First Page)

the spirit of the city charter and intent of its framers.

"Who started this system of to the victors in politics belong the spoils of office?" inquired a woman in the audience. Bush said it was old in political circles and that Andrew Jackson was credited with being its boldest proponent.

CONGRESSMEN SPEAK

Representative Evans addressed the gathering explaining how the Federal Reapportionment Act was passed and said that it should add eight or nine Representatives to the eleven California has in Congress. This, he said, "will move California up to the fifth or sixth State in the Union," greatly increasing our influence in national affairs."

Representative Crail explained the 1930 census taking, saying that Los Angeles county will have five supervisors, five assistant supervisors and about 1250 enumerators. They will work for varying periods from two or three months to two weeks and will make from $5 to $10 a day while they work and that some will make as high as $1500 to $3000. Distribution of this patronage, he said, will take into consideration the wishes of the Congressmen.

COMMITTEE PROPOSED

The committee, headed by Mrs. H. G. Radwine, voted to suggest to its superior body that a committee be formed to begin work at once to see that when the State Legislature begins to allocate the additional Representatives under the Federal Reapportionment Act that Southern California will receive that to which it is entitled by reason of population.

It was pointed out that if proper allocation be blocked then Southern California could in retaliation block any allocation, which would mean that the additional Representatives would be elected at large and that in such election Southern California would have much to say because of the fact that 55 per cent of the vote lies south of the north line of Los Angeles county.

DERBY BUNIONS SOOTHED

Final Cases Against Promoter Pyle Before State Labor Commission Disposed Of

The financial difficulties of C. C. Pyle, transcontinental bunion derby promoter, which have had their echoes in the court rooms of the State Labor Commission here during the past two weeks, again were aired yesterday before Deputy Labor Commissioner Richardson.

Three claim cases, the last of a batch growing out of the asserted failure of Pyle to pay his actors, actresses, timekeepers, road patrolmen and others employed with his cross-country race, were disposed of and Pyle's troubles with the State Commission have come to an end, for the time being at least. Neither Pyle nor his auditor, Ted Shiverts, was present.

Of the three cases pending, one was dismissed and the other two were settled on promise of Pyle's attorney, J. J. Wilson, that the claimants would be taken care of.

H. M. Jinks, youthful timekeeper, was unable to collect any money from Pyle for his service, he having failed to prove that any of the service was performed in California.

Erine Mack, vaudeville actor, who, with his partner, sought $1600 asserted back salary, has accepted $75 in payment of his claim, Wilson told the deputy labor commissioner.

Mike Fekete, one of the foot runners, who sought return of his entry fee of $100, has been paid $50 of this amount, Wilson told the commissioner. Pyle, through Wilson, was given until July 15 to pay the balance.

HEIFETZ AND BRIDE RETURN

Pair to Live at Beach During Summer

Jascha Heifetz and Florence Vidor

JASCHA HEIFETZ, concert violinist, and his wife, Florence Vidor of film fame, returned to their Beverly Hills home yesterday for a vacation of two months. They plan to take a house at Santa Monica for the summer, they said.

The couple arrived yesterday on the Los Angeles Limited of the Union Pacific following Heifetz's concert tour aboard. The violinist said they will return to New York together in September to arrange his winter concert tour. They already have arranged for an apartment there, he said.

As for her picture career, Miss Vidor declared there is nothing definite and their present plans indicate she does not intend making any further arrangements at least until they go to New York in September.

Juvenile Flayed for False Oath

Juveniles who deliberately misstate their ages in order to obtain a marriage license and then later seek the aid of courts to annul the marriage, using their age as a plea, should be curbed, declared Superior Judge Yankwich yesterday in granting an annulment to Lillian Levy of her marriage to Henry Levy.

"Some of these days we will send some of these young folks who lie about their ages to the penitentiary," said the judge.

According to testimony, Mrs. Levy, a minor, was married without parental consent.

SUIT FILED HERE OVER PROFITS OF 'MARY LOU'

Suit was filed yesterday in the United States District Court by George Waggner against the Waterson-Berlin-Snyder Company for an accounting of the profits of the song, "Mary Lou." The plaintiff asserts that he, Abe Lyman and J. Russell Robinson, wrote the song and have only received $4000 during several years. It is asserted the profits have run into several hundred thousand dollars. The plaintiff seeks an accounting and distribution of profits.

WOOD CLOSES BANK DOORS

State Superintendent to Examine Condition of Pan-American of California

The Pan-American Bank of California will not open its doors for business this morning. Will C. Wood, State Superintendent of Banks, announced last night that, acting under the laws of the State, he is obliged to close the institution and take possession of its assets pending an examination of its condition.

Difficulties in the bank's affairs, a subsidiary corporation. The records of chief of which is its monthly rental of $15,000 for the quarters it occupies in the Merritt Building, are responsible for the crisis, Mr. Wood stated last night. He will proceed at once with an exhaustive examination of the bank's assets and liabilities, but could make no definite prediction of a date on which it will reopen.

PREDICTS LITTLE LOSS

"I assume from the records I have examined that there will be little, if any, loss to the depositors," said the official. "I understand there are about 10,000 depositors in the commercial and savings departments. The total assets of the commercial department appear to be $2,220,800.64, while the savings on deposit are $2,217,123.17.

"The bank has been in difficulty for some time, chiefly because of a heavy rental it pays under a contract of $15,000 a month. It has a comparatively small line of deposits with a heavy overhead. I have been making every effort for the past three weeks to keep the doors open, but I was obliged tonight to take possession."

OPENED IN 1926

The bank was opened December 30, 1926, under a California State charter, conducting a commercial, trust and savings department. A change in the official personnel was made recently which placed W. G. Barnhisel at its head as president. When the bank was organized, F. W. Smith was its president, but several changes have been made in its directorate since that time.

The following statement was issued late last night by W. G. Barnhisel, president of the bank, and Franklin Flick, vice-president:

"The affairs of the Pan American Bank have for several years been more or less in the limelight resulting in varying and changing conditions in the minds of the public. Conditions of the bank became such that drastic measures were necessary a little over one year ago. At that time the capital of the bank was reduced one-half and poor loans aggregating over $1,000,000 were transferred to a subthe bank do not disclose that any material recoveries have been made from these bad loans. The bank has been operating in the past years at a loss of at least $10,000 per month, and as time goes on it develops that there are more poor loans than were originally discovered. The Banking Commissioner has pointed out that this bank is faced with an impairment of capital of at least $150,000, including the wiping out of all surplus and undivided profits. It is also a fact that the deposits in the bank have decreased steadily for the past year, and as a result the legal reserve, as required, is greatly impaired.

"At the time of the resignation of Mr. Meeker and the assuming of the control of the bank by Mr. Flick and Mr. Barnhisel, it was their intention to bring about a reorganization through the medium of the reduction of the rental account now a burden to the bank; the elimination of overhead, and the developing of new business through affiliated companies. It soon became evident to the new management that situations within the bank were not such as would warrant them in proceeding with the plans they had in mind. It developed that the bank was not able to receive support from any of the local banks, either through the sale of securities, or rediscounting of paper, or borrowing upon collateral. The management realizes that any independent bank in the city of Los Angeles must have the support of banks and the public in general."

CITIES PRESENT BUS-LINE NEEDS

State Rail Board Hears Many Witnesses

Systems Seek Permits Over Roosevelt Highway

Beach Towns Ask Direct Outlet Northward

Representative business men from Southern California cities appeared before Examiner Handford in the State Railroad Commission courtroom today to testify as to the needs of their respective towns for through motor-bus service, which no less than four motor-stage companies are endeavoring to establish over the new Roosevelt Highway between Santa Monica and Oxnard.

Pickwick Stages System, Pacific Coast Motor Coach Company, Santa Monica Mountain Coach Company and the Motor Coach Company, all seeking a certificate to operate over the new coast highway, all brought witnesses into the hearing to testify as to the need in various cities for the service they seek to offer.

Witnesses from Santa Monica, San Pedro, Wilmington and Long Beach told the examiner at yesterday's session of the week-long hearing that there was an established need for through motor-coach service from the harbor district to Ventura and San Francisco over the new route.

SYSTEMS INDORSED

T. H. Dudley, president of the Ocean Park Business Men's and Amusement Association, testified that its organization has indorsed the Pickwick Stage System because it offers through service from San Pedro, Wilmington and near-by points to Oxnard and the north. Dudley was followed on the stand by R. T. Beaton, secretary of the San Pedro Chamber of Commerce, who told the examiner that the chamber has adopted a resolution indorsing the Motor Coach Company, which seeks to establish a through service from Los Angeles Harbor to San Francisco via Santa Monica and Oxnard.

Wilmington was represented at the hearing by J. W. Weighiman, secretary of the Wilmington Chamber of Commerce, who testified that his organization also has indorsed the Motor Coach organization.

ROUNDABOUT WAY

Asserting that during the first ten days of July there were 111 inquiries by prospective travelers for through tickets from Long Beach to northern points, L. W. Miles, motor-stage ticket agent at Long Beach, testified that such a motor-stage service should be established. Miles's testimony was strengthened by F. T. Moody, Long Beach hotel proprietor, who told the examiner that considerable dissatisfaction exists among Long Beach visitors because under existing conditions they must come to Los Angeles to obtain motor transportation to northern cities.

The hearing, which opened Monday, was continued throughout the week and will be brought to a close Friday evening, it was said yesterday.

FOUR TRAFFIC VICTIMS DEAD

(Continued from First Page)

Taken to Georgia-street Receiving Hospital, Mrs. Burgess was pronounced in a dying condition.

Knocked down by a hit-and-run driver last night, M. Belasquez, 38, of 183 North Utah street, received severe injuries. He was walking across the crossing at Utah and First streets when run down. At Georgia-street Receiving Hospital it was found he has a fractured pelvis and broken ribs.

HUSBAND FREED AS HE CHARGES EAR PULLING

Asserting that his wife, Helen Sproul, known on the stage and screen professionally as Helen Davis, pulled his ears and slapped his face, Everett Sproul yesterday was granted a divorce by Superior Judge Purkitt. Sproul, who was represented by Attorney Holland, testified he was married five months. Mrs. Sproul was not present to contest the case.

Bad laws, if they exist, should be repealed as soon as possible; still, while they continue in force, for the sake of example they should be religiously observed.
—Abraham Lincoln.

Today's Bible Text

Lie not to one another, seeing that ye have put off the old man with his deeds. And have put on the new man, which is renewed in knowledge after the image of him that created him. Colossians 3:9-10.

NO COMPASS NEEDED

The compass used by George Washington has just been presented to Rutgers University, but this is not the one he used in crossing the Delaware. He had this one before he was monarch of all he surveyed.

GRINGO HATRED

Down in Mexico Jose Vasconcelos is a candidate for the Presidency on a sort of anti-America platform. He wants to pick a fight with Uncle Sam, but it is not thought that he will get much encouragement from the present crop of Mexicans.

SONG AND SHOWER

The doctor says it is good training and exercise for a man to sing in his bath. If he can't sing he may still have his bath, but the world's grievance is against the party who cannot sing a note yet persists in seeking to warble while his ablutions are on.

BROADCASTING

A new citizen wants to get his second papers by radio and the court is trying to fix it up some way in which he may be lawfully accommodated. Probably nothing can come of it, but the incident shows the extent to which the radio appeal is carried. A few years from now a man may be disappointed if he can't get his hair cut by radio.

RUSSIA IN PERU

The Peruvian government is giving welcome to a colony of 5000 Russians who are to settle on lands in the Amazon Valley in the northeastern portion of Peru. The first installment of 200 Cossacks is already on the scene and the flow will be expedited as rapidly as possible. It is felt that the Russians will develop an agricultural region and also raise horses and stock. They have promised to let Bolshevism alone and may make valuable pioneers on the eastern slopes of the Andes. Also they should welcome the change.

OUR BOYS AND GIRLS

One of the heads of the Federation of Women's Catholic Societies says that nowadays boys study with the chief idea of discovering ways to make money. The girls take more to the cultural side. As a result the girls are much further along than the boys from a general educational standpoint. Maybe this situation will work itself out as time goes on. Anyhow, the maid that is wise does not hesitate to hook up with the man who knows how to garner the mazuma. The teamwork may be fine.

SEEKING TRIBUTE

Hundreds of actors who have been identified with Equity Union have given their signatures to the usual form of studio contract although they had been warned and threatened by the union leaders. Efforts to unionize the film industry in all its branches cannot but fail from the very nature of things. It is impossible to standardize hours, wages and rules in creating the people's drama. The efforts now being made are only intended to go far enough to bring as many of the performers and workers as possible into paying tribute to the union. That is the greater urge.

SAME OLD ISSUE

Democratic Senators threaten to write a tariff bill after their own hearts and offer it as a substitute for the measure now being worked out by the Republicans. When they get snubbed they will go before the country and once more make the tariff an issue in the Congressional elections. They can't think of anything else. So far as the massed citizenship of America is concerned there is very little real division over the tariff. Democrats recognize and approve the protective principle. But the politicians are dumb. They have always had what they called a tariff reform party and they can't get away from the idea. The tariff doesn't belong in politics, but the Democrats would be helpless and miserable were it taken out. They need the tariff in their political philandering.

THE CONVICTION OF DAVIS

The verdict of guilty of bribery found by a jury yesterday in the trial of Harold ("Buddy") Davis, former chief deputy District Attorney, marks another step in the cleaning up of the corruption in which the District Attorney's office was steeped during the Keyes regime. It is probable that not all that corruption will ever be uncovered, or that not all those who accepted bribes and who bought and sold justice will ever be punished, but the verdicts of two different juries seem to establish the status of the chief offenders.

The Davis prosecution was noteworthy because of an event which preceded it immediately—a double-barreled attack upon a State's witness and upon the District Attorney, against both of whom Davis filed sensational charges, apparently with the intention of befogging the issue of his own trial. This attempt failed to disconcert the prosecution; and along with the presentation of evidence against Davis went a parallel investigation by the grand jury, which resulted in the vindication of Dist.-Atty. Fitts and the dismissal of charges against the witness.

This vindication was particularly pleasing both to Mr. Fitts and to the general public, which has entire faith in both his probity and his ability, because of the promptness with which it came. The grand jury considered the matter fully, but swiftly, and as swiftly made known its unanimous opinion that the charges were baseless.

There is nothing pleasant about cleaning a stable, but it is a necessary job. There is occasion for regret rather than jubilation in the conviction of men who have stood high in the public service. But when such men abuse their trusts, their crime is infinitely greater, because of the betrayal of that trust, than a comparable offense on the part of an ordinary citizen. They must be punished, not only because they have broken the law, but as stern warning to other officials who may be tempted to like transgressions and to those who would corrupt them. The successive convictions of Keyes and of his chief deputy on charges of selling out their public duty for private gain are apt to have a salutary effect on the public service for some time to come.

The Times seeks no particular credit for its part in bringing to light a scandal in an important public office; it would have rejoiced to learn that the rumors which continued to float about town concerning the Keyes administration were wholly baseless. Such part as it had in the various investigations which culminated in the indictment of Keyes, Davis and others was undertaken in pursuance of its duty to the public, and had no other purpose.

THOSE TARIFF PROTESTS

The fact that some twenty-five nations have forwarded to Washington protests of their commercial interests against various proposed tariff changes, as made public by the Senate Finance Committee, is not, as the committee well knows, particularly significant. There is always a foreign protest over the tariff; perfectly natural, perfectly understandable, and quite futile, since it has never swayed Congress in the slightest particular. It is not expected to, even by the protesters. The tariff is not supposed to be passed for the benefit of other nations; they impose tariffs of their own, or leave them off, for that purpose; fair enough all around so long as there is no discrimination or favoritism.

The only considerations that should weigh with Congress are the interests of producers and consumers, importers and exporters, which should be adjusted to produce the greatest good to the greatest number. The Republican party is committed to a protective tariff and the protective principle is now accepted by a majority of all the people without regard to party. But neither the party nor the country has ever declared for a prohibitive tariff or one which will raise prices unnecessarily; the theory is that rates will be set at such a point as will permit American industry to prosper and to pay good wages. That is a matter in which no foreign government is properly concerned; the only basis for proper international protest is discrimination or unfairness.

The kind of tariff that will permit industry to make a fair return is the sort that is being sought at Washington on behalf of various California industries. Some of them did not ask for changes at all; others, such as the almond growers, declare they are asking only for a "competitive tariff"—one which will enable them to meet European growers in the eastern markets on something like equal terms. The request of the California Almond Growers' Association is for a rate of 19 cents a pound for shelled almonds, 6¼ cents for almonds in the shell, 35 cents for shelled almonds in consumer containers, 24 cents on processed or imitation almonds in bulk and 37 cents on these in consumer containers. Processed almonds are now on the free list, shelled almonds are at 14 cents a pound duty and almonds in the shell at 3¾ cents.

The growers' association declares that these tariff additions will not, in fact, raise prices to the consumer, but will permit their being stabilized at a remunerative figure, one of the difficulties of the industry at present being price levels that fluctuate violently. The brief submitted on behalf of this increase has been examined carefully by the Los Angeles Chamber of Commerce, which believes all the arguments well taken.

Expansion of the California almond orchards to permit them to supply a larger portion of the nation's market would be one effect of the increase, it is believed. Present California production is about 10,000 tons, worth $3,000,000, and nearly 30,000 persons are employed in the industry.

There seems reason to believe that such an expansion, providing a dependable, standardized, stabilized supply, would be of ultimate benefit to the almond-using industries, such as confectioners. Almonds are almost a by-product with European growers and there are violent fluctuations both in supplies and in prices in consequence.

The LEE SIDE O' L.A.
By Lee Shippey

THOUGH all Hollywood appears to have "gone talkie," there are many of the actors—even those who are getting by all right in the talkies—who are sad about it. One star who has made two successful talkies, one now running, predicted the other day that there soon will be a strong resurge to the silent pictures.

"The talkies are making stiff commencement day elocutionists out of a lot of good actors," she said. "There never has been anything like the silent screen for expression. Actors had to make their faces talk as those who speak lines learned by rote never had to. And that was what the public liked. The public has taken to talkies because they are new. But after the fad wears off the public is going to find it likes the silent pictures best, except in the case of a few notable exceptions. The public is going to find it can enjoy one good talkie out of every four or five shows, but for its twice or thrice a week diet nothing else will satisfy it like pictures—just plain pictures."

What's the Answer?

What's the matter with that town of Beaumont? Haven't they enough men to go around over there? Some time ago we published a paragraph about Mayor Guy Bogart, who also was president of the Chamber of Commerce, press agent for the San Gorgonio Valley, correspondent for two or three papers and head (and tail) of a news bureau. But now ex-Mayor Guy sends us a clipping about A. L. Dales, "Beaumont's prize office-holder." Dales now is chief of police, constable, fire chief, building inspector, plumbing and sanitary officer, manager of a home laundry and chief "handy man" of the town.

Does it take that many jobs to give one man a living in Beaumont?

Where the Lunch Wagon Will Not Down

A friend in need is a friend indeed. While we were nursing sunburn blisters, Walt Sinclair went forth and got us most of a colyum. Here it is:

"It was 18:30 o'clock—by that Hora de Mexico clock at 408 North Main street. Drawn up to the curb in that block were two of the oddest-looking lunch wagons you ever saw. What was odd about them was that the darned things could travel. They were mounted on flivver truck bodies, with motors and everything. Back in New York, where we called them owl wagons, the lunch wagons were permanent structures, rooted or anchored. These Main-street wagons are mounted on tired wheels.

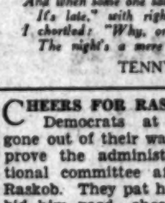
Where Color Never Fades

"You ought to drop around to the old Plaza Park at sundown. At that so-called rush hour, when the bustling Americans, tired and straining, are hurrying and jostling homeward, the placid oriental and the dark man from Mananaland sit at peace on the park benches. They relax and silently philosophize, or else chat very softly. They seem to contemplate the futility of rushing.

"Social lines seem drawn strictly. Chinese sit in the east arc of the park while Mexicans in big hats rest on the west end—of the park, of course. The Chinese face the golden sky toward Dragonland. They are reputed to be a taciturn and solemn people. But last night two ancient Chinamen who looked like mummies chatted like magpies—and laughed.

Follow Their Own Styles

"And maybe you thought high shoes were outmoded. Gaze around the Plaza Park. Hundreds of men and everyone wearing high shoes. And all the Chinamen's shoes brightly polished. Only the few white derelicts lounging in the little park were careless of their footwear. And why shouldn't everyone have a 'shine,' when the little Mexican bootblacks go about calling 'Bolero, cinco!' or 'Shine, 5 cents'?



"An always interesting spot, that starting point of the Pueblo of Our Lady Queen of the Angels, now the resting place for two widely differing foreign elements and for defeated Americans. For those people, somehow, often seem to have more sympathy for our down-and-out than we have ourselves. You will always find defeated Americans turning to them for the friendliness—or, at least, tolerance—they cannot always find among other Americans. But there none appears disgruntled about his lot. They rest there, philosophizing—or just sitting. And often they laugh. It must be the climate."

The Sighs of Bridge

I stood for the bridge till midnight,
When the clock was striking the hour,
But then I arose and said: "Clear out,
We ain't gonna play no more.
When you drop in to spend an evening
With folks who must rise at 6
For heaven's sake quit at midnight,
Even though you take all the tricks."

I stood for the bridge till midnight,
Then I said that—under my breath,
The thoughts that I could not utter,
But must keep as still as death.
And when some one said: "Say, by golly,
It's late," with right good will
I chortled: "Why, only midnight,
The night's a mere infant still."

TENNYSON MAYBE.

A LUCKY DAY

We are afraid of Fridays and thirteens. And yet the first Atlantic cable was completed on July 13, 1866, just sixty-three years ago. Tomorrow will be an anniversary of the tie that binds two continents together. Here are the real hands across the sea. England and America have had a swifter if not a better understanding ever since.

Cyrus W. Field sent the following message from Heart's Content to New York: "We arrived here at 9 o'clock this morning. All well. Thank God! The cable is laid and is in perfect working order."

The first attempt to lay the cable ended in failure. It parted after five miles had been paid out. The second attempt was little better; the steamer lurched and the line broke. More cable was ordered and spliced and two ships met in midocean. The precious thread was spun out as each set sail, one for England and the other for the United States. When the vessels were but three miles apart, the wire broke again. Later it was picked up and connected and again it let go with the steamers eighty miles from each other. Yet again it was joined only to be severed after 200 miles had been laid. It was heart-breaking. All but Mr. Field lost hope with the loss of their investments.

Then a stronger cable was loaded on the Great Eastern and everything went well until within 600 miles of the Newfoundland coast. The bond between two worlds again snapped and the enterprise was abandoned.

A new company was organized by the promoter and another cable manufactured. And July 13 became the lucky day of international relations. The bans that married two hemispheres were pronounced and we have been living happily ever since.

The foolish who trust to luck are discomfited by Cyrus W. Field. The superstitious doubtless said that Providence is against it. Even stout hearts quail after a few failures. To stick to an idea after it had collapsed eight times, only to be victor the ninth, is faith supreme.

The big things have not been done by quitters. Repeated failure ending in final victory has been the history of the most successes.

THE NEW TUNNEY

At this time Tunney's main interests rest in poetry, good literature, good music and the general development of the mind. These are the conclusions of a college professor who has been with him a good deal. He has wealth and social position and, therefore, may be congratulated on taking up intellectual stimulants instead of gin cocktails. He may not have been a popular champion, but he has dowered the profession with more genuine luster than any gink who ever laced the mitts.

CHEERS FOR RASKOB

Democrats at Sacramento have gone out of their way to specifically approve the administration of the national committee affairs by Chairman Raskob. They pat him on the back and bid him good cheer, while southern Democrats are hurling stink bombs in his direction. While the Bourbons of the country are clamoring for an issue they may find one right at hand in their national committee. What do the McAdoodles think of it?

WHITE NIGHTIES

The Klan has moved its headquarters back to Georgia, where its hindquarters have always been. Its chief end now seems to be to provide nightshirts to patriots who would otherwise go to bed raw.

CONCERNING THE CRAB
By James J. Montague

The crab can hale and hearty be
Upon the land or in the sea.

In all directions he can go
Both forward, back and to and fro.

His meals are always right at hand
Afloat or buried in the sand.

He keeps his person snug and warm
When blows the chilly winter storm

By digging down amid the ooze
To take a long and quiet snooze.

While if the sun should fiercely shine
He dives beneath the cooling brine

Or lolls at his luxurious ease
Where blows the pleasant summer breeze.

And yet with such a bully life
His days are chiefly spent in strife.

To pinch and claw he's always keen
And he is cruel, fierce and mean.

Which shows that having much too much
Of pleasure, comfort, ease and such

Does not encourage high ambition
But breeds an ugly disposition,

For crabs, though they can only crawl
Are quite like people, after all.

LETTERS TO The Times

[Name and address of writer must accompany all letters for this column. Letters of a personal nature or involving contentious religious questions are not acceptable.]

Wives Who Work

LOS ANGELES, July 7.—[To the Editor of The Times:] A few days ago I read an article by a Mrs. J. F. Kerr regarding the employment of married women. I quite agree with her. There are hundreds of married women employed in stores and offices, taking the places of women who are absolutely dependent on themselves, some cases having to care for a mother or father; very often compelled to look after their little ones.

I happened to be employed and work with women who have husbands holding good jobs, driving their wives to work in expensive cars. Have heard these women and girls boast of the good times at some night clubs the night before, or the expensive homes they are buying.

Surely this does not seem fair to our sex who are less fortunate, as some of the older women are without homes or some one to help them.

In conclusion, I want to say am only referring to the women who do not have to work. In a case where the husband has been taken ill or some misfortune has befallen the home, that is another matter.

MRS. R. F. BUROHS.

Nothing for Nothing

GARDENA, July 8.—[To the Editor of The Times:] My ole corncob was gittin' hot so I laid the thing down and drunk a bottle o' coke and stepped outside to git some fresh air and my senses back and had almost recovered them, when one of Henry's puddle-jumpers stopped at the curb and a voice from within it hollered, "Hey, you come here." I looked around and says, whadda want? And he says, bring us a couple of matches! and I says what is there in it for me? And he says, nothin'. Well then, says I, I ain't bringin' 'em to ye but if you'll git out and come and git 'em I'll give 'em to ye. And he says, "Aw' h——l," and drove away.

Now, what I wanta know is where does these young squirts git the idea that other people must wait on 'em. I don't know whether it's impudence, egotism or laziness, but I do know if they git any favors from me, they gotta come and git 'em. I ain't here to act as a servant, unless there is something in it for me. And another thing, that lawmakin' body at Sacramento don't seem to be interested in any laws that doesn't bring in some revenue. If they lived on some of our main traveled boulevards and could see the amount of rubbish that is thrown from passing cars, they would pass a law that would compel every motorist to put an incinerator on their cars, and if they would pass a law to make people reach for a sweet instead of a cigarette, there wouldn't be half the forest fires that there is.

That's all, I gotta go pick up some watermelon rinds some folks throwed outa their car.

J. A. TAYLOR.

Can Quote Scripture

LOS ANGELES, July 7.—[To the Editor of The Times:] Some Scripture for Alma Whitaker and others to read and ponder:

"Behold I come as a thief. Blessed is he that watcheth and keepeth his garments lest he walk naked and they see his shame." Rev. 16:15.

"Blessed are they that wash their robes that they may have the right to come to the tree of life and may enter in by the gates of the city." Rev. 22:14.

"Know ye not that ye are the temple of the Holy Spirit which is in you, which ye have from God, and ye are not your own, ye are bought with a price. Glorify God, therefore, in your body." I Cor. 6:19, 20.

A CHRISTIAN WOMAN.

Gentle Badinage

LOS ANGELES, July 8.—[To the Editor of The Times:] If the young lady who was so disturbed by the mocking bird's song will just sprinkle a little salt on his tail and then catch him and tell him (he is a kindly little fellow) that his music upsets her, I am sure he will take his carolling elsewhere. No doubt, like many other misguided singers, he thinks he is giving pleasure. A. L. C.

OUTDOOR READING

Outdoor reading has a lure for many book lovers these summer days, and is being fostered through the combined efforts of our library and park departments in giving us branch libraries located in parks. The new Felipe de Neve branch library just completed in Lafayette Park, the Vermont Square library in a small city park, the Echo Park branch, the Sidney Lanier branch library nearing completion in North Hollywood Park and the proposed branch library in Los Angeles High School Park are other examples of the opportunities of combining books and the out-of-doors made possible by the service of two active city departments. Many readers are taking advantage of the privilege of selecting a book and after having it charged on a library card, wandering outside to a shady bench or a tempting grassy knoll to enjoy a form of summer recreation which seldom palls.

Homestead filings in Western Canada so far this year are nearly one-third greater than a year ago.

CAWN-ON-THE COB

BY WYNONAH B. JOHNSON

Down in the markets, they lie in geometrical rows, especially if it is a shrewd oriental who manages the stall. Their smooth green wrappers show an artful slot effect through which their creamy pearly grains shine so temptingly up at one that the purse is out before one knows it and a half-dozen or a dozen ears are being tucked into the shopping bag. Corn on the cob for dinner—heaped on a big platter, smoking hot, it greets the eyes and nostrils of the family as they come with alacrity to the cheerful summons.

Those little silver pronged holders, now, they have been favorite wedding presents and bridge prizes for long enough for most modern women to accumulate a set; thrust into the steaming ends of the luscious corn, they form pretty good handles. A big dab of butter and a sprinkle of salt—ah, who sighs for nectar and ambrosia when this food for the gods is on tap?

Of course, if there is fastidious company, corn-on-the-cob is a bit harder to enjoy. A certain amount of crunching and a surreptitious recourse to wiping the buttered fingers, if licking age is past, is inseparable from enjoyment. Reminds one of that amusing episode in "The Perfect Fool" some seasons ago, when the inimitable Ed Wynn demonstrated his table inventions to promote handier absorption. The corn was securely held on a little thing-umbob that slid it along all same typewriter effect so one could crunch handily, and at the end of the line it rang a little bell, so it could be automatically slid back for the next line's consumption. No, you couldn't purchase one—my eldest tried.

There are many ways with corn. Baking it, with an egg and cracker crumbs, and a sprinkle of grated cheese—yes, and cawn fritters, such as southerners dote on, and cawn pudding. In Louisiana, maesieu is the favorite way to serve up the cream or golden grains. They are scraped from the milky ear, dropped into bacon fat along with chopped onion and chopped tomatoes, and when sufficiently cooked together, served on snowy mounds of boiled rice—but that's another story.

According to history, corn has been a life-saver and a source of enjoyment to Americans from the time of the doughty Pilgrims, who turned up their first supply found buried in Indian baskets. Hasty pudding and corn-meal mush probably pleased the frugal and capable Pilgrim mothers most, when they wished to nourish their sturdy families. But I'll wager the Pilgrim fathers liked theirs on the cob—with lots o' butter.

WHERE CAN I LEARN

French?

BY LOUISE L. TEMPLE

[Prepared in co-operation with the Los Angeles evening high schools. Questions concerning free evening classes will be answered if stamped addressed envelope is inclosed. Address Louise L. Temple, care of The Times.]

Prof. Joseph F. Lafosse, born in Normandy and a graduate of the University of Paris, injects into his French class at Polytechnic Evening High School energy, enthusiasm and an ambition-creating atmosphere. This class is part of the public school system, and is as free to adults in the evenings as day classes are free to children in the day time. The deposit for a textbook varies slightly, according to the text that is borrowed, but it is about $1, and is returned as soon as the book is brought back.

The school is at 400 West Washington Boulevard. The class meets on Monday, Tuesday, Wednesday, Thursday and Friday evenings from 7 to 9 in room 251 of the Auditorium Building. For those who wish high-school graduation credit or college entrance credit, this class counts as B10 work. There is also a more elementary class in room 251, meeting the same evenings and hours, and carrying A9 credit.

The summer term began July 8.

THE DOLLAR

The Dollar, never without a hundred satellites, has a distracting influence the world over. It is double-faced. It makes success and spreads disaster. It is the strongest known force. Though composed of grains of dust, it becomes strong enough to push a person to the wall.

It is loved equally by men and women. It warms. It cheers. It is fought for. It spreads learning; helps to make disease, then rushes to find a remedy.

It consecrates homes; but is violent in the separation of families. The Dollar sings and prays for the people. It serves the angels in good work and the devils in play. It wounds and it nurses. It loves a cheerful spender.

The Dollar is the marvel of civilization. Its influence is beyond comprehension. It makes friends and creates enemies. It makes the rough places smooth; the smooth places rough. By it the strong are made stronger; the weak are made weaker. It causes the happy to smile and the sorrowful to cry for it. It encourages the worker, giving strength in life's great battle.

All seek the Dollar. The fat man and the lean man scramble for it. The young woman and the old woman love its glitter and can be induced to follow it anywhere.

It rules in love and war. It defies the world. Its followers cannot be enumerated.

PRACTICAL RECIPES

white and press two flat sides together.

STUFFED ZUCCHINI
(Italian Squash)
M. C., Beverly Hills, Cal.

Wash, and boil in salted water, six medium-sized Italian squash, do not peel, until they are clear, drain, cut in half lengthwise, scoop out the seeds, and fill with a mixture made by mixing one cupful of bread crumbs that have been soaked in one cupful of milk and pressed until nearly dry; the mashed yolks of two hard-boiled eggs, mixed with the yolks of two raw eggs, one finely chopped clove of garlic, six finely chopped blanched almonds, three tablespoonfuls of grated Parmesan cheese, and a seasoning of salt, paprika, and a few grains of nutmeg, fill the hollowed-out space, and mound up in a rounding form, place in a well-buttered baking dish, cover with melted butter, and brown in the oven; serve with a cream sauce.

WHOLE-WHEAT BREAD
E. R. McI., Glendale, Cal.

For the whole-wheat bread, scald two cupfuls of milk and mix with two cupfuls of hot water, stir until luke warm, add one-fourth of a cupful of sugar, and one teaspoonful of salt, mix well, and add two cakes of yeast, that have been dissolved in four tablespoonfuls of cold water, and beat in four cupfuls of sifted, 100 per cent whole-wheat flour, beat well, add enough more whole-wheat flour to make a smooth dough, knead well and work in three tablespoonfuls of butter, when smooth; place in a buttered bowl, cover, set in a warm place and let rise until light, turn out on a board, dusted with the whole-wheat flour, knead, divide into loaves, place in oiled tins, let stand for twenty-five minutes, and bake in a moderate oven.

The 100 per cent whole-wheat flour can be procured at the health stores, and you will find that the bread made with that will not be crumbly.

CHOCOLATE FROSTING
Mrs. S., Los Angeles, Cal.

Place four tablespoonfuls of milk in a saucepan, add two squares of grated chocolate, a half a cupful of sugar, and two teaspoonfuls of butter, stir and cook until a little dropped in cold water will form a soft ball; add half a teaspoonful of vanilla extract, beat well, and add another teaspoonful of butter.

APRICOT JELLY CORRECTED

T. H. B., Los Angeles.—Measure the apricot juice into a kettle and for every six cupfuls add two cupfuls of apple juice, and six cupfuls of sugar. Note: Sorry the mistake was made.

LEMON PIE

J. P., Los Angeles.—The recipe was correct; do not cook the mixture before pouring it into the pastry lined dish, place in the oven and bake until the mixture is set.

GLACED FRUIT

E. N. M., Long Beach.—Whole cherries, apricots, peaches, pears, sliced pineapple and whole figs are candied by the same method.

For the apricots select firm ripe fruit, wash, peel and seed, drop in boiling water for two minutes, drain well; place in a saucepan or heavy iron kettle and cover with a boiling syrup made with two cupfuls of sugar, and one cupful of water for every pound of fruit, bring to a boil and boil fast for fifteen minutes, remove from the fire, and let stand overnight, in the morning boil again for ten minutes, and repeat the cooling and boiling for five days. When the fruit is bright and clear, lift out onto trays and dry in the sun or a very cool oven. To crystallize the fruit cover the dried fruit with a syrup made by boiling until clear six and a quarter cupfuls of sugar and four cupfuls of water. Use this amount for every three pounds of fruit. Let stand three days, drain and dry in the sun or a cool oven.

FAHY READY TO SEEK NEW HOP RECORD

Flyer to Leave Sunday in Fast Plane for Round Trip to New York Field

Herbert J. Fahy, solo air endurance record holder, will rest today while mechanics give the motor of his Black Hawk monoplane a final tuning in preparation for his take-off from Los Angeles Metropolitan Airport at 12:01 a.m. Sunday for Roosevelt Field, New York.

In a cross-country speed flight early this week Fahy's monoplane covered 575 miles in three hours and ten minutes, nearly 200 miles an hour.

This trial boosted his faith in the prediction that the ship will cruise at least 175 miles an hour during the scheduled coast-to-coast hops both ways in pursuit of the transcontinental records now held by Capt. Frank Hawks.

A new propeller was installed late yesterday. This is expected to add more speed to the Black Hawk, already streamlined with a speed cowling to the point where its top speed of 205 miles an hour makes it faster than any pursuit plane of the Army or Navy.

As soon as Fahy touches New York soil, a refueling crew will service his plane, and he expects to again take off for Los Angeles, with loss of not more than an hour. He will shoot at a thirty-two-hour goal for the round trip. Capt. Hawk's record was 36h. 48m. 48 3-5s.

Suspect Seized in Cafe Attack on Patrolman

George Thom, 28 years of age, a carpenter, was taken into custody by police yesterday charged with suspicion of assault with a deadly weapon as the result of the slugging of Patrolman Shepard early yesterday morning when he attempted to quell an asserted argument between two men and two girls in the Madhouse Cafe, 617 South Main street.

Karl Shultz, 31 years of age, clerk, who lives at 2517 Las Flores avenue, Alhambra, is held in the City Jail on the same charge.

Police charge that Thom grabbed the officer's sap when Shepard started to hit Shultz, hitting Shepard over the head. He then escaped but was taken into custody at Westwood, where he is employed. Shultz was arrested at the scene.

HENNING URGES CITY FUND FOR MANCHESTER

A resolution proposing that the city allocate $100,000 toward the improvement of Manchester avenue between St. Andrews Place and McKinley avenue was introduced in the Council yesterday by Councilman Henning. The resolution, with the second of Councilman Lewis, was referred to the Public Works Committee. Mr. Henning pointed out that Manchester avenue, which thus far has cost the adjacent property owners $1,500,000, never has received any allocation of city funds, despite the fact that it is in the first unit of the Major Traffic Plan. The money, if allocated, is to come from the permanent improvement fund, which this year amounts to $1,200,000.

SAFEWAY STORES
DISTRIBUTION WITHOUT WASTE

Every purchase a delight!

There is a certain satisfaction when you open your Safeway purchases at home—an air of quality about each and every item that is gratifying to the woman who knows food values.

Nearly every item in the marketing basket too, represents a saving that cannot fail to mean much to careful homemakers who like to see larger and more worthwhile returns for their fixed amount of expenditure.

Prices Effective Friday and Saturday, July 12th and 13th

SOCIETY

BY JUANA NEAL LEVY

At a beautifully appointed bridge tea given Saturday afternoon at La Ramada Inn, San Marino, the engagements of Miss Dorothy Graham and Miss Bonnie Sharp were revealed to a large number of guests, including members of Pi Sigma Gamma Sorority, Delta chapter, with which both are affiliated.

Miss Graham, niece of Mr. and Mrs. Edward Dennison of 1204 West Commonwealth avenue, Alhambra, will become the bride of Arthur L. Lyttle and Miss Sharp, whose fiance is Matthew Dwyer, is the daughter of Mr. and Mrs. W. A. Sharp of 521 North Marguerita avenue, Alhambra.

The news of the betrothals was revealed when daintily corsages of tan-colored sweet peas, in which were hidden cards bearing the names of the betrothed, were given to the guests. Both weddings will take place in January.

Both brides-elect were graduated from the Alhambra High School and attended the University of California at Los Angeles.

The guests included Misses Lilly Martin, Lee Baily Stodder, Myda Stodder, Beth Pease, Jeannette Woods, Mrs. Edward Jones, Misses Grace Thorne, Marjory Atkins, Mabel Harris, Mrs. Josephine Forster, Misses Irma Donahue, Margaret Gay, Katherine Dwyer, Sylvia Brown, Mildred Leonard, Benelge Lane, Almo Myers, Marguerite Badger, Louise McNaught, Irene Kuhl, Myrtle Nutt, Sylvia Sharp, Dora Greenwalt, Hazel Darath, Josephine Graham, Louise Harper, Elizabeth Friend, Margaret Graham, Mrs. Ferguson and Mrs. Sadie Denitch.

Visiting Here

Mr. and Mrs. Alfred Mayo (Teresa Smith) of New York are visiting in the Southland and as this is the first time in more than fourteen years that they have been to the coast, their many friends are entertaining extensively for them. Mrs. Leslie C. Brand gave a dinner at their home at her Glendale home and yesterday afternoon Mrs. Earl Cowan was hostess at a luncheon. With Mrs. Cowan, the Mayos are motoring to all the points of interest in and about Los Angeles and they are much interested in the many changes which have taken place since their last sojourn here.

Betrothal Luncheon

Dr. and Mrs. John P. Fisher of the religious education department of the University of Southern California announce the engagement of their daughter, Miss Leonarda Fisher, to Alan Kemp Laing of Denver, associate professor in architecture at the University of Cincinnati. The wedding will take place August 22.

The announcement was made at a luncheon the 6th inst., when sixteen guests were presented with gold bags concealing toy kittens and containing the names of the betrothed. A color scheme of pink and yellow was carried out with beautiful roses and was emphasized in the gown of Miss Fisher.

The guests included Mmes. Paul Pritchett, Karl Stadlinger, Ashton Wilder, Alexander Dollar, John Duggan, Joe Willson, Beauford Keeling, Paul Hornaday and Misses Bernice Palmer, Helen List, Ruth List, Josephine Eckhart, Maryellen Eckhart, Pearl Cairns, Alma Harber, Dolores Partsch and Marian Sparks.

Miss Fisher was graduated from Syracuse University, where she became a member of Delta Gamma Sorority. She later received her master's degree at the University of Southern California and has been in the welfare department of the Los Angeles public schools. She has had considerable success as a musician and composer and traveled around the world with her parents.

Mr. Laing was graduated from the University of Denver and he also has studied at the Massachusetts Institute of Technology.

Dr. and Mrs. Fisher and their daughter are now passing a fortnight at Carmel.

On Honeymoon

Mr. and Mrs. Jack Caddy Sherrard, the latter formerly Miss Lydia Lamberton, daughter of Mr. and Mrs. Frederick Emmett Lamberton of West Sixth street, whose wedding was an event of June 22, are honeymooning motoring through the South and stopped for several days at La Casa de Manana in La Jolla. After their return they will make their home at 824 South Orange Drive.

Announces Betrothal

Mrs. Esther Nordlinger formally announces the engagement of her attractive daughter Aimee to John Newmark Levi, son of Mr. and Mrs. Herman Levi of 632 South Irving Boulevard.

Mrs. Nordlinger and her daughter returned last November from a year traveling abroad and are now making their home at the Park Lane Apartments. No date is set for the wedding which, however, will be an event of the late summer.

For Visitors

Dr. and Mrs. Ralph L. Byrnes of 620 South Westmoreland avenue entertained recently with a dinner party at the Pacific Coast Club in Long Beach honoring Surgeon-General and Mrs. Merritt Ireland and Dr. and Mrs. Walter L. Bierring of Washington, D. C. Covers were arranged for a dozen guests.

To Visit Here

Mrs. M. Russell Kelley (Lucile Haddix) wife of Lieut. Marian Russell Kelley, U. S. N., and Miss Maye Haddix have arrived to visit with their sister, Mrs. Ernest Grant Damon (Hattie Haddix) at her home, 917 Palm avenue, South Pasadena. Mrs. Kelley and Miss Haddix returned recently from a six-months tour of Europe and two years in Washington, D. C., where Lieut. Kelley was stationed.

Many festivities are being planned in honor of the visitors who have a host of friends here in the Southland, both in naval and civilian circles.

In Yosemite

Among the prominent Angelenos who are enjoying a delightful sojourn at the Ahwahnee Hotel in Yosemite Park include Messrs. and Mmes. E. J. Nordhoff, Henry Rixer, S. S. Clark, B. P. Peters, H. J. Barneson, A. J. Bolger, W. J. Doran, W. R. Bradley, Clarence B. Kerr and William Mayer.

Mmes. Arthur Parks, T. P. Kelso, James J. Neyler, M. E. Field, S. Rose, M. E. Landes, Mae Barry, A. H. Woods, W. H. Dunn, Emma Haldemann, E. Livingston, L. B. Claggett, W. N. York, L. Verda Jordan, Clara B. Wilkins and B. Oldfield.

Misses Florence Kellog, Georgia Linley, Vivien Duncan, Rosetta Duncan, Bonnie Bore, Marjorie Bore, Helen Easton, Helen Meinarde, E. Hotchkiss, Marcella Escalet, Ava B. Blank, Bertha R. Wilkins, Margaret Livingston, Muriel Spellisey, O. M. Platt, M. A. Bramhall, Anna Stegmaier, M. Jessie York, Elaine Osborn and Henrietta Wolfe.

Ford Twaits, A. J. Bayer, George Hess, Edward Badia, Harold Duncan, J. Bore, Jack Bore, Dick Bore, R. M. Crumrine, M. Dickey, Manuell, M. G. Cooper, Earl C. Anthony, Kelly Anthony, Clarence Ward, William Gardner, Mead Woodson, E. E. Millikin, Melvin I. Knapp, F. M. Rhodes, O. S. Woodward and W. G. Broadway.

GIRLS ANNOUNCE ENGAGEMENTS

Pair Entertain Their Sorority Sisters

Misses Bonnie Sharp and Dorothy Graham

ANNOUNCING their engagements at a joint party last Saturday afternoon at La Ramada Inn, San Gabriel, Misses Bonnie Sharp and Dorothy Graham entertained members of Pi Sigma Gamma Sorority, Delta chapter, with which both are affiliated.

Miss Sharp is the daughter of Mr. and Mrs. W. A. Sharp of North Marguerita avenue, Alhambra, and Miss Graham is the niece of Mr. and Mrs. Edward Dennison of 1204 West Commonwealth avenue, Alhambra. The former will wed Mathew Dwyer and the latter, Arthur L. Lyttle, both weddings to take place in January.

CHEF WYMAN'S RECIPES

Every Tuesday and Friday at 2 o'clock Mrs. A. L. Wyman will conduct a free class and demonstration of good cookery in the lecture room of the Southwest Building, 130 South Broadway.

SCRAMBLED EGGS AND FINNAN HADDIK

Six tablespoonfuls of butter, eight eggs, three-quarters of a cupful of milk, one and one-half cupfuls of cooked, flaked, finnan haddie, paprika, tomato sauce, melt the butter in a saute pan, beat the eggs slightly and add the milk to them, pour into the saute pan, and cook slowly stirring constantly while the mixture is soft, add the finnan haddie and continue cooking until thick, season, garnish a serving dish with toast points, that have been dipped in a well seasoned tomato sauce, cover with a mixture and garnish with sprays of parsley.

BAKED PEACHES WITH A BATTER PUDDING

One dozen peaches, one and one-half cupfuls of sugar, two tablespoonfuls of butter, two eggs, three cupfuls of flour, one-half a cupful of cocoanut, one cupful of milk, three teaspoonfuls of baking powder, peel and halve the peaches, and remove the stones, place in a baking dish, fill the cavities with sugar cocoanut, and sprinkle over a little nutmeg; sift the flour with the baking powder, add to it the Butter, chopped in the same as for pie crust, add the remainder of the sugar, well beaten eggs, and milk and a quarter of a teaspoonful of salt, mix well, pour over the peaches, and bake in a moderate oven for about thirty minutes. Serve with cream.

APRICOT JAM

Wash the apricots, pour boiling water over them and remove the skins, halve them, and remove the stones, for five pounds of firm apricots, place in a preserving kettle and add five pounds of sugar, and stir over a slow fire until the juice runs, bring to a boil slowly, reduce the heat, and simmer for two hours, add six tablespoonfuls of lemon juice, mix well, pour into hot cleaned glasses, cover and store in a cool, dry place.

TOASTED CHEESE SANDWICH

Rub two cupfuls of cream cheese to a paste with one tablespoonful of tablesauce and enough French dressing to moisten, cut wholewheat bread in slices, one-quarter of an inch thick, spread with the cheese mixture, sprinkle with chopped walnut meats, cover with a slice of bread, trim off the crusts, lay on a baking sheet, and toast until well browned on both sides.

Mrs. Wyman does not reply to letters, but requests for recipes are answered in the department, PRACTICAL RECIPES, published every Friday.—(All rights to reproduce reserved by A. L. Wyman.)

YOUR BABY AND MINE

Mrs. Eldred will be glad to answer all questions pertaining to babies and children. A stamped and self-addressed envelope, forwarded to this office, will bring a personal reply.

This department offers leaflets on weaning and feeding the child from 3 weeks to 6 years, prenatal care and diet for the nursing mother, constipation, eczema, colitis for the new baby, sleeping, walking, teething, thumb sucking, ammoniacal urine, bed wetting, training in cleanly habits, periods of nursing, cod liver oil, orange juice, nurses, worms, vomiting, refractory children, orange juice, tonic water, rupture, stool and bowels and cradle cap. Before asking a personal question about one of these subjects it is better to send a self-addressed stamped envelope for the leaflet you need. If your particular problem is not covered in the above list, Mrs. Eldred will be glad to give you a personal reply.

PACIFIER INSTEAD OF FOOD GIVEN TO BABY

A pacifier used to be a pretty common object in the mouths of young babies. In fact, pacifiers, one would think, were used as a decorative finish. The baby had one that matched his coat or the strings of his bonnet and was tied itself with a coquettish bow. Nowadays mothers have become self-conscious about pacifiers. They realize that they are considered an evidence of ignorance and neglect and so if baby has a pacifier it is kept under cover and handed to him surreptitiously when no one is looking.

There is never the least excuse for giving a pacifier. The baby who sucks his thumb has this taken away from him and it is a less harmful habit taken all in all than a pacifier. The need for a pacifier indicates in most cases the need for food and no mother is going to give a baby a pacifier when he is starving to death.

In a letter before me the mother says: "My baby has been fretful ever since he was born, but we didn't know why. We took him to a doctor and he put him on a bottle and now he is better satisfied. Before we took him to a doctor we bought a pacifier to keep him quiet. Now since he has the bottle he will lie sometimes without crying, at others we have to give him the pacifier. My friends tell me I should not give it to him. Do you think it is wrong? The baby gets no air from it."

Instead of finding out why the baby cried the mother bought a pacifier! I am sure she sees now how short-sighted a policy that was. Babies don't cry for pacifiers, they don't cry because they want something in their mouths for amusement, they cry because they are hungry.

It makes no difference except in degree whether the pacifier is a solid one or the nipple of an ordinary bottle. The habit which it encourages is the sucking habit, and constant sucking has real and noticeable results. Most mothers know this. The constant sucking tends to heighten the roof of the mouth, which in turn throws the teeth out of alignment and causes what are known as "buck teeth." Constant sucking encourages the growth of adenoids.

And the habit itself is an enslaving one. The child can't be satisfied without something in his mouth. Children 3 and 4 years of age run around holding a pacifier in their mouths and dropping it only long enough to eat, or when they are asleep. A miserable habit when it gets to these proportions, and one most difficult to eradicate.

I feel sure you see now, Mrs. C. O. M., that your mistake in buying a pacifier was a serious one. Next time hunt for the cause of the crying instead of finding some artificial way to stop it. And throw the pacifier away today. Throw it where you can't get it, no matter how baby cries.

Small babies jump at loud noises. They are prone to jump in their sleep. In the tiny baby this is not an unusual condition and demands no special treatment. Babies must get used to the ordinary noises of a household. When baby is well satisfied and well fed and begins to put on fat, he'll likewise cease to exhibit these evidences of nervousness.

HEALTH AND DIET ADVICE

By Dr. Frank McCoy

Dr. McCoy will answer personal questions on health and diet, addressed to him care of the Los Angeles Times. Inclose stamped, addressed envelope for reply.

Dr. McCoy's menus suggested for the week beginning Sunday:

Sunday

Breakfast — French omelet, melba toast, ripe figs and cream.

Lunch — Generous dish of ice cream with fresh acid fruit, such as peaches or apricots.

Dinner — Baked chicken with melba toast dressing, cooked asparagus, salad of molded vegetables (celery, cucumbers, tomatoes,) dish of berries.

Monday

Breakfast — Cantaloupe as desired.

Lunch — Corn on the cob, string beans, raw celery.

Dinner — Salisbury steak, baked eggplant, cooked tomatoes, salad of chopped raw cabbage and watercress, Jello or Jell-well with cream.

Tuesday

Breakfast — Coddled eggs, melba toast, stewed prunes.

Lunch — All desired of one kind of raw acid fruit.

Dinner — Broiled mutton chops, mashed carrots, turnips and asparagus, small dish of junket.

Wednesday

Breakfast — Waffles, two or three slices of crisp, broiled bacon, stewed raisins.

Lunch — Cantaloupe or berries as desired.

Dinner — Plain yellow cheese served in slices as the protein part of the meal, cooked asparagus, salad of stuffed tomatoes, prune whip.

Thursday

Breakfast — Baked eggs, toasted triscuit, stewed pears.

Lunch — Pint of buttermilk, ten or twelve dates.

Dinner — Roast pork, cooked greens, buttered small beets, McCoy salad, baked apple.

Friday

Breakfast — Whole-wheat muffins, peanut butter, dish of cooked berries.

Lunch — Apples as desired, with small handful of pecans.

Dinner — Jellied tomato consomme, broiled halibut, eggplant, spinach, salad of sliced tomatoes on lettuce, no dessert.

Saturday

Breakfast — Cottage cheese, sliced pineapple.

Lunch — Cooked string beans, salad of grated raw carrots.

Dinner — Roast beef, artichoke, steamed small carrots, with parsley, celery and nut salad (nuts to be toasted.) Jello or Jell-well with cream.

Fresh vegetables should be thoroughly cleaned with a vegetable brush under running water in order to remove all trace of grit or poison spray. The water that clings after the final washing usually affords sufficient to start the cooking process. With a little care, almost any vegetable may be entirely cooked in practically its own juice, whether on top of the stove or by baking. Many vegetables which are commonly cooked by boiling or steaming may be given a desirable and different flavor by baking, such as ground beets, turnips, carrots, etc. The flavor may be varied by slightly browning on top.

In either boiling or baking vegetables, avoid overcooking and be sparing of the water added. A little careful practice, with the proper cooking utensils, will more than repay you in the better flavor and actual benefit derived from fresh or canned vegetables.

It is believed by some that the vitamins in vegetables are lessened through the process of canning, but without our modern methods of canning, the loss of vitamins is so slight as to be of no consequence. My advice is to stock your pantry with a variety of canned vegetables, to be used when the fresh ones are not obtainable, and thus guarantee yourself a plentiful supply of the essential minerals every day in the year.

QUESTIONS AND ANSWERS

Agar-Agar

Question: W. S. asks: "Is agar-agar good for constipation, and how is it taken?"

Answer: Constipation is caused by eating too many concentrated foods and not enough of the green ones, lack of exercise, prolapsus of organs, kinks in the colon, etc. The effect of agar-agar is to provide more bulk and in this way it is often found helpful by those who do not know how to remove the real causes. It can be taken in many different ways. One of the best ways is to mix some in a cooked cereal for breakfast, using about a level tablespoonful to each person.

Buttermilk

Q.: E. H. C. asks: "What are the advantages of drinking buttermilk? Is it fattening?"

A.: Buttermilk provides an excellent protein and if relished is easily digested. It contains a good portion of nourishment but can hardly be called fattening unless it is used in large quantities and in addition to other foods. On an

A satisfying hot-weather delight is the new BEN-HUR Drip Coffee Iced

The objectionable substances that ordinarily make *all* coffee taste unsatisfactory when iced . . . are filtered out when the *new* BEN-HUR Drip Coffee is made in the BEN-HUR Healthful Coffee Make. It is therefore the one ideal brand for iced coffee. It is invigorating . . . healthful . . . and refreshing . . . a satisfying beverage for hot weather.

PUGILIST TO FACE TRIAL ON MURDER

Suspect Held Without Bail in Shooting of Asserted Racketeer

Alexander James, alias James Murphy, pugilist, must stand trial in Superior Court on first-degree murder charges for the shooting of Eddie Bennett, asserted racketeer, Municipal Judge Frederickson ordered yesterday after overruling a motion made by Laurence Carter, defense attorney, to dismiss the charges. James was ordered held without bail in the County Jail to await trial.

Witnesses called by Dep. Dist. Atty. Stahlman disclosed that Bennett was shot by James, his roommate, at the conclusion of a two-day drinking bout in their hotel room at 625 South Bixel street on May 31, last. A revolver which several witnesses said they believed unloaded was pointed by James at Bennett and the trigger pulled when the latter said: "If you feel like shooting why don't you start on me?"

James fled after the shooting and remained in hiding for more than a month before surrendering himself, Stahlman declared.

Allen Added to Porter's Staff

Merle Allen, one of the chief workers in Mayor Porter's campaign, yesterday was appointed as an investigator by City Prosecutor Nix and was assigned to the Mayor's office. Mayor Porter said that Allen had been doing investigating work for him for several weeks.

The staff of the Mayor has been increased by three positions, that of Allen, Investigating Secretary Mosher and Deputy City Attorney Eagan, the Mayor's legal adviser.

COLUMBIA SCHEDULE OUTLINED

Picture Corporation Will Make $5,000,000 Worth of Films This Year

Columbia Pictures Corporation will make seventy-eight pictures at an estimated cost of $5,000,000 during the season 1929-1930, it was announced here yesterday by Harry Cohn, vice-president in charge of production. Nearly $1,000,000 more is to be spent on general studio improvement and construction of sound stages. The production program is the biggest of Columbia's history.

Twenty-six full-length features and fifty-two short subjects are on the program. Ten special productions will be fully synchronized. Several will be made in technicolor by a special process handled only by Columbia. All will have audible and silent versions.

First to be completed within a few weeks is "Flight" with Ralph Graves and Jack Holt, directed by Frank Capra. "The Song of Love," starring Belle Baker and "The Broadway Hoofer," featuring Sally O'Neil, are in production. Other pictures are "Sisters," costarring Sally O'Neil and Molly O'Day; "Ladies of the Evening," "Hell's Island," "For the Love of Lil" and "The Murder on the Roof."

Directors include Frank Capra, Erle C. Kenton, George Archainbaud, Ralph Ince, Frank Strayer and Rufus Le Maire. Writers signed are Norman Houston, Gene Markey, Charles Wilson and James Seymour.

AVIATORS MEET TONIGHT

The Aviators' Post of the American Legion meets tonight at Patriotic Hall, 1815 South Figueroa street. The meeting has been designated as air-mail pilots' night, with Maury Graham, Bill Kelley, Earl Ovington and William Wellman scheduled for short talks.

DIVORCE GRANTED TO CUTTING AND HIS WIFE

Harry D. Cutting and his wife, Mabelle, were preparing to go their separate ways yesterday following the granting of a divorce to the husband by Superior Judge Burnell on the ground they could not agree on the issues of religion and recreation. The decree followed the couple's statement that their marital status had remained unchanged since Judge Burnell asked them to try to make an adjustment of their difficulties a month ago. Cutting was represented by Attorney John C. Calhane and Mrs. Cutting by Attorneys Lewis and Nesson.

The Heart of the Home Is Reached Through Nourishing Food

SHREDDED WHEAT

With all the bran of the whole wheat

A welcome relief to a stomach that has been struggling with heavy foods. Crisp, flavory shreds of whole wheat. Delicious with milk and fruits—wholesome and satisfying.

...sive buttermilk diet of one quarts a day, it is possible for who is overweight to greatly from a half to one pound of tissue, meanwhile keeping the sentry muscular and bony structure of the body well nourished.

Sour Stomach.

Q.: T. H. writes: "I am troubled with sour stomach. It usually stays sour from one meal to the next. Please tell me if I take fruit-juice fast will it have enough to keep driving a motor truck?"

A.: You should be able to take fruit fast for at least a week or two while doing your regular work. At the end of this time your stomach acidity will be greatly reduced. Then live on the fruit you recommend in each Friday's article.

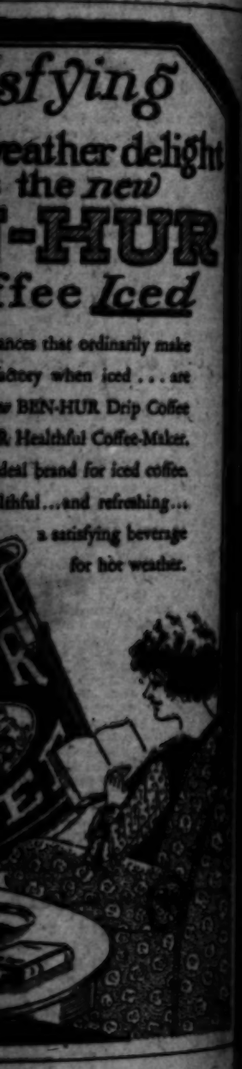
Yellow Eyelids.

Q.: Bell R. asks: "Will you please tell me how to rid my eyelids of a yellow color? Have tried to fast for three days and still am bilious and depressed. I am worried also with a gassy stomach and am very much underweight."

A.: A three-day fast is not enough to stir you up and make you feel more bilious and depressed. Keep up a fruit fast for at least five days if you want to get rid of jaundice which is causing your eyeballs to become yellow. This tendency to a gasseity disorder will disappear after such a fast. You will afterward use this proper diet in correct combination.

(Copyright, 1929, by Bell Syndicate, Inc.)

Teach the kiddies to use ...door knobs to open and close ... With the white paint of today ... means constant washing if ... little hands push the doors ... by the framework.



OVERWORK HELD CAUSE OF GIRL SLASHING SELF

Overwork is believed by police to have brought on a nervous breakdown and caused Edna Throne, 21 years of age, to attempt suicide yesterday by slashing her tongue with a large butcher knife in the bathroom of her home at 348 East One Hundred and Ninth Place. She was discovered by her mother in an unconscious condition from loss of blood and taken to Georgia-street Receiving Hospital. There, Police Surgeon Loposich found she had severed both lingual arteries, and after a delicate operation reported she will recover.

The girl's mother, Mrs. Mary Throne, a widow, told police her daughter had no love affairs, but that for many months she has been the sole support of herself, her parent and her brother. Recently she started a prolonged fast, with the result that last Saturday it became necessary to take her to Georgia-street Receiving Hospital, where she was subjected to enforced feeding.

WOMAN TO FACE JURY IN HOLD-UP

Bank Clerks Identify Her as Driver of Car Used by Bandits in Get-away

Identified by bank clerks as the driver of an automobile in which two hold-up men made their escape, Mrs. Marie Stirling, 30 years of age, was ordered held for trial by Superior Court on robbery charges at the conclusion of her preliminary hearing before Municipal Judge Ballard yesterday. Bail was fixed at $10,000.

Witnesses called to the stand by Dep. Dist.-Atty. Blalock declared Mrs. Stirling halted her car in an alley alongside a branch bank at 5123 West Adams street while two men companions, who are now being sought by the authorities, entered the bank and robbed the cashier of $1400. They then jumped into the automobile, which Mrs. Stirling drove away, and made their escape, the witnesses said.

Spencer pointed out the accomplishments and the dangers attendant upon Mussolini's dictatorship in Italy. He said in part:

"Mussolini, exploiting the national tradition of the Savoy monarchy represented by King Victor Emmanuel, has risen above it to set up a unified, highly centralized Fascist power, which is above even Parliament and the constitution, is totally self-responsible, frankly and absolutely autocratic. Like the empire of Napoleonic France, it aims to compensate the loss of liberty by economic benefits, but its danger is that it will be tempted to maintain itself without popular consent, and that for order's sake it will even sacrifice law.

BRITISH EMPIRE SPLIT

"Colonial empire Italy seems now to be denied, as was Germany before 1914—with somewhat the same disturbing effect on international relations and her own foreign policy."

"Geographical Problems of the British Empire" was discussed at the session last night in Millspaugh Hall on the campus by Prof. Young. He declared there are at least three British Empires now in existence, naming them as that of the Dominion, including Canada, South Africa, Australia, New Zealand and Newfoundland; India as the second; and the third consisting of the various colonies, dependencies and mandated territories, extending "from South America, through Africa to the eastern coast of China, and beyond to the scattered isles of the Pacific." He pointed out that each of the empires was "much more independent than any one of the States of the United States." He told of the principle of indirect rule extended to the various countries.

Husband Beats Mate to Court

Frank E. Williams, an aviator, beat his wife, Rose Lucille, to the Courthouse with a divorce complaint, it appeared yesterday when Mrs. Williams's complaint was filed thirty minutes after that of her husband.

Williams declared his wife is intemperate and cruel and got drunk when she should have remained sober.

Mrs. Williams said her husband abused her, stayed out all night and once threw her out of an automobile, injuring her severely.

Historian Will Address Masons

William Rhodes Hervey, Thirty-third Degree Scottish Rite Mason, will deliver an address this evening on "Egypt" in the cathedral of the Scottish Rite, 920 South Hope street.

Mr. Hervey is a historian and always has taken much interest in the customs and habits of other people and particularly of those people who have been in the limelight at some previous time and whose philosophy has made some imprint on history.

TEXANS INVITE ELKS

Visiting Elks from Texas yesterday were invited by Lyston Black, president of the Texas State Society, to attend a monthly social meeting of the organization tonight at 1137 South Hope street. The program will include instrumental solos by Mrs. Murray J. Black, dialect readings by Willis Huston, whistling solos by Louise Davenport, and vocal numbers by Mrs. George Carpenter. Alf Redmond's orchestra will furnish music for dancing. Election of officers will precede the program.

KANSANS ENTERTAINED

The wonders of air transportation were expounded by word and picture last night at a rally of the Kansas Society in Veterans' Hall, 246 South Hill street. The motion pictures were shown through the courtesy of the Western Air Express, the film being accompanied by an address by William R. Balsam. In addition there were solos by J. Jenkins, tap dancing by Mary Boone and community singing led by H. J. Brubaker. Dancing followed the program.

BENNY AND FAY TO AID AT GRAUMAN TRIBUTE

Jack Benny and Frank Fay are to be the guiding spirits in presenting the festivities incident to the Sid Grauman testimonial banquet to be held at the Biltmore next Wednesday night. Stage and screen players have volunteered to furnish diversion for the affair. Mayor Porter has agreed to make a short speech, as has Dist.-Atty. Fitts.

BEACH PIER RECEIVED

A request by R. W. Reid and other beach residents asking that additional life-saving equipment be furnished for the beach between the Venice Pier and Playa Del Rey was referred to Supt. Hjelle for investigation and report by the Playground and Recreation Commission yesterday. A petition signed by 598 residents of Venice, asking that a band be engaged to play daily for the summer months at Venice at a cost of approximately $15,500, was referred to the music committee of the commission.

Beat the HEAT

to keep cool. For lunch try a bowl of delicious Kellogg's Corn Flakes, with cool milk or cream. They supply nourishment without "heating" the body. So crisp and easy to digest, they help you feel cool and fit. Enjoy them every day. An extra treat with fresh or canned peaches or honey added.

Kellogg's are extra-crisp corn flakes. Delicious for breakfast, lunch or the children's evening meal.

It pays to insist on Kellogg's—the original Corn Flakes. 12,000,000 people daily prefer them.

At all grocers in the red-and-green package. Served by hotels, restaurants, cafeterias; on dining-cars. Made by Kellogg in Battle Creek.

Always oven-fresh in the patented waxtite inner-sealed wrapper.

Kellogg's CORN FLAKES

TWO CONVICTED IN MAIL FRAUD

Jury Finds Hitchcock and Winegar Guilty

Marsh Wins Exoneration and Dismissal

Appearances for Sentence Set for Monday

Horace D. Hitchcock and Fred A. Winegar, former executives of four financing and service companies, were found guilty by a jury yesterday in United States District Judge Henning's court on charges of using the mails to defraud. H. L. Marsh, sales manager of the companies, was found not guilty and was dismissed by the court. Louis De Roode, a New York broker, who was jointly accused, pleaded guilty at the opening of the trial. Hitchcock, Winegar and De Roode are to appear in court on Monday for sentence. The trial lasted thirty-one days and the verdict was returned by the jury in thirty-one minutes.

After the presentation to the jury of a mass of evidence by Asst. U. S. Atty. Peterson, who prosecuted the case, it was charged that the defendants, through the four companies, obtained nearly $300,000 in fees to finance and service incipient corporations, but failed to perform the service. The companies mentioned were Hitchcock Corporation Service, California Corporation Service, Hitchcock Financing Service and H. D. Hitchcock & Associates.

It was charged by Mr. Peterson that the defendants agreed to organize and finance corporations from their inception, but did not do so. It was stated that a large number of persons were defrauded in this manner. Hitchcock and Winegar were found guilty on all of fourteen counts.

BELMONT (IOWA) PICNIC

All former residents of Belmont, Iowa, are invited to attend a picnic Sunday at Bixby Park, Long Beach, beginning at noon.

WOMAN WINS BALM SUIT

It cost Harry Levine, local merchant, $900 and attorneys' fees, to jilt Minnie Friedman, who asked $50,000 as balm to her affections, in a breach-of-promise suit.

A jury in Superior Judge Falk's court yesterday returned a verdict in favor of Miss Friedman. She was represented by Attorney E. A. Kline.

PANTAGES ARRAIGNING NEXT WEEK

Injuries Will Prevent Theater Man's Wife from Early Appearance

Injuries received by Mrs. Lois Pantages, wife of Alexander Pantages, vaudeville producer, in an automobile accident three weeks ago are so serious that she can not appear in court for arraignment on charges of driving while intoxicated and second-degree murder until sometime next week, according to a report received yesterday by James P. Costello, deputy District Attorney in charge of the prosecution.

The charges were filed following the death of Joe Rokumoto, Japanese, whose car was demolished by the woman's in a collision in Hollywood.

Mrs. Pantages was examined yesterday by Dr. Charles W. Decker at the request of Dist.-Atty. Fitts. Although the complaint against her has been on file for more than a fortnight, the warrant has not been served because of her condition. For this reason, the District Attorney requested that she be examined again by a physician to ascertain when she will be able to appear in court.

Preliminary hearing of William R. (Paddy) McGee, bail bondsman, on charges of bribery in connection with the charge filed against Mrs. Pantages, was continued yesterday by Municipal Judge Ballard until the 20th inst. The delay was granted at the request of Dep. Dist.-Atty. Burgess, who told the court several of the State's witnesses are out of town and unable to appear.

RADIO DEALERS WILL HAVE ANNUAL SESSION

More than 200 Sparton radio dealers of Southern California will be guests today of Walter M. Fagan, president of Pacific Wholesale, Inc., local Sparton distributors, at the Uplifters' Ranch in Rustic Canyon. A feature of this annual convention will be the presence of Capt. William Sparks, president of the Sparks-Withington Company, manufacturer of Spartan radios, and vice-president of the Radio Manufacturers' Association, who will deliver an address. Talks also will be made by other radio officials.

IMPROVEMENT PLEA FILED

A petition asking for the improvement of Nintieth street between Avalon Boulevard and Main street was filed with the Council yesterday by Phillip Moore and other property owners. It was referred to the City Engineer and Public Works Committee.

STAR FITTED TO "DRESS SUIT"

Reg Toomey and Bob Ames Appear Opposite Pathe Star; Noted Young Stage Actor Signed by Paramount; Nita Martan Plays Feature Role With M.-G.-M.

BY GRACE KINGSLEY

After lying in figurative mothballs for about five years, "Skinner's Dress Suit" is once more to be shaken out and fitted to a new star.

The new star is Glenn Tryon, Universal luminary—we refrain from making the pun between the name and the vehicle which all too readily suggests itself—who will start work in the new vehicle as soon as he completes "Barnum Was Right," which is in the last stages of production.

This time "Skinner's Dress Suit" will be a talker, although it did very well indeed, thank you, in its original silent form. It was made first by Lasky with Bryant Washburn starred, and the second time by Reginald Denny for Universal.

CONSTANCE BENNETT HAS DUO OF HEROES

Constance Bennett is to have no less than two leading men in "Rich People," her first Pathe talking picture. These fortunate gentlemen are Regis Toomey, who is being borrowed from Paramount, and Robert Ames, who will not even have to move his make-up kit to take the part, since he has just completed the leading male role in Gloria Swanson's latest picture filmed on the Pathe lot.

CONSTANCE BENNETT

Toomey's success in "Alibi" brought him a long-term contract with Paramount, and he has just completed a featured part in "Illusion" for that company.

E. H. Griffith will direct "Rich People," and A. A. Kline made the adaptation from Jan Gelzer's popular novel.

Morgan Farley With Paramount

That clever young actor, Morgan Farley, who originated the role of Clyde Griffith in the stage production of "An American Tragedy," has been signed to a long-term contract as a Paramount featured player, to appear in all-talking pictures. Announcement of the contract was made yesterday by B. P. Schulberg. Farley has appeared in one talking film, "The Greene Murder Case."

In addition to his role in "An American Tragedy," Farley gained renown on the Broadway stage as the featured lead in the Theater Guild's production of Ernest Vajda's play, "Fata Morgana."—Other plays in which he was featured in New York include George Bernard Shaw's "Candida" and Booth Tarkington's "Seventeen."

Nita Martan With M.-G.-M.

It was only a matter of time, of course, before Nita Martan, noted as a vocalist, a dancer and an actress, would sign for a featured role on the screen.

NITA MARTAN

This happened yesterday when Miss Martan and her freak "blue" voice were secured by Metro-Goldwyn-Mayer for "Road Show," the musical movie which Chuck Reisner will direct with Bessie Love and Charles King featured.

The role Miss Martan will take is to be featured, and will be that of the other woman in Bessie's love affair.

Miss Martan is a New York musical-comedy and vaudeville artist, having appeared in "China Rose" and other successes. She made her talkie debut in "No Place to Go," and has just finished a part in "Twin Beds."

Stanley Smith With Lasky

Another Hollywood High School graduate is making good in talking pictures.

Stanley Smith is the young man and has been signed to play the leading male role opposite Nancy Carroll and Helen Kane in "Sweetie," George Marion, Jr.'s, musical romance of the campus, according to announcement of B. P. Schulberg.

Young Smith now takes his place with Fay Wray, Mary McAllister and other Hollywood High School graduates in pictures. He finished school in 1923, and his stage career began when Lenore Ulric, stage star, heard him sing the leading role in the high school opera, "Robin Hood," and engaged him for a part in "Kiki." He appeared here in "The Royal Family" and "Little Orchid Annie."

Jean Arthur With Clara

We recently said that Jean Arthur was soon to be cast in a fine role with Paramount. Our prophecy was fulfilled yesterday when B. P. Schulberg assigned Miss Arthur to the featured role of Clara Bow's sister in "The Saturday Night Kid," by George Abbott and John V. A. Weaver. This will be one of the finest parts Miss Arthur has ever taken, it is said, offering a chance for excellent characterization.

JEAN ARTHUR

The cast for the talking picture now includes James Hall, Edna May Oliver, Frank Ross, and Charles Sellon, in addition to Misses Bow and Arthur.

Lew Cody Has Offers

Lew Cody had better hurry up and finish getting well. He is making excellent progress, and is receiving any number of offers to return to the screen.

He has been recuperating at his home in Playa Del Rey, and, it is said, will shortly be able to resume work.

Bessie Love at Studio

For the first time since her accident, Bessie Love put in an appearance yesterday at the M.-G.-M. studios.

She was a little pale and shaky, but her face is to be unmarked, and it looks as though Bessie might forsake automobiles for airplanes, inasmuch as her first inquiry, made of Clarence Brown, who flies his own plane, was as to the cost of airplanes.

Critical buyers pronounce this tooth paste a bargain
—in results—in price

SELDOM has a dental cream succeeded so tremendously as Listerine Tooth Paste at 25¢.

It is being bought by people to whom merit is the first consideration and price secondary. It is supplanting costlier dentifrices which accomplish no more.

If you are not now using Listerine Tooth Paste, try it at once. Compare it with any paste at any price. We are willing that you judge by results alone.

Note how little brushing is necessary. Note how clean and gleaming it leaves your teeth. No deposits. Not a trace of discoloration. Note, too, that wonderful feeling of mouth exhilaration which you associate with the use of Listerine itself.

In this modern dentifrice at a sensible price we offer you a product in every way worthy of the Listerine name. Lambert Pharmacal Company, St. Louis, Mo.

Buy a hat with that $3 saving

Dentifrices in the 50¢ class cost you about $6 per year on the basis of using a tube per month. Note what wonderful results you get when you change to Listerine Tooth Paste—which sells for 25¢ the large tube. A clear saving of $3. Spend it as you please.

SOCIETY AND CROOK FILM IS CLEVER

"Mrs. Cheyney" Sparkles Both in Dialogue and Acting at Loew's State

BY EDWIN SCHALLERT

The drawing-room comedy arrived in the talkies yesterday at Loew's State Theater, and met with a genuine response from the initial audiences. There may, of course, have been other drawing-room comedies in advance of "The Last of Mrs. Cheyney" but this is by far the most pretentious. Also, it is not all comedy; there is a fair proportion of crookish melodrama in its plot, although that is more or less incidental to smart intrigue.

"The Last of Mrs. Cheyney" stars Norma Shearer, and has as featured supporting talent Basil Rathbone, remembered by stage followers from "The Grand Duchess and the Waiter," and from the more recent "Command to Love," besides George Barraud and Herbert Bunston. It comprises a company of clever people, who would permit you completely to forget the existence of the microphone, were the recording, or the reproduction or something or other on an equally high level with their acting. Some uniformity in tonal quality would be most desirable in a majority of talking pictures anyway.

Nevertheless, this is a good entertainment. It has plot in sufficiency. The situations stand the test exceptionally well. And the dialogue is agreeably clever.

A percentage of audiences may find the picture a little too conversational, but those who enjoy good repartee and good acting will respond to it very warmly.

The adaptation has been well made from the stage play, with a minimum of changes in the spirit and the letter of the original. Indeed, it follows that original most closely, as those who saw Ina Claire appear in the footlight version will have reason to remark. And, if anything, the compactness of the screen play has been beneficial to the interest.

Mrs. Cheyney still deceives her society friends gracefully, and much against her better desires and judgment almost steals the pearls from the rich and kindly Mrs. Webley. She is prevented from completing the theft by Lord Arthur Dilling, who agrees to keep silent about her guilt provided she will accept something less than the marriage he had previously offered her. Mrs. Cheyney rings the bell which rouses the household, with the resultant disclosure of her perfidy, if you want to call it that. Instead of going to jail, though, she escapes neatly because of her possession of a certain very foolish but incriminating letter, which, in ladylike manner, she declines ultimately to use to her own advantage.

So much as this of the plot may be sketched without detracting from the suspense, which is most sly and consistent in this play, and which helps to keep you on the qui vive as regards the final denouement.

From the movie point of view, "The Last of Mrs. Cheyney" inclines emphatically to sophistication. Maybe it might not be so considered on the stage today, but its smartness cinema-wise is very unusual. Especially is the dialogue a lot brighter than that ordinarily proffered in the audible attraction. It suffers only from being a bit too British for the widest popular consumption. Audiences have more often than not shown their distaste for the Anglicised accent, but they will probably be more inclined to accept it in this case because the mood is comedy.

In the portrayals Miss Shearer averaged well. She evidences a more precise expressiveness facially than she does vocally, and some of her very best scenes are the silent ones. Nevertheless, she measures very well to the majority of the role's requirements, the crispness of her voice being well suited to the repartee portions. She is exceedingly attractive in the role.

Basil Rathbone was a distinct hit. He extracted the most from each line of repartee, his enunciation of words being the acme of clarity. There is considerable promise for his success in the new medium. This, I believe, is his first appearance.

Herbert Bunstan was most amusing as an elderly English lord who both talks, and writes too much—in letters. Cyril Chadwick with less opportunity won honors. George Barraud had moments of excellence, especially in the scene where he bid farewell to the heroine. Maud Turner and Hedda Hopper were others especially good.

The picture appears to have been very competently directed by Sidney Franklin.

Fanchon and Marco's Idea, "Sweet Cookies" is ingenious in idea and most invitingly staged. There are hits scored by Jack Hanley, Bobbe Tomson, Roy Loomis and Hazel Romaine, Rube Wolf is master of ceremonies. The ensemble dance numbers are particularly effective.

PRODUCER TO BRING MUSICALS

Homer Curran Returns With Statement of New Alliance for Comedies

Homer Curran, owner of two theaters in San Francisco and partner of Edward Belasco in the theatrical producing firm of Belasco and Curran, has returned from New York and has enlarged on the brief announcement that he had formed an alliance with Lawrence Schwab and Frank Mandel, successful New York musical comedy producers, and in association with them will reproduce the eastern musical hits in California.

"Follow Through" and "New Moon" are their two latest hits and have been running for several months in the eastern city. Owing to the expense of transporting these musical productions across the country, Curran and his associates have found it more advantageous to reproduce them on the Coast. Schwab and Mandel also have the same arrangement with a noted English producer for the reproduction of their successes in England and on the continent.

Popular Pair Returns to Stage

Dale Winter and Henry Duffy

Who in private life are Mr. and Mrs. Duffy, will costar in "The First Year" at El Capitan starting Sunday.

JUSTICE IS MOTIVE OF "WOLVES"

Drama by Romain Rolland Given at Mason With Only Males in Cast

BY JACOB COOPER

We have been acquainted with every angle of the French Revolution through almost every form of art—through the mediums of men and women ranging from Thomas Carlyle to David Wark Griffith. In each case there was a central point which the interpreter wished to bring out, whether an idea or ideal—or a winsome movie star.

Romain Rolland has used the French Revolution as a background for his play "Wolves," which was produced last night at the Mason Operahouse by the Yiddish Art Theater players, under the direction of Maurice Schwartz. Rolland also had an ideal which he wished to propagate. It is, despite its setting, a dramatization of the noted Dreyfus case which was holding the attention of the world at the time Rolland wrote the play.

Though the matter of Dreyfus has passed into history, the motive of justice as expressed in "Wolves" will always remain universal and eternal, and thus is saved from the oblivion which is the fate of plays dealing with momentary propaganda.

This is not the type of play which provides a vehicle for histrionic exhibitions; rather, the author, to lend more force to his argument, refrained from using the feminine touch (for not one woman appears throughout the entire play,) nor were there any of the usual cliches of stagey dramatic situations. The play hinges around the problem of an officer condemned to death as a traitor through letters found on a spy and the struggle to prove the evidence as true or concocted.

This struggle is typified in the two characters, Quesnel, played by Wolf Goldfaden, and Teuller as portrayed by Maurice Schwartz. The second act ends with a scene well carried out by these actors, in which Quesnel vehemently opposes the cause of justice, declaring: "My country first—truth next," while Teuller, the protagonist of Rolland's ideal, declares that truth and justice must come before one can hope to build a nation on the concepts of freedom and equality.

The production in itself was colorful; costume, make-up and settings showed that Schwartz is keen for technical detail. There were slight lapses in the action which are no doubt due to the fact that illness caused the necessity of hasty substitutions. But even so there was no lacking in the force of this play, which was a novelty to Los Angeles theatergoers.

Tomorrow night the Yiddish Art Theater players will again return to a purely Jewish theme by a Jewish writer with the presentation of the much-talked-of drama, "Rags," by H. Leivick.

"Divine Lady" at Hillstreet

Corinne Griffith's production, "The Divine Lady," will be given a popular run at the Hillstreet starting tomorrow. Depicting the battles of Trafalgar and the Nile, and revealing the stirring historical romance of Lady Emma Hamilton, the picture is declared to be one of the costliest to be produced by First National studios.

H. B. Warner, Victor Varconi, Marie Dressler, Ian Keith, Dorothy Cummings, Montague Love, Michael Vavitch are in the supporting cast. Frank Lloyd directed. "Herb" Williams headlines the R.-K.-O. stage show. Lottice Howell, Chase and LaTour, and others are also on the bill.

KAY FRANCIS CAST

Kay Francis, who was brought to Hollywood from New York by Paramount to essay Clara Bow's love rival in her latest picture, "Dangerous Curves," has been sent back to Gotham. Fortunately, Miss Francis had to travel only a few yards from her dressing-room to reach the metropolis. Paramount has brought New York to its Hollywood studio for "Illusion," its adaptation of Arthur Train's satirical novel on Park-avenue society. Kay Francis has been cast as Zelda Paxton.

MOLINARI ILLUMINES BEETHOVEN

Conductor Sways Throng With Great Works; San Malo Pleases

BY ISABEL MORSE JONES

The second night of the Hollywood Bowl, the second night of Molinari's conducting and the western debut of a young Panamanian violinist drew 10,000 out to the "symphonies under the skies" last evening. The program was short, and left the audience eager for more. "Fingal's Cave" overture, Lalo's "Symphonie Espagnole," "Don Juan" and the "Leonore" overture No. 3 completed the list.

Curiously enough, the last number was first in point of that perfection of utterance and nobility of interpretation which have come to be identified with Bernardino Molinari. Beethoven's "Leonore" seldom receives such fervor, such reverence at the hands of a conductor. His Beethoven is characterized by a loyalty to the master's writing and by an understanding of the composer's grace and romantic beauty that have not been surpassed here. Flute passages by Marquarre, violin soli by Noack and the haunting off-stage horn-playing of Drucker accentuated the loveliness of this performance.

Strauss's familiar tone-poem "Don Juan" was, of course, given a reading of compelling authority. The tempi were so exactly right as to earn the right to be called inevitable. There is no question of Molinari's tempo, or his taste. The full orchestral colors were used to paint this picture and the result was a gorgeous sound-spectacle.

The new concert shell had an unusual test in the presentation of Lalo's "Symphonie Espagnole," for violin solo and orchestra, by Alfredo San Malo. Appropriately, Senor San Malo, a Panamanian of Spanish descent, chose this as his introduction to California. He followed it with another Spanish composition, "Jota," by de Falla with piano and upon demand gave Hartmann's arrangement of Rimsky-Korsakoff's "Bumble-Bee."

San Malo has a small, smooth and ingratiating tone and a Latin facility. He is not outstanding in individuality of interpretation, preferring to take the beaten path with a time-worn work and to accept the domination of the orchestra. Perhaps it was the acoustical strangeness, but the facts are that San Malo seemed lost when he played with the orchestra and the sweetness and charm of his playing were pale in contrast to the vigor of the orchestral version.

When playing with Nino Herschel's unusually effective piano accompaniment, the effect was more interesting, but his performance in the Bowl hardly justified his importation from so great a distance.

The impression made by the new Bowl shell of steel and transite, while not yet clearly definable, is decidedly different from any previous shell. Wood and gut-string sounds seemed to be submerged and the metal strings and metal instruments are unusually resonant. The result is crystalline and requires an adjustment of the ear. Doubtless one will grow accustomed to the new timbre and like it.

Tonight the incomparable Molinari conducts again.

ELLIS IN SAME PART

Robert Ellis makes his first talking picture appearance in a part that is similar to the role he first took on the speaking stage. Ellis at present is portraying the part of Steve Crandall in "Broadway," now showing at the Biltmore Theater. This is entirely unlike the hero roles he has been identified with in the immediate past. Crandall is a debonair heavy. When Ellis left the newspaper profession, with which he was connected for several years as a reporter, he became an actor.

"FASHIONS IN LOVE" REVEALED

Adolphe Menjou Emerges from Sound Plunge With No Loss of Eclat

BY PHILIP K. SCHEUER

The trend in "Fashions in Love" is toward audibility—that much, at any rate, was disclosed yesterday at the Paramount Theater, where Adolphe Menjou played the piano and also his way into susceptible feminine hearts. With Chopin for his ally, this slightly bored philanderer had practically to beat them off—the hearts, that is—but there was one, that belonging to Delphine Martin, which came back for more. Hence the picture—a leisurely and fairly amusing adaptation of Hermann Bahr's old play, "The Concert," photographed by a lackadaisical cameraman in the stage manner, but interesting as a revelation of what Mr. Menjou is like when he opens his mouth.

Mr. Menjou is like a polished performer from the boards. A French accent, peculiarly apropos, fits into his scheme of things, and the mannerisms which have always been his chief delight serve well to punctuate it. In one scene he is superb; it occurs at his mountain cabin, and in it Mr. Menjou woos the expectant Delphine through a closed door. Spread comfortably out on a divan, a cane in one hand and a large rye-bread sandwich in the other, he raps intermittently on the panels with the stick and, between mouthfuls, speaks of burning passion to his more or less adored one.

The actor's priceless sense of humor, in other places, is not so happily expressed. "Fashions in Love," indeed, will be something of a disappointment to those of his admirers who recall the scintillating wit of "Service for Ladies" and others among his vehicles; it is farce of a familiar order, its denouement hinging on the star's recognition of the value of his wife when he is threatened with losing her. And the "other man," you see, is Delphine's husband.

John Miljan offers a praiseworthy portrayal of the husband, and two newcomers, Fay Compton and Miriam Seegar, play the wife and inamorata, respectively. Miss Compton is well known to the British stage and screen, where she is understandably a favorite. Miss Seegar proves to be a pretty blond with potentialities in the talkies, though she weeps somewhat annoyingly for reproduction purposes. "If I hear one more woman cry I'll kill her!" Mr. Menjou announced on one occasion; and the consensus of opinion was that he would be pretty well justified.

The other players are Joan Standing (who also weeps) Robert Wayne, Russ Powell, Billie Bennett and Jacques Vanaire.

Victor Schertzinger directed, and also wrote "Delphine, I Am Slowly Falling in Love," which Mr. Menjou, temporarily deserting Chopin, sings in a not unpleasing voice. Miss Compton does not fare so well with her number, "I Still Believe in You."

The best of the current short subjects is "Two Americans," with Walter Huston acting them both. They happen to be Abraham Lincoln and Ulysses S. Grant, in a fictitious page from history discovered by John Meehan, who also produced this talkie. A "color symphony," "Festival of Bagdad," has the Rimsky-Korsakoff score as accompaniment. A sound novelty, Paramount News and the Milton Charles organ recital completes the show.

FLAPPER FILM IS SUGARY NONSENSE

Sue Carol Leads Royalty Merry Chase in Boulevard Picture

Won't somebody please call in a song writer or two, a lyricist and a costume designer and turn "The Exalted Flapper" into a musical comedy?

Most of the action of this piece, a silent one from the Fox studio, and now showing at the Boulevard Theater, is laid against the background of the mythical kingdom of Capri. It concerns a pretty little princess who doesn't want to marry the prince of her parents' choice.

Taken to America by her stately queen mother, she not only falls a victim to flapper frocks and mannerisms but to flapper independence in thinking. When dragged off home again to marry the prince, she proceeds promptly to fall in love with a romantic looking Oxford graduate.

But—sah! The Oxford lad is the Prince incognito so everything turns out just dandy.

The winsome Sue Carol is the pretty princess and the dark-haired Barry Norton is the prince. Irene Rich is the queen mamma and Albert Conti the king.

Lightly directed and acted, and with the plot as described, "The Exalted Flapper" is just a piece of sugary nonsense. With tuneful music and gay costumes, it might very well make a jolly musical comedy. As it is now, it is a good deal about nothing much.

On the same bill may be seen Laurel and Hardy in one of their pretalkie comedies, "Double Whoopee," as well as Lynn Cowan in one of his merry stage shows, Boulevard girls dancing and a little of everything.

POWELL IS MENACE

William Powell will play the role of Gordoni, the suave derelict genius in the Paramount filmization of Mildred Cram's dramatization of an under dog, "Behind the Make-up." He joins a notable duo in the cast now being assembled for the all-talking picture, Hal Skelly and Fay Wray already having been assigned the other two important roles.

NEWS OF SOUTHERN COUNTIES

SHERIFF'S TRIAL MOVES SLOWLY

Two Weeks Consumed by Prosecution

Move to Dismiss Case Overruled

Accountant Places Shortage at $59,000

EL CENTRO, July 11.—After occupying two and one-half weeks in the presentation of testimony against Charles L. Gillett, Imperial county Sheriff, who is accused in three grand jury indictments of appropriating $20,500 of county money to his private use, Dist.-Atty. Elmer Heald announced at 10:30 this morning that he had completed his case.

Ernest Utley, chief counsel for the defense, asked the jury be excused while he offered a motion asking the dismissal of the case on the ground that insufficient evidence had been offered to show Gillett's guilt. Judge Finney denied the motion.

Defense counsel called as its first witness E. R. Simonds, former District Attorney, and questioned him regarding agreements between the sheriff's office and county officials as involving the handling of the jail kitchen. Heald immediately offered a vigorous objection on the ground that any agreements within Simonds's knowledge were made prior to the period during which Gillett's alleged shortages occurred. The court indicated that a ruling would be made later on this objection.

During the presentation of prosecution evidence yesterday afternoon Charles E. Leveson, accountant, who audited the sheriff's books for the county grand jury, testified that the total shortage in Gillett's account amounted to over $59,000. He stated that the records showed Gillett had been feeding prisoners for 9.4 cents and charging the Federal government and other agencies 20 cents a meal. None of this profit, it was stated, ever was turned into the county treasury.

Time is Short for Protests

ONTARIO, July 11.—Concern was felt in this district today over possibility that property owners may not succeed in having their property assessment valuations lowered this year.

San Bernardino county board of equalization, made up of the Board of Supervisors, concludes its official session Saturday this week and when disbanded all matters of assessment valuations will rest in the hands of Assessor Allen, according to C. E. Grier, Upland, chairman of the Board of County Supervisors.

Allen recently proposed an assessment valuation increase that in instances was reported more than 300 per cent. All of his assessment books, were studied by the Supervisors and returned to Allen, and, according to Grier, everything now rests with him whether the increased tax assessments are to be paid this year or reductions become effective.

All property owners who file protests with the county equalization board before Saturday will get redress in some manner, according to Grier, who urged everyone affected by the increase to file protest this week before the board concludes its official duties for the year.

KNIGHTS TEMPLAR CONDUCT FUNERAL

SOUTH PASADENA, July 11.—Calvary Commandery, Knights Templar, will conduct funeral services for B. Frank Taylor, 75, prominent Mason and South Pasadena pioneer, to be held in the Turner, Stevens and Berry chapel, 1000 Fremont avenue, at 2 o'clock Saturday.

Death of Mr. Taylor Tuesday marked the passing of a man prominent in the Masonic fraternity and in the development of West Mission street here twenty-five years ago. He moved to this city twenty-seven years ago and had been prominently identified with real estate development since that time. To his efforts, in great measure, was attributed the growth of the Masonic order here. At the time of his death, he was treasurer of Calvary Commandery.

Mr. Taylor is survived by his widow, Mrs. Carrie F. Taylor; a daughter, Mrs. Hazel M. Lister of Los Angeles; two sisters, Mrs. L. A. Bellows of Iowa and Mrs. E. E. Burdick of Minnesota, and three brothers, L. M. and H. P. Taylor, both of Kansas, and W. P. Taylor of San Diego. Interment will follow in Mountain View Cemetery.

TROLLEY POLES AT VAN NUYS WILL GO

VAN NUYS, July 11.—The Pacific Electric, it is announced here today, is beginning its plans to remove its trolley poles out of the center of Van Nuys Boulevard, principal street here. Action is to be taken after urgent requests of citizens for the last several years. When the railway sends engineers to make the first survey of the street, it is learned that plans also will be made for the lowering of tracks on the boulevard, between Chandler Boulevard and Oxnard street and Vanowen street and Sherman Way. Residents here for some time have asserted that the poles in the street have interfered with ever-increasing auto traffic, and at the same time, have given the main business street a "country appearance."

ROTARY DELEGATES

PASADENA, July 11.—Leroy B. Sherry, president, and Arthur J. Baum, secretary, will represent the Pasadena Rotary Club at the State convention of Rotary presidents and secretaries at Del Monte, Monday and Tuesday, it was decided here today.

ADDITION TO SANTA ANA

City Gains Five Hundred Population Through Annexation Election

SANTA ANA, July 11.—The city of Santa Ana was enlarged today by approximately 500 acres and nearly 500 persons were added to its population when residents of the Delhi district south of Santa Ana voted 79 to 53 to become a part of Santa Ana. At the same time residents of the West Chapman-street area north of Santa Ana rejected an annexation plan by a vote of 8 to 5.

Addition of the Delhi district to Santa Ana will probably mean the establishment of a special police substation in the Delhi district soon after the area becomes a part of Santa Ana, it was reported. The district will also come under the Santa Ana building laws as soon as it becomes officially a portion of the city and steps may have to be taken to place a fire station in the area.

The district will probably be connected with the city water and sewer systems in the near future, it was stated. The district added to the city is composed of about 300 acres, starting at the present limits south of the city and extending along the Pacific Electric Railway tracks to Delhi Road, where the line branches eastward about 1000 feet to extend south to Dyer Road and then west to Main street and back to the Santa Ana city limits to the north.

The election was a heated proposition, according to reports from the area.

Vigorous opposition which included the distribution of unsigned literature against the proposal several days previous to the election, was climaxed yesterday when opponents appeared at the polls and made wholesale challenges of the voters, it was said. The grounds for the challenges were found insufficient by the election judge, and the objectors left.

An annexation movement in the district failed about a year ago, it was recalled. The proposition lost at that time by four votes.

Only thirteen votes were cast in the area north of Santa Ana which, according to unofficial reports, was a 100 per cent vote. Eight of the persons voted against the annexation proposal and five favored it. The election was called by the City Council after a petition signed by ten of the thirteen voters in the district had been presented to the Council, it was recalled. There are about thirty acres in the tract up for annexation.

Phone Company Boosts Rates at San Diego

SAN DIEGO, July 11.—Because of a recent raise in rates charged the fire department for carrying messages and alarms over its wires in San Diego, the common council today ordered a complete investigation of the franchises under which the telephone company operates.

The investigation is to be conducted by the City Attorney's office. When the budget committee met, Chief Louis Almgren submitted an item of telephone charges aggregating $1700 more than the past year. When asked why the increase, the chief exhibited letters from the company's office stating that application had been made to the State Railroad Commission for authority to raise the rates and that the request had been granted.

Councilman E. H. Dowell raised the question of the authority of the Railroad Commission to raise rates in view of the fact that the company was operating under a franchise granted by the Council. He asked that the franchise be investigated to ascertain if it is not a fact that the telephone company was to fulfill certain conditions regarding rates and also giving permission to the city to use telephone poles and conduits for fire-alarm wires.

The Fire Chief said he had some recollection that such was the case and he suggested that the matter be looked into by the City Attorney's office. Dowell then made a motion which resulted in orders for a thorough investigation as to the toll charge and also the using of the city streets with poles and conduits.

INCREASE SHOWN IN DEPORTATION LISTS

EL CENTRO, July 11.—Deportations of Mexican laborers from Imperial Valley during the fiscal year which ended July 1 totaled 2087 compared with 1519 during the previous year, according to figures made public today by M. L. Chaffin, chief of the immigration patrol service in this district.

In a majority of the cases the deportation was due to the fact that the laborers had crossed the international line without the formality of paying his head tax, Chaffin said.

According to the reports of ranchers there have been so many deportations that Mexicans in some parts of the valley have become alarmed and have returned to their own country voluntarily.

POST TO INSTALL

VAN NUYS, July 11.—The local post, American Legion, next Wednesday will install its new officers at the Cahuenga Park Community Building, south of here. Dancing will follow the ceremonies. The new officers are N. F. Hargrove, commander; M. W. Catterlin and George Tufts, vice-commanders; T. B. Morris, adjutant; John Boecker, finance officer; J. A. Callens, sergeant-at-arms, and W. E. Brown, chaplain. This post has the largest membership in San Fernando Valley.

LEASE OLD SUGAR FACTORY

ANAHEIM, July 11. — Papers were signed today for the leasing of the old Anaheim Sugar Company building in the north part of the city to the Glorioso interests of New Orleans, nationally known cannery operators, for a tomato cannery. Machinery is to be installed at once, according to George W. Reid, secretary of the Anaheim Chamber of Commerce, who has induced the firm to come here.

Case of Eggs to Drop From Sky in Test

VAN NUYS, July 11.—Some time Sunday morning eggs are going to drop out of the sky above the Metropolitan Airport, near here. They are not going to come from a flock of flying chickens, ducks or any other kind of fowl or bird. When they hit the ground they will be in an ordinary egg-packing case.

Bert White, noted aviator, is to make a freight-dropping parachute test. He will take up an Irvin air-chute and the case of eggs. When he reaches an altitude of 2000 feet the eggs will be thrown overboard. White asserts they will land without breaking of a shell. The test is being made in the interest of future freight-carrying airplanes.

Often it is necessary to land freight without grounding the airship and devices must be perfected, White says, to cope with air-delivery problems. Such deliveries have to be made when persons are wrecked in out-of-way places or are marooned in flood areas. White says if a case of eggs can be landed successfully all freight can be delivered without breakage.

Murder Story of Interest to San Diego

SAN DIEGO, July 11.—Police today are awaiting official word from Sheriff L. O. McKelley of Lakeport, Cal., relative to the purported confession of Edward Bishop, asserted "three time loser," who told McKelley that he murdered his wife here four years ago.

Press dispatches quoted McKelley as saying that Bishop made the confession as he faced life imprisonment under the California Habitual Criminal Act. The only known murder of a woman in San Diego approximately "four years ago" was that of Mrs. Annie Lillian Williams, nurse, who was found dead in her home at Thirty-eighth street and University avenue, police say.

Mrs. Williams was found murdered in her home October 17, 1924, police records show. The perpetrator of the crime was never found and the murder is on the police records as "unsolved."

Possibility that the self-confessed murder of Lakeport was connected with the death of the nurse is considered extremely unlikely by local police. Police point out, however, that Bishop could have murdered his wife here and disposed of her body in such a manner that it was never found. If this is the case the purported confession will bring to light an hitherto unknown killing.

Quiz Caled in Death of Hill

SOUTH PASADENA, July 11.—Coroner's inquest will be called to determine the causes of the accident in which Dunlap Boyd Hill, 78 years of age, 905 Fremont avenue, South Pasadena, received injuries which resulted in death at the Pasadena Hospital today. The inquest will be held in the Reynolds and Salisbury mortuary.

South Pasadena police, in their reports, termed the accident unavoidable. The elderly man was said to have been crossing Fremont street last night when he was struck by a roadster driven by William M. Munson of Alhambra, Officer Frank M. Arlen, South Pasadena, reported. The driver was not held.

Born in Indiana in 1850, Hill had lived at the home of his daughter, Mrs. E. G. Minkler, 905 Fremont street, for one year. He is survived by two grandchildren, Opal and Esther Minkler of South Pasadena; a son, Charles Hill of Carthage, Mo.; a daughter, Mrs. Hattie Stonier of Iowa, and a sister, living in Oregon.

Over and Under Inspection Trip

SAN DIEGO, July 11—Ernest Lee Jahncke, assistant Secretary of the Navy, who has been inspecting naval activities in San Diego from the air Monday afternoon, on Tuesday viewed the air fleet at North Island and had lunch aboard a warship, and yesterday made the rounds of shore establishments here. Today to round out his inspection tour, he journeyed to the bottom of the ocean, ten miles off Point Loma in the submarine V-4.

The V-4, is the Navy's largest submarine and is a mine laying undersea craft with capacity for sixty mines. Jahncke boarded the submarine, following a short inspection of the submarine tender Argonne and went out to sea. At a point about ten miles from Point Loma the V-4 made a deep sea dive, going to a depth of 200 feet.

BITTEN BY SPIDER

NORTH HOLLYWOOD, July 11. Even apricot picking has its hazards. Mrs. Helen Raphael of Los Angeles, employed here to pick the fruit on the Butler ranch, near Riverside Drive, was bitten by a spider while she was at work. She was taken to the local emergency hospital for treatment.

MANAGER REFUSES PROPOSAL

Offer for City Property at Pasadena is Not Acceptable

PASADENA, July 11.—If E. G. Willrich buys the remaining unsold city farm property for his client, he will have to modify his proposal to a great extent, City Manager Orbison stated today. Mr. Willrich on Tuesday submitted an offer of $2200 an acre for 243 acres.

It was learned today that Mr. Willrich asked eighteen months in which to pay for the land and also requested that the city provide free water for irrigation purposes. Rumors that Mr. Willrich was acting as an agent for General Motors Corporation have been current. The Western Air Express which bought 188 acres of the farm land agreed to pay $317,000 within six months, which elapse in September.

Operation Fatal to Covina Man

COVINA, July 11.—Failing to recover from a serious operation performed last week, Samuel S. Aschenbrenner, native son of Covina, and 53 years of age, passed away late yesterday at the Covina Hospital.

Stricken suddenly while in Bishop about two weeks ago, Aschenbrenner returned immediately to his home and decided to undergo the operations to assure his recovery.

He is well known as an orange grower throughout Southern California and has one of the largest groves in this vicinity located on Cypress avenue.

He leaves a widow, Mrs. Bessie Aschenbrenner and a daughter, Mrs. Walter Grimmessey.

Funeral rites, in charge of Christiansen and Moore, will be conducted tomorrow morning at 10 o'clock from the First Methodist Church with Rev. George Steed officiating. Interment will be made in the family plot in Oakdale Cemetery.

Tax Values Increased at Santa Barbara

SANTA BARBARA, July 11.—An increase of approximately 4 per cent in the assessed valuation of property in Santa Barbara City was revealed today when City Assessor W. W. Smith completed his annual tabulation.

The city now has property valued at $48,376,044, compared to $43,543,375 at this time last year making a total increase of $2,732,669.

Provided the tax rate remains approximately the same this increase will give the city $40,000 more in tax money than was collected last year.

The increase is based mostly on new buildings and other improvements.

Secured property inside the old city limits is valued at $32,512,590 while at the same time property which includes real estate and improvement, in the annexed portion of the city is valued at $10,138,095.

Unsecured property, that owned by persons not holding real estate, is valued at $3,460,665 in the old portion of the city and $264,889 in the portion.

AUTO OWNER FACES GRAND THEFT CHARGE

ALTA LOMA, July 11.—It constitutes a grand theft charge when a person takes his own automobile after the law has decreed "hands off."

L. K. Thompson, Alta Loma garage proprietor, is under $1500 bail to appear before Judge James Sharp at a later date on the grand theft charge of stealing his own automobile.

Thompson was arrested by Deputy Sheriff D. W. Brown after he is said to have removed his automobile from his garage while it was held by the Sheriff under an attachment.

LEGION MAKES MONEY

SOUTH GATE, July 11.—The Fourth of July meant several hundred dollars to the treasury of Mirpah Post, American Legion, of South Gate. The organization had secured the right to dispose of fire-works within the city limits during the Independence Day celebration, and a report which has now been made is to the effect that the organization cleared $1700.

MISSOURI PICNIC

VENTURA, July 11.—All former Missourians living in Southern California and all Missourians visiting on the coast are invited to attend a beach picnic at Pierpont Bay here next Sunday. Preparations are being made to care for 5000 persons. Former Missourians now living in Ventura county are sponsoring the affair which they intend to make an annual event.

RAILWAY TO REPAVE

VAN NUYS, July 11.—It is announced here today that the Pacific Electric Railway is preparing to repave its right of way a mile long through the Van Nuys townsite. The move is made as the result of a recent request made by officers of the local Chamber of Commerce. The main tracks of the railway company run through the main section of Van Nuys.

RESEDA EDITOR LOOKS BACK

Recalls Days When San Fernando Valley Was Wild and Woolly and Full of Bad Men

RESEDA, July 11.—Cecil Wilcox, publisher of the Reseda News, and one of the very oldest of San Fernando Valley pioneers, says he finds interest in reading the historic stories about the old ranches of the Los Angeles area, that have been printed by the Los Angeles Times, but adds that there is also a historic interest in the manner in which this valley has grown within recent years. Much of the romance of this area, he says, is yet to be written.

"Valley streets forty years ago," he said in a reminiscent mood, "were nothing more than trails, hub-deep in mud in winter and hub-deep in fine dust in summer.

NO "BOULEVARDS"

"Back in 1891 it was known as Ventura Road, as such a thing as 'boulevard' was an unknown term in those days. Stretching out from Cahuenga Pass, the road ran into a sort of endless nothing at Calabasas. Neither the pass nor the road had even heard of a road grader. The trail followed the natural contour of the hills and canyons without a cut or a fill any where.

"Watering troughs were then the thing and big attractions for a community. All travel was by horse and water was scarce and troughs far apart. The only inhabitant of the dusty road trail was a saloon keeper with his water trough at Encino. He was a Frenchman and boasted the biggest and finest trough north of Los Angeles. It was under one of the large live-oaks, still to be seen at Encino, and the meeting place of teamsters and horseback riders. Over the trough was a large sign which read: 'Water your nags, but don't forget yourself,' insinuating that the trough owner also conducted a saloon that shouldn't be overlooked.

"In later years, when civilization began to poke its nose over the hills and through the pass into the valley, local option put the Frenchman's liquor trade out of business. This was too much for him. Things appeared to be going to the bow-wows, and in brooding over the loss of his saloon and fearing he would starve, the saloonman fired a bullet into his brain. He left behind a small fortune, it was later discovered.

ANCIENT CALABASAS

"Toward the east, the next trough was at the summit of the pass. Tall eucalyptus trees to this day mark the location. Here a ramshackle blacksmith shop was situated. A saloon was at the bottom of the pass road, on what is now the Hollywood side. West from Encino, the next water available was at Calabasas, an ancient community. Here another Frenchman also owned a big trough and a saloon. At this period, Calabasas was about the toughest, wildest place in Southern California, and shootings and other wild carrying-ons were daily occurrences. Government land could be had for the asking, and property line disputes usually were settled by the bang of a shotgun. Citizens were actually gauged by the number of notches they had cut on the butts of their firearms. A man's most emphatic expression was that he was wild and wooly and full of fleas. There was no joke about it. They actually were. It was death to cross some of the real bad men.

RANCH HOUSE STANDS

"At Encino was the noted Amestoy ranch, run by more French people. There were 6000 acres. The old ranch house is still standing, several hundred feet north from the present much-traveled boulevard. Opposite the present Hollywood Country Club grounds were the buildings of a sheep ranch. This was all the life along this section of the road, a place now where thousands of autos whiz by daily. Ventura road, at first was really a long sheep trial. Statistics now show it to be one of the most-traveled highways in Southern California.

"Of course, there were a number of high-class people living in the Valley forty years ago, but you had to search them out if you wanted to become acquainted with them."

Before coming to Reseda recently, Wilcox lived for years in the old Lankershim section, now known as North Hollywood.

Services for New York Man

PASADENA, July 11. — Funeral services for Thomas S. Woodruff, 42, former secretary of the Annandale Golf Club and, until the time of his retirement, a member of the Colton and Woodruff law firm of New York City, will be held at 10 o'clock Saturday at the Little Church of the Flowers. Mr. Woodruff, well known in State amateur golfing circles, died in a Los Angeles sanaterium today, after several weeks of illness.

Mr. Woodruff came to California six years ago. He became a member of the California Bar Association but, because of ill health, had not been practicing his profession.

Mr. Woodruff also was a member of the Flintridge Riding Club. He was graduated from the Princeton University law school in 1910 and belonged to the Cannon Club at Princeton. Besides his widow, Mrs. Mary W. Woodruff, he is survived by his mother, Mrs. Malvina S. Woodruff of Newton, N. J., Mr. Woodruff's native city. He lived here at 1100 Armada Drive. The firm of Turner & Stevens is in charge of funeral arrangements.

BUYS NEWSPAPER

VAN NUYS, July 11.—Alexander Sinclair, who has been operating a small printing plant here, has just bought the Alhambra Herald and with his son, D. J. Sinclair, has taken possession of the paper. The two men formerly conducted a news paper at Jasper, Minn. They came to California about four years ago. The Herald is located in the new section of Alhambra, on the Valley Boulevard.

PIONEER PICNIC

GARDENA, July 11.—The third annual picnic of the Early Settlers' Club of Gardena Valley will be held on Saturday at Southpark in Los Angeles. The picnic will be an all-day event and a program has been arranged for the afternoon to be followed by the election of officers.

Cochran Enters Surprise Plea in Murder Trial

SAN DIEGO, July 11.—A "surprise" plea of not guilty was entered by Lee Cochran when arraigned before Judge C. N. Andrews today in Superior Court on the charge of murder in connection with the hold-up and shooting of two guards of an Agua Caliente money car, while Martin B. ("Silent") Colson, still refusing to speak, also had a not-guilty plea entered for him by the court clerk on instruction of Judge Andrews. At the suggestion of Attorneys Wick and Miller for the defense, a further plea of not guilty by reason of insanity was entered for Colson. Trial was set for August 5.

Both Colson and Cochran had to be returned to the courtroom for full reading of the "information" prepared by the District Attorney and accusing the pair of complicity in the money-car hold-up. At the same time a further charge accusing Colson of having been convicted of arson was read. Colson seemingly gave no attention to this and remained silent. The court ordered entered a plea of not guilty to the "prior conviction" charge.

The formality of the pleadings was in part due, it was hinted, by attorneys to continued absence of Prosecutor Oran N. Mufr on vacation. When Muir returns about July 20 change of plea for Cochran may be suggested, it was understood. Attorneys refused to predict Colson's attitude. Court attaches hold that the defendant is faking.

New Mayor for Sierra Madre

SIERRA MADRE, July 11.—For the first time in eight weeks, city affairs are in the hands of a complete governmental body when last night Elmer A. Green was elected City Councilman to fill the vacancy of Donald C. Ashmore, who resigned only several days following his appointment to the board.

After Green had been officially sworn into office, the board elected Albert S. Myers as the new Mayor of Sierra Madre.

Myers, who is the only remaining member of the former board, has been serving as Mayor pro tem, since the latter part of May, when ex-Mayor W. J. Lawless and Councilman George F. Blakeslee resigned as an aftermath of the recall election which ousted Councilmen Henry Baass and Joseph Beichlavek.

The board now completed includes in addition to Mayor Myers, Henry Clay Reavis, Ralph W. Stewart, Lester K. Layton and Elmer E. Green.

The board will next meet on the 24th inst., according to City Clerk Dietz.

LET CONTRACT FOR NEW FIRE STATION

GLENDALE, July 11.—Contract for the erection of the new fire station at 210 South Orange street, was awarded today by the City Council, the general contract going to C. A. Schwessinger of Eagle Rock on his bid of $62,917, while the plumbing contract was awarded to Pixley & Gould, Glendale, for $3081.

The contract for the installation of the fire alarm system had already been placed with Gamewell Company for $117,800. The fire station and the alarm system are to be paid for out of the proceeds of the $200,000 bond issue approved at the election last November, and the amount realized from the sale of the present station on East Broadway is to be added to the sum received from the bonds. The cost of the site is included in the bond proceeds.

FORMER POLICEMAN HURT IN ARIZONA

PLACENTIA, July 11. — William Bouldin, former Placentia police officer, now captain of the Arizona State prison guards at Florence, was seriously injured yesterday when two prisoners under his care attacked him with knives.

Bouldin was unarmed when attacked, it being a rule of the Arizona prison that guards shall not enter the gates under arms, according to word received here today by relatives.

One knife wound barely missed a jugular vein. Another cut a gash eleven inches long and an inch and a half deep in Bouldin's back.

The guard has a good chance to recover, according to a telegram from the prison today. He is a brother of Chief of Police J. S. Bouldin of Anaheim.

FUNERAL SERVICES FOR MARTIN NELSON

COVINA, July 11.—Final rites for Martin Nelson, 90 years of age, who died at his home here Monday, were held this afternoon at 2:30 o'clock from the chapel of Christiansen & Moore.

The deceased was born in Denmark, June 12, 1839, and came to America when a youth, having made his home in Covina for a number of years.

Rev. George Steed officiated at the services and burial took place in the San Gabriel Cemetery.

The deceased leaves one daughter, Mrs. Thomas Phorkelson, of this city.

SURPLUS IN TREASURY OF SCHOOLS

Pasadena to Use Funds for New Building and Maintenance

PASADENA, July 11. — Surplus funds of $137,000 in the city schools' treasury will be retained for the construction and maintenance of new school buildings, it was learned today when the Board of Education after a protracted session adopted a resolution asking the county superintendent of schools to allocate the surplus to the building fund for elementary and high-school districts.

At the same session final contract plans for the erection of the $80,000 San Rafael school building were accepted. Bids will be advertised for at once.

Allocation of the surplus money to the building funds will obviate the necessity for of a bond election for construction of new high school and junior college buildings for several years, officials stated. Of the total, $163,000 will be placed in the elementary school budget and the balance in the high school budget.

Resignations were accepted from Jessie E. Mitchell and Annie M. Partridge, veteran elementary school teachers. Miss Mitchell is retiring after forty-two years of continuous service with the schools, while Miss Partridge has been in the Pasadena system for thirty-seven years.

New Owners of Ventura Paper

VENTURA, July 11.—Announcement was made here today of the sale by D. J. Reese of the Ventura Free Press to H. O. Davis of Los Angeles. Oscar T. Conklin, who has been publisher and a part owner in the paper for the last four years, is to remain as vice-president of the corporation and as publisher. R. C. Fisher is listed as secretary-treasurer. The other new directors are Mrs. Marguerite Conklin and Elizabeth Davis. Mr. Reese, former State Civil Service Commissioner, has been the owner of the Free Press for the past twenty-five years.

During Mr. Conklin's term as publisher, the former has had no active part in the operations of the paper, but has been associated instead with the Ventura Guarantee Building and Loan Association as its secretary.

PLANS PREPARED FOR DETENTION HOSPITAL

SAN DIEGO, July 11.—Tentative plans for a combined city and county isolation hospital to confine contagious diseases were formulated today when the common council budget committee agreed to appropriate $50,000 toward the first unit of such an institution this year and to add $50,000 next year. The proposition was made to Dr. A. M. Lesem, city and county health officer who is to submit it to the County Supervisors.

Should the county officials acquiesce, the institution would be built and maintained by the county. The responsibility of curbing spread of contagious diseases is made compulsory by the State law, the Council was told by Dr. Lesem, in considering the health department's budget. The department had a schedule $60,000 with which to make over the present isolation hospital in Mission Valley.

COMMISSIONER TO VISIT SAN DIEGO

SAN DIEGO, July 11.—San Diego is to be visited soon by Commissioner Jefferson Myers of Portland, Or., member of the United States Shipping Board, who is scheduled to leave Washington this month for the Pacific Coast where he is to make an inspection of all shipping-board properties and port facilities according to word received today.

Myers is to come to the Pacific Coast by way of the Panama Canal and will stop en route in Cuba on official business after which he is to visit San Diego, San Pedro and San Francisco. After completing his business in California, Myers is to proceed to Oregon, where he will spend a few days at his home at Scio, it is reported.

TOPANGA PAVING NEARLY FINISHED

OWENSMOUTH, July 11.—Another long major traffic artery in San Fernando Valley is almost ready to be opened to traffic with the final work on the improvement of Topanga Canyon avenue between Roscoe avenue and Ventura Boulevard now virtually completed. The road is the only paved highway in the extreme west end of the valley to extend north and south across the area, and it runs through picturesque sections. The new highway is of especial importance to Owensmouth and Chatsworth as it will bring traffic direct off the Ventura highway into these two fast-growing sections.

VALUATION PLACED ON SCHOOL PROPERTY

PASADENA, July 11.—Total valuation of all Pasadena school property, buildings and inventoried equipment was placed at $8,963,482, according to a report prepared by Auditor Miner B. Phillips and submitted to John A. Sexson, superintendent of schools, here today.

With the addition of buildings valued at $100,000 at the Burbank and San Rafael elementary schools and the erection of a $30,000 auditorium at the Willard school, total valuation will well exceed $9,000,000 by the time school reopens in the fall, the report pointed out.

Pasadena High School and Junior College is given the highest valuation, being listed at $1,406,110.

MONTMARTRE FIESTA

Climaxing a week of festivities, the Montmartre will celebrate a three-day fiesta beginning this evening and continuing Saturday and Sunday. Friday has been set aside as "Campus Nite," and Saturday night is dedicated to the theatrical profession. Sunday night features the famous Montmartre special dinner, with a concert of classical music by Margit Hegedus and her Hungarian orchestra.

Figueroa Street Boosters Open Headquarters

Pledged to co-operate in the development of Figueroa street as a through traffic artery from Pasadena and Dayton avenues to the harbor at San Pedro, the Figueroa-street Development Association was launched formally yesterday with the opening of headquarters at 852 South Figueroa street.

Dr. Thomas Chalmers Myers is president of the association, Charles A. Ducommon, first vice-president, Frank A. Kern, second vice-president; Charles F. Hemphill, secretary-treasurer, and William Kilgore, Thomas Beyrle, Charles A. Cordano, Wayne H. Fisher and J. Benjamin Fahy, members of the board of directors. David M. Carroll will act as manager of the headquarters.

Langdon to Wed for Sound Film

Harry Langdon, screen comedian, need never forget his second marriage. Yesterday it was announced at the Hal Roach studios that his forthcoming wedding in which Mrs. Helen Walton is to be the bride will be recorded in sound and on film for his own future reference.

At the studio it was said the couple have not decided on a definite date or plans for the ceremony. In any event Hal Roach will have his sound truck on hand to record the proceedings. Langdon's former wife, Mrs. Rose Langdon, recently got her final divorce decree, and Langdon and Mrs. Walton have filed their notice of intention.

BEATINGS WIN DIVORCE

After listening to the testimony of Mrs. Thelma Nichols to the effect that her husband, William, struck her on several occasions and once so severely that it was necessary to take several stitches in her lip, Superior Judge Yankwich granted her a divorce.

STAFFORD'S TRIAL WILL BE DELAYED

Date Set for September 3 as Physician Testifies to Merchant's Illness

After hearing testimony of Dr. Howard W. Seagar that Clayton C. Stafford, El Monte and Puente grain merchant, is seriously ill and confined to a hospital, Superior Judge Shaw yesterday consented to a request that his trial on a felony charge be continued until September 3, next, in Department Twenty-one of Superior Court.

Stafford, who is accused of a statutory offense against his former secretary, Miss Rae Schade, was scheduled to go to trial on the 16th inst.

Miss Schade accuses her former employer of virtually kidnaping her and taking her to a cabin in the Turnbull Canyon district where she asserts he attacked her.

INTERVENOR NONSUITED

Court Eliminates W. J. Barnhart in Deuel Damage Action Against Two Oil Companies

A motion of nonsuit against W. J. Barnhart, oil operator who intervened in the $2,500,000 damage suit of Warren K. Deuel, oil promoter, against the Rio Grande Oil Company and the Barnsdall Oil Company, was granted yesterday by Superior Judge Yankwich, before whom the suit is being tried. The court denied a motion for a nonsuit made by the Barnsdall Oil Company.

Following testimony of Barnhart and other witnesses for the intervention, defense witnesses were placed on the stand late yesterday.

Deuel yesterday elected to press his suit on the basis of a rescission of the asserted agreement between himself and the Rio Grande Oil Company, following a motion made by defense and granted by the court to have Deuel choose between action on the agreement or on monetary damage.

Deuel is suing the oil companies for a share of profits derived from Elwood Field near Santa Barbara, which he asserts he promoted. In his complaint he asserts he signed a release agreement with the company for $2500 on the representation that no oil was likely to be produced. Later a well was produced and the field now is valued at several million dollars.

FLYING TAUGHT IN BARREL

In a Paris flying school students receive their first lessons in an apparatus shaped like a half-barrel equipped with flying instruments. As the machine is switched and lurched around, the student is expected to correct the motion. The plan is part of the method of teaching blind flying by making the future pilot depend entirely on his instruments.

Goldwyn May Testify Today in Film Suit

Samuel Goldwyn, motion-picture producer, is expected to take the stand today in the court of United States District Judge Sawtelle in the trial of a civil case in which he and Leonore J. Coffee are accused of plagiarism. Testimony in the case began yesterday.

It is charged by the plaintiffs, Don Gabriel de Barbadillo and his wife, Mrs. Phyllis Waters de Barbadillo, known also as Phyllis Waters Forbes, that they wrote the play called "The Christ of the Alley" before May, 1912, that they handed it to Goldwyn in December, 1922, who rejected it. They state that in June, 1927, Goldwyn presented a film story called "The Night of Love," which followed closely the plot of "Christ of the Alley."

The plaintiffs assert that "The Night of Love" gave profits of more than $1,000,000. They seek an accounting, $100,000 personal damages and an injunction to prevent further production of the picture.

Large Avocado Tract Leased in West Hollywood

The Central Funding Company of Hollywood yesterday acquired a ninety-nine-year lease on the Edward Harmon avocado orchard, located in the heart of West Hollywood, President N. F. Wilson announced. A payment of $935,350 was involved.

The transaction involves realty located at Sunset Boulevard, Holloway Drive and Horn street, with 140 feet of Sunset frontage and 278 feet on Horn. Seventy-eight pedigreed, bearing avocado trees from seventeen to thirty years old are on the property. Two 17-year-old trees alone produce $1350 worth of fruit annually. Income from the avocado orchard, which is said to be one of the most productive in the world, and from the business frontage, more than pays all carrying charges of the lease, it was stated.

President Wilson announced that the property has been bought ahead of boulevard improvements for investment purposes.

"Brandes is a WONDER... and such a low price!"

writes PHILIP E. KLIPP, *chief wireless operator of the* S.S. PRES. HARDING (1923)

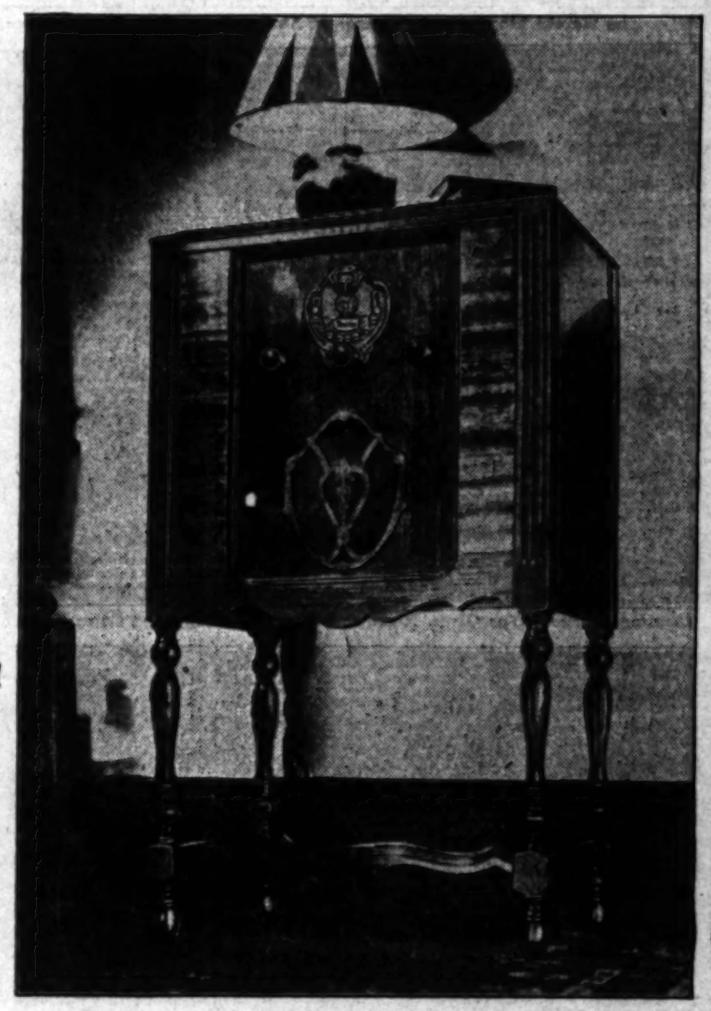
And the minute you hear this Brandes—the minute you test it for selectivity, range and tone quality—you'll say the very same thing!

For price is only half the story! It's the big features PLUS the price that make Brandes such an outstanding buy!

Handsome walnut cabinet. Selector Tuner. Advanced dynamic reproducer. Absolute single dial control. Push-pull amplification, type 345 tubes. Four tuned circuits for utmost selectivity. Heater type tubes with specially designed circuit! All for $133.25 and $163.75!

That's what we mean by VALUE! And that's what we offer in Brandes!

Now it's up to you. Visit your neighborhood dealer tonight! Arrange for a thorough demonstration in your own home! Prove for yourself that Brandes is a *wonder* at this sensationally low price!



CONSOLE MODEL B-15 *as pictured above* $133.25 less tubes

CONSOLE MODEL B-16 . $163.75

TABLE MODEL B-10 . . . $88.50

(all prices less tubes)

SELECTOR TUNING!

"Hunting" for a station is a thing of the past! Juggling with the dial a thousand and one times is now old-fashioned! Today—with a Brandes—you adjust the Selector Tuner *once*—and thereafter, your favorite stations are in full view and *instantly available.*

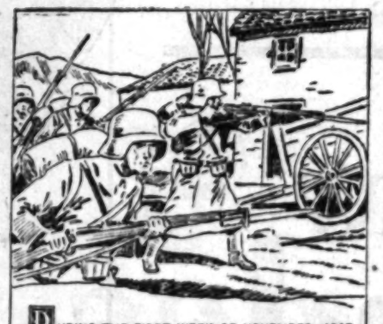
HIGH LIGHTS OF HISTORY 1391

The Story of the World War
161—The Battle of the Piave.

by J. CARROLL MANSFIELD



DURING THE FIRST WEEK OF NOVEMBER, 1917, THE AUSTRO-GERMAN FORCES OF GENERAL VON BUELOW, WHICH HAD BROKEN THROUGH THE ITALIAN LINE AT CAPORETTO (OCT. 24), MARCHED STEADILY WESTWARD THROUGH NORTHERN ITALY. THE ITALIANS FOUGHT DESPERATELY IN RETREAT, BUT COULD NOT STEM THE TIDE OF INVASION.

ON CAME THE GERMANS UNTIL VENICE WAS ALMOST WITHIN RANGE OF THEIR BIG GUNS. IN ANSWER TO FRANTIC APPEALS FROM THE ITALIAN GOVERNMENT THE ALLIES RUSHED CONTINGENTS OF FRENCH AND BRITISH TROOPS ACROSS THE ALPS FROM THE WESTERN FRONT.

BUT BEFORE THE SUPPORTS FROM FRANCE ARRIVED, ITALY HAD SAVED HERSELF. UNDER GENERAL DIAZ, WHO SUCCEEDED GENERAL CADORNA ON NOVEMBER 9, THE ITALIAN ARMY FACED ABOUT (NOV. 10) AND MADE A HEROIC STAND ALONG THE PIAVE. THE BATTLE OF THE PIAVE WAS ITALY'S "BATTLE OF THE MARNE."

THE AUSTRO-GERMAN ADVANCE WAS STOPPED AND, WITH THE AID OF THE FRENCH AND BRITISH RE-ENFORCEMENTS, THE ITALIANS ESTABLISHED A STRONGLY INTRENCHED LINE ON THE PIAVE.

TOMORROW—THE BATTLE OF CAMBRAI

Then the Al Malaikah Shrine band in their uniforms of green, red and gold; the drum corps in dark red and dark blue; the chanters in red fezzes and white flannels and the uniformed group in black and red bearing the hundreds of illuminated orange blossoms brought the crowd to its feet as they swung around the parade field.

The Shrine float, a dazzling display of scintillating lights, was featured by the camel ridden by a beautiful girl and the bower of Nile green and pink roses.

Next to get a rousing cheer was the Los Angeles Firemen's Band followed by the second Al Malaikah float. This was a scene from ASIA with the scimitar and star of the order very prominent at an oasis. Girls in the costume of the harem and one astride a camel made the complimentary entry of the Shrine most attractive.

SILVER TORPEDO

The eleventh division was led by the Stockton Band, followed by the Metro-Goldwyn-Mayer float. It was a torpedo of silver from which tinted-hued balloons floated. Then came the Santa Barbara drum corps wearing soft white felt hats, white shirts, with purple sash, white trousers and shoes.

The Warner Brothers float which followed was a base of silver topped by huge golden shells serving as a background for dancing girls. The foreground was a willow tree with drooping branches of gold.

Then came the Pasadena Band escorting the Warner Brothers spectacle, which depicted the twin radio towers outlined in rainbow tints over huge red tulips.

The San Bernardino Boys' Band followed, preceding Warner Brothers' directorial staff, which was a garden scene done in purple, old rose, dark green and pink and enhanced by changing hues as the parade moved around the track.

LOS ANGELES LODGE

One of the great displays of the night came as the floats of Los Angeles Lodge, No. 99, appeared. The base was pale pink flood lights on rose satin and was topped by the various emblems of the order. An elk with illuminated horns, the clock on the two corners and the pretty girls, sitting and standing under an archway of sparkling roses in a hundred shades and tints, which were constantly changing, rounded a gorgeous design.

The Richfield company as a tribute to the pageant presented one of the most outstanding electrical spectacles ever constructed for use in a moving pageant.

In two sections it came. First showing a huge California rose bouquet; the second an aviation beacon standing near a miniature Spanish bungalow. Ribbons made of red and purple swung and darted around the entire exhibit.

PARADE IN AFTERNOON

Although the pageant was the high point in the Elks entertainment, the Coliseum also entertained thousands of spectators during the afternoon, who gathered to watch the Grand Lodge parade with thousands of the lodge members marching in their uniforms and with specially decorated floats.

...ere is a market for new ... in California, or unless the area controlled by the parties to the agreement is threatened by drainage, the revised plan suggests that production from the north dome will be postponed until July 1, 1931. It further states that recognition is given to the producing of certain wells offsetting the Milham Exploration Company's discovery well, the object being to make it possible to bring down the gas pressure of this well so as to enable it to be shut in.

The agreement proposed for operators and owners interested in the south dome of Kettleman Hills is similar to that already executed in connection with the middle dome of the structure.

Hotel Periled as Blast Sets Fire Next Door

Guests in a hotel at 239 East Fifth street fled to the street late last night when fire destroyed the top floor of the adjoining three-story building at 241 East Fifth street.

Newton S. Huston, fireman of Engine Company No. 3, who resides at 420 East Avenue 43, received second-degree burns on his hands and face while battling the flames. He was treated at Georgia-street Receiving Hospital.

Police Sergeant Chambers of Central division said he was standing across the street when he heard an explosion on the top floor of the brick structure and that flames immediately leaped from its windows. Cause of the explosion was undetermined. The floor was supposed to have been unoccupied.

An art lampshade establishment on the second floor and a pool hall, men's furnishings store and a barber shop on the street level were damaged by smoke and water. Damage was not estimated.

Scout Official Tells Interest in Movement

"The Boy Scout movement is growing at a tremendous pace in the United States," said Charles N. Miller, traveling director of the organization, when he reached the city yesterday on the Union Pacific Los Angeles Limited. Mr. Miller, while a resident of Santa Monica, makes his headquarters at the executives offices in New York City. He has just completed a tour of the Southern States.

Seventy boys will comprise the Pacific Coast contingent of scouts who will go to the great meeting to be held in Liverpool, Eng., the latter part of this month. Mr. Miller will make the plans for this party.

Spanish Envoy and Daughter to Visit Here

Senor Don Alejandro Padilla y Bell, Spanish Ambassador to the United States, accompanied by his daughter Rosa, is en route for a visit to Southern California. This distinguished Spanish citizen will reach here next Monday on the Union Pacific Continental Limited.

Spanish residents of the city are expected to form the reception committee that will meet the ambassador and his daughter at Central Station at 5:30 p.m.

ELKS' TREK DAZZLES CITY

Two-Hour Parade of Resplendent Antlered Herd Witnessed by Unnumbered Thousands

The great thundering herd of Elks passed through Los Angeles yesterday in annual trek. There were thousands of them. For two solid hours the long line swept through the narrow passes from Figueroa and West Adams streets to the green enclosure of the Coliseum. At least 30,000 persons were there to see them in their sleek and glorious magnificence.

One of the most gorgeous of the convention parades the city has ever seen, in the opinion of many. The line of march was bordered one to ten deep with a countless multitude of persons over almost its entire course of several miles. And despite the long time required for the marchers to pass, nearly all of the spectators were held to the last by its splendor.

TWO-HOUR PARADE

The line came booming into the Coliseum headed by officials of these Best People On Earth at 2 p.m. after a squad of roaring motorcycle traffic officers had cleared the way. Without a break it marched on and on until 4 p.m., while the thousands in the stands cheered and applauded as some group of particular resplendence tramped by. There were prancing steeds of finest Arabian blood, turbaned footmen of gorgeous raiment, caballeros galore, floats that would dazzle fairyland and bands enough to play the world to sleep. The big crowd applauded without stint. It was a glorious day for the Elks here in sixty-fifth annual convention. Overhead the blimp, Volunteer, hovered lazily like some strange creature of the sky that had been fascinated and stopped to look on, too.

FAMOUS GROUPS

Twenty-six color guards from as many groups in the parade were gathered into one group that marched at the head of the line and constituted a blazing array of flags that brought the spectators to their feet. The white-uniformed Los Angeles Firemen's Band had the honor to be the first band in the line of march. The local Elks' lodge had the first float in the line—a huge Elk proudly bearing its antlers high and surrounded by beautiful maidens dressed to portray primary Elk virtues.

New York lodge, the No. 1 of Elkdom, drew a great ovation as it passed the grand stand. So also did Brooklyn, which has more than 22,000 members. Seattle's showy drill team did a few fancy steps in front of the grand stand and won acclaim. The Elk-famous Jackson (Mich.) zouaves of Capt. William Sparks, did a drill that set the crowd wildly applauding.

PRIZE WINNERS

Billings, Mont., provided a group of wild-looking cowboys in chaps and with a bear cub mascot from "way up thar on Powder River where she's a mile wide, an inch deep and runs uphill." Another Montana group had an eight-foot man as mascot. Florida's float, magnificent in white, beauties and setting, drew a great ovation and also first prize for out of the State floats. Glendale, with a floral display float won similar place among California floats. There were many other prizes all listed elsewhere in these columns.

Springfield, O., had a unique float—an automobile that looked like a railroad locomotive and labeled "Good Roads Special." Yuma, Ariz., had an Indian band and a lot of shootin' fellers areachin' fer their guns all the time.

There were features by the score and it was a weary set of judges that ended its task with the announcing of place awards and cash prizes at the end of the day.

New Compton Lodge Formed

COMPTON, July 11. (Exclusive) Compton Lodge No. 1570, B.P.O.E., came into being today with a charter membership of more than 150, when a dispensation was received from the Grand Lodge permitting the organization.

The lodge will be fully organized within the next three weeks.

PHELPS TO LEAD BAND AT PARK ON SUNDAY

The Sunday program at Lincoln Park this week will be under the direction of Charles Phelps. Mr. Phelps also is baritone soloist. The band program will include selections such as "The Firefly" by Friml, "Faust" by Gounod, and Peer Gynt Suite by Grieg. Included in the program will be two solos by Max Van Patten, baritone soloist. He will be accompanied by Miss Upp. There also will be a program at Westlake Park Sunday from 4 to 5:30 p.m.

ELKS' PARADE PRIZES GIVEN

Florida and Glendale Win First Awards for Floats in Their Respective Classes

Nearly $5000 in cash prizes ranging from $500 to $25 were awarded to twenty-six groups or individuals for showings in the Elks' parade yesterday. A list of winnings follows:

Best decorated float from outside of California-Florida, $500.

Best from California-Glendale, $500; second place—Santa Monica, $250; honorable mention, Huntington Park.

Largest number in uniform from greatest distance—Queensboro, N. Y., $400; second place, Manila, $200. Honorable mention, New York City.

Best appearing uniformed body, outside of California—Detroit, $300; second place, Portland, $200; third place, Salt Lake City, $100.

Best appearing uniformed California body—Glendale, $300; second, Santa Monica, $200; third, Sacramento, $100.

Group with most original costume, outside of California—Manila, $300; second, New Jersey, No. 21, $200; third, Everett, Wash., $100.

California group with most original costume—Santa Monica, $250.

Best Elks' band, outside of California—Seattle, $200; second, Everett, Wash., $100.

Best Elks' band in California—Glendale, $100; honorable mention, Pasadena.

Largest Elks' band from greatest distance—Wisconsin, $200.

Antlers best band—Western Slope, Colorado, $100; second, Oakland, $50.

Tallest Elk—Jacob Ehrlich, El Paso, 8ft. 6in., $25.

Shortest Elk—Floyd Allen, Redondo, 3ft. 1in., $25.

Heaviest Elk—Tiny Millard, Burbank, 389 pounds, $25.

Thinnest Elk—Fred Standaber, Montana, $25.

Oldest Elk—L. E. Babcock, Whittier, 76 years of age, $25.

Los Angeles band, chanters and white squadron were not competing but were awarded honorable mention. Similarly the Jackson (Mich.) Zouave drill team was awarded honorable mention.

NATIONAL OFFICERS INDUCTED

Grand Lodge Meets for Last Time and Conducts Memorial for Departed

As the last official act of the Elks' convention, the Grand Lodge met yesterday morning in the Biltmore for their third session, installed officers for the ensuing year and held a secret ritualistic service for deceased members of the lodge.

The final session was brief, the members hurrying to take part in the afternoon parade. The next session of the Grand Lodge will be held at the Atlantic City convention next year.

The installation ceremony marked the official introduction into office of Col. Walter Pemberton Andrews of Atlanta, Ga., elected Grand Exalted Ruler of the national organization of Elks at Tuesday's session and who succeeds in office Murray Hulbert of New York.

Rogers Stars as Bucs Take Polo Contest

With Will Rogers, the well-known columnist receiving most of the cheers from the 50,000 fans assembled, the Buccaneers defeated the Uplifters, 6 to 4, in last night's polo match that was staged at the Coliseum as part of the big Elks' convention program.

Rogers, whose colorful style of riding made a distinct hit with the customers, put the Buccaneers off to a good start by clicking through two goals in the opening chukker. Snowy Baker and Jim Colt, Rogers's team-mates, also delivered a pair of goals apiece in the final two chukkers to clinch the victory.

Scott Hackley scored all four of the Uplifter goals, but he received brilliant offensive aid from his two mates, Hal Roach and Dr. Harry Wilson.

The clash, which was one of the first night polo matches ever played here, was limited to four chukkers and both teams used only three players instead of the customary four.

The line-ups:

Buccaneers (6)	Uplifters (4)
Baker (2)	Hackley (4)
Rogers (2)	Roach
Colt (2)	Dr. Wilson

SCORE BY CHUKKERS

Buccaneers	2	0	1	3	—6
Uplifters	1	0	2	1	—4

RETIRED MERCHANT OF OMAHA LAID TO REST

Fred H. Krelle, retired Omaha business man and a resident of Los Angeles for twenty-five years, was laid to rest in the family lot at Forest Lawn Memorial Park yesterday following funeral services at the W. A. Brown chapel at 2 p.m. He was 67 years of age. His home was at 146 South Gage street. Besides his widow, he leaves a son, H. F. Krelle of Santa Maria, and two daughters, Lucy Krelle and Mrs. Emily Randall, both of Los Angeles.

SEATTLE POLICEMEN HERE WITH ELKS' BAND

That policemen in their off-hours can "toot a mean horn," is proven by Ralph Onura and Pat Morrow, members of the Seattle police force, who are also members of Seattle Lodge No. 92's band. Both are excellent musicians and, with their fifty-three fellow-bandsmen, have been in demand for concerts at hotels, parks and other gathering places of the Antlered Herd since the convention opened. They are at the Mayflower Hotel.

F. J. Grandon, Former Film Director, Dies

Francis J. Grandon, 50-year-old motion-picture director who rose to prominence in Hollywood in 1925 after directing several actresses to stardom, died in the General Hospital yesterday.

Funeral services will be conducted tomorrow at 2 p.m. from the Leroy Bagley mortuary, 5440 Hollywood Boulevard. Interment will follow in Valhalla Cemetery.

Grandon was a native of Chicago and came here in 1902. He was outstanding in the production of early motion pictures and was identified with nearly a dozen leading film companies before he disappeared in 1925 and was discovered later, practically penniless, in a Portland (Or.) hospital suffering from paralysis.

ANTLERED HERD STARTS EXODUS

New York Group First Elk Contingent to Go

Others Also on Their Way to Eastern Points

Stops Scheduled at Various Places En Route

The first contingent of Elks to start homeward from their sixty-fifth convention left Los Angeles at 7:30 o'clock last night, bound for New York by way of the Yosemite. The New York contingent pulled away on a special Southern Pacific train immediately after the last business session of the Grand Lodge.

Before midnight several thousand Elks had boarded specials and were speeding toward various points of interest along the western railroad routes. The Union Pacific travelers were started toward the Zion National Park and the Grand Canyon, while the Santa Fe specials are scheduled to stop at places of interest along its route.

Arrangements for the Union Pacific specials to stop at the new $1,000,000 hotel recently erected by the railroad company in Zion National Park have been made for all trains routed through Utah and the Grand Canyon. One of the features scheduled by the railroad is a stopover near the Kaibab Forest—the natural home of the largest herd of elks in the world.

FOREST TRIP FEATURE

Guides have been provided to take the delegates into the forest while the special trains are held in waiting. The visitors also will be taken up through Bryce Canyon and Cedar Breaks to Cedar City.

The last delegation to leave here will be the Baltimore lodge, which incidentally was the first to arrive in Los Angeles. The Baltimore Elks will leave Sunday night.

Officials of the railroad companies assert the enormous extra traffic problems presented by the convention visitors has presented few difficulties that they were not prepared to handle with expedition. The railroads with terminals in Los Angeles co-operated to the extent of using each other's tracks and depots when it made for better handling of incoming and outgoing trains. Few delays were experienced in taking care of the regular traffic on scheduled time.

TRAIN MOVEMENT

Up to 7:45 a.m. today trains left every few minutes bearing passengers for Buffalo, Baltimore, Jersey City, Dallas, New Orleans and other cities in Pennsylvania, New Jersey, Illinois and Texas.

Over the Southern Pacific, trains for cities and towns in eastern States are scheduled to leave as follows:

City or State—	Time	Station
Boston special	7:45 a.m.	Central
Ohio special	8:10 p.m.	Central
Concord, N. H.	8:10 p.m.	Central
Seattle	8:10 p.m.	Central
Wisconsin special	7:45 p.m.	Central
Jackson, Mich.	7:15 p.m.	Central
Cincinnati	7:15 p.m.	Central
Queensboro special	11:00 p.m.	Central

Those leaving Saturday are:

Scranton, Pa.	10:00 a.m.	Central
Minnesota special	8:15 p.m.	Central

The Baltimore special leaves at 6:30 p.m., Sunday from the Union Station.

ELK SESSION GIVES TRACE OF RELATIVE

Broadway Druggist Finds Indiana Kin in Throng at Glendale Airport

For thirty-five years J. L. Freedman, proprietor of the City Drug Company at Temple street and Broadway, has been seeking Lewis Freedman, a cousin, who many years ago lived with him in Evansville, Ind.

But yesterday, inasmuch as all of the Elks in the United States are meeting in Los Angeles, Mr. Jacobson decided to do a bit of "Elking" himself.

And so while standing near the grand stand of the Grand Central Airport at Glendale debating whether he should see Los Angeles from the air, Mr. Jacobson heard a feminine voice call his name.

Turning, he beheld Teresa Freedman, second cousin, a daughter of Lewis Freedman, and now Mrs. A. B. Levi of Fort Wayne, Ind.

The conversation that followed revealed that Mrs. Levi came to Los Angeles with her husband to attend the Elks' convention and that her father has been dead for many years.

In Constantinople, spelling officers go around and if they see a name or word wrongly spelled on a shop or office sign they can order alterations to be carried out with a week under penalty of a fine.

MRS. COLLINS HYSTERICAL

Trial of $55,000 Damage Suit Halted When Plaintiff Breaks Down During Story of Son's Murder

Breaking into sobs at the harrowing details of the murder of her son Walter, Mrs. Christine Collins yesterday afternoon became almost hysterical, and Superior Judge Vicini, who is hearing her $55,000 damage suit against Chief of Police Davis and Police Captain Jones, had to declare a recess to allow her to regain her composure.

Attorney S. S. Hahn for Mrs. Collins closed the case for the plaintiff yesterday, and will begin cross-examination of Capt. Jones this morning.

Capt. Jones, who is acting as his own attorney, told his story in the third person, referring to himself as "Mr. Jones." He was frequently interrupted by defense attorneys who protested that he was giving hearsay testimony.

"Why didn't you believe Mrs. Collins when she told you she thought the boy was not her son?" Jones asked himself.

"I honestly thought her mind had been affected by the strain of losing her son and being separated from him. I still think so."

Mrs. Collins told of her confinement in the psychopathic ward.

"The woman they put in with me started crying and screaming as soon as it got dark," said Mrs. Collins. "First she would pray, and then she would try to pull my hair. Every time I would doze I would feel her hands at my throat. I didn't get a bit of sleep all night. I was afraid to close my eyes."

The woman burst into tears when Capt. Jones asked her: "Isn't it true that Rev. Bob Shuler and Rev. Dr. Briegleb and Police Commissioner Thorpe induced you to bring this suit against me and Chief Davis?"

Mrs. Collins shouted a decided negative.

THE RETURN OF TARZAN

By Edgar Rice Burroughs

As the voice died down, the raiders stood as though turned to stone. It was Tarzan's, commanding the cannibals to kill their masters. The few remaining Arabs drew together. Their sheik, raising his rifle, ordered the blacks to march. Instead, they threw down their loads and rushed fiendishly upon the Arabs.

Instantly the scene became a howling mob of demons fighting with knives and guns. In ten minutes the last Arab lay dead. Then Tarzan showed himself. When the cannibals saw his mighty figure, they were struck with awe and admiration. He ordered them to return to the village with the stolen ivory. In fear they obeyed.

At the end of the third day they reached the village and were greeted by the survivors of the recent massacre. It took all of Tarzan's mastery to keep the Waziri warriors from tearing the cannibals to pieces. That night the village held a big palaver to celebrate their victory.

They wanted also to choose a new chief. Busuli spoke from the solemn circle about the council fire. "Old Waziri is dead, leaving no son," he said. "There is only one fitted to lead us. It is the white man who has brought us victory. Then he sprang to his feet. With spear uplifted, he began to dance slowly about Tarzan.
